FOOD SOURING IN STOMACH CAUSES GAS, INDIGESTION

"Pape's Diapepsin" neutralizes acids in stomach and starts digestion.

Five minutes! No sourness, gas, heartburn, acidity or dyspepsia.

If what you just ate is souring on your stomach or lies like a lump of lead refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can start to get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin which you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.—Advertisement.

Exhaustive Search Fails to Find Young Nun Who Mysteriously Disappears

Philadelphia, Jan. 17.—Sister Vincent has disappeared from the Convent of St. Joseph Villa, two miles from Cheltenham. Although the nun vanished strangely and without leaving any trace of whereabouts twelve days ago, the police of Philadelphia and all surrounding towns were no nearer a solution to-day than they were the first day she was called into the case. "Until yesterday Sister Vincent's disappearance had been kept secret."

What Weak Women Need We Have It in a Remedy Containing the Three Oldest and Most Famous Tonics Known.

Vinol contains the three oldest and most famous tonics known to medicine, viz.—the medicinal extractives of fresh cod livers without the peptonate of iron and beef peptone. That is why Vinol is such a wonderful remedy for weak, run-down persons, feeble old people, delicate children, and to restore strength after sickness. Read this testimony: Savannah, Ga. "I was weak, nervous, run-down, had no appetite, and could not sleep. I had tried medicines without any benefit, and one day the nurse asked me to try Vinol. I did so and it made me feel like a new woman. It has restored my strength and I can do all my own housework. Vinol has done me." Sarah White. TO LECTURE ON 'SUSQUEHANNA'

Professor Dunkelberger Will Tell, Rotary Club About University

Professor George F. Dunkelberger, principal of the public schools of Swatara township, will give an illustrated lecture to-morrow night in the Technical High school auditorium on "Susquehanna University." The meeting will open at 7:45 o'clock and is the first of a series of "Educational Nights in Rotary," in an effort to arouse the people of this city to more interest in educational affairs.

A large number of prizes will be distributed after the lecture to the ladies holding winning coupons. Susquehanna University was founded in 1858 by men who were on fire with enthusiasm in the cause of higher education. Prominent churchmen, laymen and learned doctors, business and professional men, among these was the liberal-minded and eloquent Dr. Benjamin Kurtz, one of the most noted preachers and educators of his day.

Susquehanna University is located in the most beautiful valley of the State on the west bank of the river from which this seat of learning has taken its name. This valley is nowhere more beautiful than in the vicinity of Sellingsgrove, the town with which the institution is connected. This region of country is unusually rich in historical lore. Here the red man found his best and happiest hunting ground. The celebrated Indian chief, Shikellamy, came here from the westward to woo the beautiful Indian maiden Naomi; and having wooed and won her, this charming couple became his home for the remainder of his life.

At the present stage of the university's growth, there is activity everywhere in her domain. There are several business schools, a law academy, a college of Liberal Arts with three distinct courses leading to corresponding bachelors' degrees, a School of Expression, a theological seminary. In addition thereto a number of special courses and departments. There are a number of able and experienced instructors and professors.

In the way of material equipment, pronounced progress has been made in recent years. New dormitories, new gymnasium, new science buildings, have been added. Others are in the immediate prospect.

Men's Class Sings at Derry St. U. B. Revival; Dr. Lyter Hits Idlers

"Hail Immanuel"—the rousing evangelistic song sung during the days of the Stough tabernacle last winter—was sung at the revival service of the Derry Street Unitarian Church, Fifteenth and Derry street, by the big Men's Bible Class of the church. More than a hundred men attended the service in which the Rev. Dr. Lyter, in the direction of Earl E. Renwick, director. The executive committee of the Men's Bible Class met Saturday night at the home of O. K. Kines, the president. The next Sunday's meeting, at the church, will be held at 7:30 o'clock. At the morning service yesterday Dr. J. A. Lyter, pastor of the church, hit hard at Christians who let their business or their pleasures crowd out their spiritual development. "Too many Christians," declared Dr. Lyter, "use their religion as an insurance policy against hell fire, and do not make it a fundamental part of their daily lives."

New Yorker in French Foreign Legion Reported Killed While Fighting

New York, Jan. 17.—Russell Kelly, one of the five Americans attached to the French Foreign Legion whose names were in the list of casualties at Ghazal, Jan. 12, and who were officially reported as killed in action, was 22 years old and the son of James E. Kelly, of this city. Since September last, James E. Kelly has been trying to locate his son in the French Foreign Legion. He had reported him as "honorably missing." When last seen by his comrades, Russell Kelly was in a German prisoner of the Germans, and was concealing his identity. Mr. Kelly said he had advised his son, in case of capture, not to claim that he was an American but to demand the right to communicate with Mr. Gerard.

Anthracite Coal Is Up to 40 Per Ton in Italy

Rome, Jan. 16.—In spite of the cold weather Italy is a country almost without coal fires. The peasants in the mountains and the poor of the cities are able to make a few fires of wood but only beyond the reach of any except the most wealthy. American coal lies unsold at the seaports. On account of high freight, anthracite costs more than \$40 a ton.

Flemer, to be ambassador to the Carranza government with the purpose of formal consideration of the Mexican problem. It is generally admitted that nothing can be done to effect a settlement of the Carranza case until the President's receipt of the President's resolution. It is expected to reach the committee in time for the meeting Wednesday. General Carranza's renewed assurances came in dispatches through Consul Stillman at Querero and Eliseo Arrendo, his ambassador designate here.

Washington, D. C., Jan. 17.—Evidence collected at El Paso by State Department agents indicates that Carranza authorities at Chihuahua assured C. E. Watson, head of the party of Americans killed near Santa Ysabel, that no escort was necessary.

In that opinion, however, many of the Americans agreed, although they had suggested to the authorities the advisability of sending troops with the party.

Disarmament Coming, but U. S. Shouldn't

Three hundred knights of Malta of Harrisburg and Steelton attended a special service in Stevens Memorial Methodist Episcopal church, Thirteenth and Vernon streets, last night. The Rev. Dr. Clayton Albert Smucker, preached on "Battles of Peace." He said: "The sword is doomed. There is one word that will yet be written in every navy yard, in every national council. That word is 'Disarmament.' But no government can afford to throw its sword away until all the great governments have agreed to do the same. Until disarmament is consequent arbitration shall be agreed to by all the great governments, any single government that dismantles its armaments and guns, and breaks its sword, would simply invite its own destruction."

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Brew Tea, or, as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Adv.

LIBRARY VALUES CIVIC CLUB HEARS INTERESTING ADDRESS BY MISS MACDONALD OF FREE LIBRARY COMMISSION

Miss Annie A. MacDonald, of the State Free Library Commission, gave a talk brimful of information and interest on "The Values of Libraries in a Town." Miss MacDonald spoke of the educational value of the library to the businessman as well as to the man interested in personal work and city and school work.

Miss MacDonald spoke of the educational value of the library to the businessman as well as to the man interested in personal work and city and school work. She made a special point of the value of a library as coming in close personal contact with the adult foreigner who finds the danger of proselytizing or exploitation in the new country. Here he finds books not only in his own language but helps to the study of English and the presentation of American ideas.

Miss MacDonald says that the Harrisburg Public Library will benefit the city in as great a measure as the city is interested in it. It will return just what is put into it and a hundred fold more.

RUSS HAMMER AT TURKS ALONG 100-MILE FRONT

Continued From First Page.—been successfully repulsed, it is declared, and the Russian forces have had heavy losses inflicted upon them.

Military observers have been expecting for some time developments of a notable character in this region. When Grand Duke Nicholas was relieved of the command of the main Russian armies and sent to take charge in the Caucasus it was anticipated that the preparations have been made and the drive into the interior is being attempted. The move is doubtless in conjunction with the Russian operations in nearby Mesopotamia and the Russian activity in Persia.

Important developments on the other fronts are lacking. There are as yet no indications that the Teutonic allies are ready for their expected drive on Saloniki although the entente forces in Macedonia apparently are expecting an early move by their foes in this direction.

Russia has again slackened her activities in Bessarabia, but the Austrian pursuit of the Montegrins is being continued with the latter falling back toward Soutari.

Relief apparently is in sight for the British force under General Townshend that has been in a precarious position in Kut-el-Amara, Mesopotamia, for some time since it was compelled to fall back from the vicinity of Bagdad.

It was officially announced in London to-day that the relief column under General Tyrwhitt, proceeding up the Tigris river had inflicted a defeat on the Turks, who, after being driven out of their positions at Waddi, had fallen back within six miles of Kut-el-Amara. They had been beaten previously at Orab, twenty-five miles down the Tigris from Kut, according to a British official announcement yesterday.

To-day the Turkish official statement makes no mention of these operations, reporting merely intermittent artillery fighting near Kut-el-Amara. In the Caucasus the offensive inaugurated by the Russians with strongly reinforced columns along a hundred-mile front appears to be gaining force. Constantinople admitting a retreat of several miles by the Turkish advanced posts at some points. The Turks evidently have been offering a determined resistance, the war office declaring that their retirement was only after they had held out Russian forces in check for a week.

Berlin announces that military operations in the western front have been lacking in important developments. The official statement records the killing of sixteen inhabitants of Lens by artillery fire. Snowstorms have hampered activities in the eastern war zone.

TIRED ALL THE TIME

It is good to feel tired sometimes, when you have exercised sufficiently to cause a healthful feeling of fatigue.

But, you should be refreshed by rest. A tired feeling that does not disappear even after a night's sleep is abnormal. It means that you are anemic or debilitated, and that you need a tonic to build you up and fortify your system against such a condition. If you do not, you are inviting disease because thin blood means that the body's defense against the inroads of disease is lowered.

Thin blood is largely the sufferer's own fault. It results from neglect, because the blood can be built up. Dr. Williams' Pink Pills supply the elements that the blood needs to make it rich and red, and to enable it to carry more oxygen. Building up the red portion of the blood is simple but because thin blood does not call attention to itself is often neglected. Have you seriously considered taking a course of treatment with these blood-making pills? If you are in doubt write for information.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price 50 cents per box; six boxes \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write now for the free booklet "Building Up the Blood."
