MUSIC TO BE FEATURE
Ohev Sholem Choir Will Sing Special Numbers at Tech High School

Fifty or more of the youth Jewish men and women of the city have volunteered to date to serve as ushers at the great mass meeting to be held Sunday afternoon at 2.30 o'clock in the Technical high school auditorium for the benefit of the Jewish war relief. Plans for what is generally expected to be the greatest demonstration of its kind by the Jew of this section, are rapidly being completed. Arrangements were completed yesterday for the music. This will be special in character and will be rendered by the choir of Ohev Sholem congregation. The voices are among the best in the city. While no regular program has been arranged plans have been completed to entertain several good speakers. David Kaufman, chairman of the general committee of arrangements, will preside and will make a brief opening address. The other speakers will be President Judge George Kunkel and State Senator Edward E. Biddleman of this city and Colonel Harry Cutler, of Providence, R. I. Colonel Cutler, detailed for the local mass meeting by the American Jewish relief committee, will be the star speaker, however. He will tell some wonderful stories of the awful sufferings of his co-religionists in the war zones of Europe.

"Restrain Children, Prevent Violation of Law," Says Court

Failure of parents to properly restrain their children frequently leads to violation of the law afterward, decided an additional law Judge S. J. McCarrell this afternoon in sentencing John Helman, Vernon street, for keeping a disorderly house. Parents should restrain their children, thus they may later prevent their children from breaking the law. Helman was convicted upon the charges of neighbors, who complained of the noisy character of the Helman household, frequently come home at all hours of the night intoxicated. Helman said the children had grown beyond his authority. He was fined \$5 and sentenced to two months in jail. Mrs. Helman cited a new application of the Golden Rule when on the witness stand. She admitted that neither she nor Mr. Helman attended church. "It's true," she said, "we don't go to church, but we do try to observe that old rule toward your fellow man; we don't do unto our neighbors what we wouldn't want neighbors to do unto us."

Committee Headed by Rotarian Pays Visit to the High School

A party of Harrisburg men visited the Central High school to-day at the invitation of M. Raker, chairman of the Rotary club school visitation committee for the week. After the visit Mr. Raker said: "Our purpose in going was to stir up interest in behalf of a new high school. We found the need very great. In order that we may report intelligently to the club we will hold a dinner next Wednesday evening to discuss the matter. We do not know what ought to be done, save that the future twenty-five years hence at least ought to be considered in the erection of a new building. We want to help the school board by stirring up sentiment. The present faculty is doing heroic work under great handicap. Those in the party were: George W. Gestwhite, Leon Lowengard, H. G. Reuver, V. W. Kenney, C. C. Merrill, J. W. McCormick, F. E. Musser, C. H. Albertus, P. F. Reindel and Dr. S. Z. Shupe, of the educational committee of the Rotary club."

CONDITION UNCHANGED
Late this afternoon the condition of Simon S. Bowman, veteran lawyer, of Harrisburg, was unchanged. Mr. Bowman sustained a stroke of paralysis Wednesday evening.

INDIGESTION AND STOMACH MISERY JUST VANISHES

The moment "Pape's Diapepsin" reaches the stomach all distress goes. Instantly stops any sourness, gases, heartburn, acidity, dyspepsia.

"Really does" put bad stomach in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and food; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness. A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world. Pape's Diapepsin instantly neutralizes the acids in the stomach, stops food fermentation or souring, absorbs gases and starts the digestion. The relief is quick, sure, wonderful—stomach sufferers have a pleasant surprise awaiting them.—Advertisement.

LATEST PHOTOS OF ACTRESS WHO IS NEAR DEATH

SARAH BERNHARDT These photographs of the great Sarah Bernhardt, who is reported to be near death, are the very latest taken of her. She posed for them less than a month ago. They were obtained by the Universal Film Manufacturing Company, for its screen production, "Jeanne Dore." Mme. Bernhardt told Mr. Tippett many facts about her life. She told him her age, which heretofore has only been guessed at. She said she was born October 23, 1844, at 265 Rue street, Honore, Paris. That would make her seventy-one years old. Her real name is Rosine Bernard. She was the eldest of fourteen children. Her father was French and her mother was a Dutch Jewess.

TO DISCONTINUE RE-EXAMINATIONS

School Board Adopts New Regulations For Central and Technical High Schools

Re-examinations at the Central and Technical High Schools are a thing of the past. Not that the teachers are so optimistic as to think that re-exams will be unnecessary, but because of a recent ruling of the School Board. When a pupil receives a "condition," it will have to be removed by repeating the subject, or else automatically removed by satisfactory work in the advanced class. Another sweeping change affecting High School lads and lassies will be the adoption of the unit system for graduation. Sixteen units of work at either High School will entitle a pupil to graduate. A unit consists of five periods of recitation a week through one year. Higher standards of promotion are also set in the raising of the passing mark from 65 to 70 per cent. These innovations will be introduced next month, and are in keeping with the standards of cities larger than Harrisburg. The untiring efforts of Superintendent F. E. Downes and the High School principals have made these changes possible.

Adopt Resolutions
The resolutions adopted by the School Board are as follows: "The minimum standard for promotion in the ninth grade shall be 65 per cent. and in the High Schools, after February 1, 1916, 70 per cent. In the ninth grade the final mark shall be an average of the results of the examination and class record for both years. In determining the final term work in the High Schools, the term examination shall count one-fourth and the class record three-fourths. At the discretion of the principal a student conditioned in a subject may continue with a more advanced class in the same subject, and the condition may be removed automatically by satisfactory work with the advanced class. A student dropped in a subject must repeat the subject satisfactorily before obtaining credit therefor. "Those who have received a mark below 70 per cent. and who therefore have not passed, shall be styled "conditioned" or "failed" and marked E. "The completion of units of work will also entitle the pupil to graduation. Graduation by units presupposes that the student shall have pursued in the main, completed one of the regular four-year High School courses.

"No student in the Central High School may be graduated unless the unit system who shall not have completed satisfactorily at least three units in English, two in a language other than English, two in mathematics, one in science and one in history. In the commercial course at least four additional units in book-keeping, stenography and typewriting will be required. "In the Technical High School the unit equivalents must be selected from one of the prescribed courses and at least three units of English and three units of shop work will be required.

Claims Mrs. Mohr Dogged Him For Three Months to Kill Her Husband

By Associated Press
Providence, R. I., Jan. 14.—Mrs. Elizabeth Blair Mohr had been "after him" for three months to kill her husband, Dr. O. Franklin Mohr, according to the alleged confession to the police of Cecil V. Brown as introduced in evidence to-day at the trial of Mrs. Mohr, Brown and their alleged accomplice, Henry H. Spellman. The recital of murder as the State claims it was made to Chief Inspector William F. O'Neil on the stand yesterday was corroborated to a considerable extent to-day by Police Commissioner Benjamin P. Moulton and Thomas E. Robbins, chief of police at Barrington. Both stoutly denied under cross-examination that the confessions had been obtained by threats. Counsel for Mrs. Mohr attempted to bring out that the negroes introduced her name in the hope that they would thus mitigate their own punishment.

SOLICITORS FOR WAR SUFFERERS

Chamber of Commerce Cautions Kindly Disposed Against Foreigners

HAVE GOOD CREDENTIALS Secretary Says Relief Money Had Better Be Sent to Red Cross

The Harrisburg Chamber of Commerce to-day cautioned businessmen of the city against the solicitations of a number of Armenians and Assyrians and Kurds who are attempting to collect money for the alleged purpose of alleviating the distress in Persia, Armenia and Kurdistan caused by the Turks. E. L. McColgin, secretary, says: "While these men bear letters from American consuls, well-meaning clergymen and others expressing an interest in their work, the Chamber wishes to call the attention of businessmen to the fact that natives of the Near East who solicit in this country for religious and charity aid to be expended in the aid of charity through the Near East have too often been proved to be impostors, no matter how imposing their credentials may be. "Furthermore, the fact that these men have to support themselves out of their collections and are well-dressed, and the practical impossibility of people in this country who have relatives in Palestine, Armenia and Assyria getting money to those relatives through the best banking channels, should demonstrate to the kindly disposed the difficulty these men would have in making practical use of any money they might try to send abroad after they had paid their own expenses. "Monies for foreign relief can best be transmitted to the American Red Cross or American consular or diplomatic officers abroad."

EJECTION PROCEEDINGS

Ejection proceedings were begun to-day by Roscoe Alleman, H. P. Alleman, Mary Maher and Anna M. Colburn, against Mrs. Herman Astrich and Fred W. Green to oust the latter from possession of a portion of the Astrich Company store building which had formerly been occupied by the "V. A. S." company. The plaintiffs claim they let the property at Fourth and Market streets to the Astrich company for its use only. The latter, it is alleged sub-let the rooms to the "V. A. S." company and the latter, in turn, let the store company didn't relinquish the room.

CETTINJE FALLS INTO HANDS OF AUSTRAINS

The little city which had been their seat of government. Desperate Resistance

The Montenegro force that was offering a desperate but hopeless resistance in the Lovcen sector is being pursued, the Vienna official announcement states. Its only avenue of retreat seems to be into Northern Albania, which is hardly friendly territory. The attitude of the tribesmen there. To-day's official announcement from Vienna announcing the Montenegro of French aviators to first line Bulgarian trenches in the Strumitsa sector in which heavy damage was done to the entrenchments and the Bulgarians suffered the loss of a number of men killed and wounded. Quiet prevails on the Franco-Belgian front, according to Berlin's report, which says that stormy weather has delayed the operations to artillery engagements and hand grenade and bomb fighting. Emperor Nicholas of Russia, in a New Year's greeting to his armies, declared that there can be no peace for Russia without victory, and that victory must be won, however great the cost.

London, Jan. 14.—It is authoritatively announced to-day that the reported offensive of the Teutonic allies against Saloniki did not occur. The rumors that the attack had been begun against the forces of the allies apparently originated in the activity of the French in blowing up the bridges connecting Saloniki with the road over which the loaders would normally travel. Bridges were destroyed by the French not only at Demir Hissar, on the Struma, in the neighborhood of Serres, but also at Killindir, south of Debrin. All the bridges destroyed were in Greek territory.

that information has been brought there by a person who left Saloniki January 8, that the allies continue to land forces on a considerably increased scale at Saloniki and at Orfano bay, 50 miles to the northeast of Saloniki.

Despite the heavy forces already landed and concentrated in the Saloniki camp, no purpose of taking the offensive has yet been displayed on the part of the allies, who, according to this informant, have completed their second line of defense, and are working actively to finish the first line.

Spy Who Denounced British Nurse Is Assassinated

By Associated Press
London, Jan. 14, 4:25 A. M.—A dispatch to the Daily Express from Amsterdam says: "The Belgian spy, Ceis, who denounced Edith Cavell, the English nurse, who was executed at Brussels some time ago by the Germans, was assassinated yesterday. His body was found in a street of Schaerbeck, near Brussels, with two bullet wounds in it. A dispatch from Brussels November 27 last said that a French soldier, whose confession to the German authorities resulted in the arrest and execution of Miss Cavell had committed suicide by hanging in the military prison at Brussels.
