PENNSYLVANIA SOON TO BE SCENE OF AMERICA'S GREATEST STATE FAIR OPENS IN HARRISBURG FALL OF 1916

Never in the History of the Commonwealth Has Such Intense Enthusiasm Been Aroused Over a Public Exhibition of Her Industries

A GLANCE at the above plan will give you an idea of the gigantic preparations which have been made to make this grand old Keystone State go down in history as the liveliest "show" state on the entire continent.

This will be America's greatest State Fair from the view point of the farmer, of the manufacturer, of the miner, the timber man, of the stock and poultry man...

Back of all this wonderful movement are men prominent in all walks of life—men who are taking a whole-soul interest, determined that not a single thing shall be left undone to make our 47 other states look in amazement at Pennsylvania's phenomenal progress.

The Keystone State Fair and Industrial Exposition is capitalized at \$1,500,000.00; will have exhibition buildings costing over \$750,000, designed by Graham, Burnham & Company of Chicago...

It will encourage better tilling of the soil, better ideas of the raising of live stock, more advanced ideas in general on the living conditions of our over seven millions of people.

Aside from being a master-stroke in arousing the patriotic side of Pennsylvania life, this unsurpassed State Fair will afford the opportunity to every Pennsylvania citizen to share in the ownership and profit of a great state institution.

EVEN WHERE STATE FAIRS HAVE BEEN CONDUCTED WITHOUT SPEEDWAYS THEY HAVE PROVED TO RETURN BIG PROFITS.

With the combination of a general farming and industrial exposition with the giant "high speed" speedway, the Pennsylvania State Fair will undoubtedly eclipse any attempt heretofore made along this line.

YOU ARE INVITED TO JOIN OUR RANKS AS AN OWNER

The Keystone State Fair and Industrial Exposition have decided to extend to every Pennsylvania citizen the privilege of buying a limited amount of stock at Par Value—\$10.00 per share, and following out this decision we have asked some of our co-workers to visit your county to talk with you on this great subject...

TENTH ST. CASE IS DUE MONDAY

Public Service Will Go Over Grade Crossing Application at a Hearing

The application of the city for permission to cross Tenth street at grade just below Market street will be heard again by the Public Service Commission on Monday afternoon.

SAFETY FIRST IN ETHICS

Is there nothing to be said about Safety First in realms other than the material? The individual who is careful and who avoids an accident ministers to his own good; if he carries life insurance and lives a year longer through failure to be reckless, he lowers the cost of insurance to every policy holder in his company.

BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" is the Surest, Quickest Relief Known—It's Fine! Relieve Colds Instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold, either in the head, chest, body or limbs.

Who Will Try Next?

Motorists are nationally and on the Pacific coast, realizing that motor nonstop competition is now about the only form open to stock cars, are anxious to encourage its revival in every way.

TO MOVE FIRE ALARM CABINET

Clark E. Diehl, city electrician, with a force of electricians, to-morrow will move the fire alarm cabinet to the new room provided for it.
