THE NEWEST

DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or even write Doctor Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

Note: — French scientists affirm that "Anuric" is thirty-seven times more active than lithia in climinating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original little Liver Pillet for a laxative— wartic.

OLD ENGLISH RECIPE FOR CATAR-RHAL DEAFNESS AND HEAD NOISES

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease is driven down the air passages towards the lungs which is equally as, dangerous. The following formula which is used extensively in the dampinglish climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

SALE of Quality? To be sure; not every sale need be a price-reduction sale!

We are offering shirts at three prices. These prices do not represent "reduced" prices (acquired by subtracting the amount of shelf-wear from the regular selling price).

Our buyer went into the market purposely to buy shirts to sell for 65%, 95% and \$1.15. His main object was to secure STYLE and QUALITY at these popular January prices.

Lot after lot were gone over, in factory after factory, until finally the collection of quality features was complete-materials, stitching, reinforcements, facings, even to buttons, and all that make a shirt a GOOD SHIRT. The smart patterns can be seen in the window.

Their real value cannot be consistently measured by stating what they might have sold for. Your judgment must determine that. (In this, the women folk will prove efficient buyers).
