Villa's Executioner Is Shot by Firing Squads; Capture Another Chief

El Paso, Texas, Jan. 18.—Colonel Miguel Baca Valles, bandit chief, captured at Palomas, south of Columbus, N. M., was executed at 5 o'clock this morning by a firing squad at Juarez. Two bullets fired at close quarters penetrated his heart.

Baca Valles arrived here last night on the train which brought the body declared to be that of Rodriguez, the bandit chief, executed near Madera last Thursday. Baca Valles, who was known as Villa's executioner at Juarez, was marched through the railway station, where many of the families spent their night. Executions had been so frequent at Juarez in the final days of the Villa regime, however, that little interest was shown. The proceedings were brief. The prisoner said: "I am not responsible for the acts of Villa. I beg to see your general." The officer commanding the firing squad said he had orders to kill, and he and a soldier stepped close to Baca Valles and fired pointblank into the prisoner's heart. The body was then taken back to the railroad station, where it lay uncovered until after dawn on the platform among the men, women and children lying about wrapped in blankets.

"TIZ" FOR SORE, TIRED FEET—AH!

"Tiz" is grand for aching, swollen tender, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, aching, tender, sweaty feet. No more soreness in corns, callouses, bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.

State Horticulturists Are Meeting at Reading

Reading, Pa., Jan. 18.—The fifty-seventh annual meeting of the State Horticultural Association of Pennsylvania convened here to-day for a three days' session. At the same time the Pennsylvania Vegetable Growers' Society will hold its second annual gathering.

Members of the State College faculty are scheduled for lectures or demonstrations. The Horticultural Society's meeting was devoted to getting acquainted. Cyrus T. Fox, of Reading, delivered the address of welcome. Dr. J. P. Stewart, of State College, submitted a report of the general fruit committee.

The vegetable growers' meeting to-day was devoted to addresses. S. Ewing, secretary of the Reading Chamber of Commerce, delivered the address of welcome which was responded to by James F. Walker, of Westtown.

MORE AMBULANCE MONEY

Superintendent William M. Condon, of the Harrisburg Hospital, announced that \$11.60 had been contributed to the ambulance fund by Charles L. Schmidt. Mr. Schmidt, according to Mr. Condon, paid a bill with \$20 and instructed the hospital authorities to add the balance to the ambulance fund.

MANY FARMERS OWN MACHINES

14 Per Cent. of Autos in State Operated by Husbandmen; 10 Per Cent. in Dauphin

Ten per cent. of all the farmers of Dauphin county own automobiles, 12 per cent. of those of Cumberland, 13 per cent. of those of Lebanon and 9 per cent. of those of Perry. Dauphin county farmers own a total of 268 cars, Cumberland farmers 365, Lebanon farmers 328 and Perry farmers 218.

Pennsylvania farmers own over 14 per cent. of the automobiles registered in the State during the past year. On the first of the year there were 22,608 automobiles in the hands of the farmers of the State, according to the estimates of the bureau of statistics of the Department of Agriculture. The reports show that 9.5 per cent. of the farmers are car owners and this means that there is an automobile on one out of every ten farms. A year ago it was estimated that there were 15,000 automobiles in the hands of the farmers of the State, but the popularity of the motor car, both for business and pleasure, has been so marked among the tillers of the soil that the remarkable increase of 50 per cent. has been made in one year's time.

In 1915 there were 159,984 automobiles registered in Pennsylvania and the farmers are shown to own 14.1 per cent. of that total. Many of the registrations granted by the State were for cars owned by nonresidents and the percentage of farmers owning cars is likely to be much higher if the total number of State owners could be ascertained. The rural residents undoubtedly led by a fair margin all other classes as purchasers of cars during the year.

In ten out of sixty-seven counties the reports show that from 15 to 18 per cent. of the farmers own cars and in thirty-one counties 10 per cent. or more of the farmers are shown as car owners. Lancaster county leads with over 18 per cent. of the farmers owning an estimated total of 1,342 cars. Chester county farmers own 1,019 cars and Bucks county farmers 962 cars. In many counties during the year gains of 100 per cent. in the number of farmers owning automobiles were common, while in some counties the gains were from 150 to 200 per cent.

Scarlet Fever Rate Low.—The statement of deaths in Pennsylvania for the month of October, 1915, issued by the bureau of vital statistics of the State Department of Health, shows fewer deaths from scarlet fever in Pennsylvania during that month than have been recorded in any October since 1906, prior to which time there were no statistics collected for the State. For the entire ten months of 1915 the death rate from scarlet fever has been lower than ever before. The figures given out by Commissioner of Health Samuel G. Dixon would seem to indicate that this splendid record will be carried out during the balance of the year. Diphtheria also has shown a new low record; 185 deaths were recorded in October from this cause. In this case, also, August, September and October were all lower than any corresponding months during the past ten years. The total number of deaths in October was 9,984, distributed in part as follows: Typhoid fever, 158; scarlet fever, 17; diphtheria, 185; influenza, 32; malaria, 8; tuberculosis of lungs, 625; tuberculosis of other organs, 119; cancer, 537; diabetes, 72; meningitis, 48; pneumonia, 598; Bright's disease and nephritis, 718; early infancy, 653; suicide, 72; accidents in mines, 104; railway accidents, 122; other forms of violence, 174. The total number of births during October was 18,925.

Post For Dr. Patterson—Dr. Francis D. Patterson, consulting safety expert, of Philadelphia, has been appointed chief of the division of industrial hygiene and engineering of the bureau of inspection, Department of Labor and Industry. He succeeds the late Dr. John C. Price, of Camp Hill, whose death occurred last October. Doctor Patterson is a graduate of the University of Pennsylvania, and for some years has specialized in the studies of vocational diseases and industrial strife. He is a son of C. Stuart Patterson, for many years a director of the Pennsylvania Railroad Company.

Made Captain.—Thomas P. Rose was to-day promoted from the rank of first lieutenant to that of captain and assigned to command Company A, Signal Corps, N. G. P., at Pittsburgh.

Gas Co. Complaint.—H. W. Byrne, Uniontown, to-day filed complaint with the Fayette County Gas Company, charging unjust and unreasonable rates.

Landis a Delegate.—George B. Landis, of the State Y. M. C. A., Harrisburg, has been named as a delegate by Governor Brumbaugh to the Americanization and Immigration Conference in Philadelphia this week.

Evening News Company.—The Evening News Publishing Company, of Renovo, was chartered here to-day with Charles A. Donovan as chief stockholder.

Lebanon Co. Chartered.—The Consumers' Ice and Coal Company, with a capital of \$5,000, of Lebanon, was chartered to-day.

Compensation Meeting.—The Workmen's Compensation Board is holding a meeting this afternoon to consider exonerations applications. Newport Case Continued.—The Newport water case was before the Public Service Commission this morn-

ing with about forty residents of that town in attendance. The case will be continued.

Prisoner Sent Back.—Omeral was granted to-day for the removal back to Colorado of Robert Burke, arrested in Philadelphia on a charge of burglary and with having escaped from the Colorado State Penitentiary.

Man of Ability Seeks Desirable Business Connection

A man of 35, with excellent business training and wide experience as sales manager, road selling, executive in office and shop organization, and versed in costs and other branches of manufacture has voluntarily severed his out-of-town business connections to come back to his home city—Harrisburg.

He has references from former employers that will satisfy anyone who can use him. What he wants to do now is to locate that "anyone." Salary doesn't count—that he is willing to have regulated by his worth.

If you can use him in your business, address for interview, Box R, 3487, care of Harrisburg Telegraph.

Fire in Historic Hotel Causes Guests to Flee

Mercer, Pa., Jan. 18.—Routed from their beds early to-day, fifty or more guests were driven in scanty attire from the Hotel Humes by a fire which destroyed the historic structure and six other buildings with a loss estimated at \$100,000.

The building was erected more than 100 years ago and a dented among many other distinguished men, General Lafayette.

To Have Perfect Skin Throughout the Winter

These days the face and hands need special care and attention. Strong winds, quick changes of temperature from indoors to outdoors, are severe on the skin. Their despoiling effects are best overcome by the application of pure mercolized wax. This keeps skin and pores in a cleanly condition, the complexion beautifully white and spotless. Chapped, reddened, blotchy and roughened cuticle are actually absorbed by it. One ounce of mercolized wax, obtainable at any drug store, is sufficient to completely renovate a weather-beaten complexion. It is used like cold cream, allowed to remain on overnight, and washed off in the morning. As the skin tends to expand in a warm atmosphere, cheeks and chin to sag and wrinkles to form, a good astringent lotion should be used by the woman who keeps pretty much indoors these days. Dissolve one ounce powdered saxolite in one-half pint witch hazel. Bathe the face in this morning or before going out for theater or social affairs. It is a remarkable skin tightener and wrinkle eraser.

Here's Body Comfort in This Cold Weather Apparel---Purse Comfort in These Prices For Wednesday Only
