

Have You a Boy Problem?
It cannot be solved by arithmetic. Solve it by feeding him **Shredded Wheat**—a natural food that makes his body buoyant with the energy of youth—a muscle and brain-builder—contains the life of the wheat in a digestible form. Builds sturdy, robust boys and girls. Serve it for breakfast with hot milk. Made at Niagara Falls, N. Y.

HEAVY RAINS CAUSE FLOODS

Chicago, Jan. 21.—Heavy property damage which city officials estimate will run into the thousands of dollars was wrought in Chicago by the miniature flood that resulted from the torrential rain which began last night and continued to-day.

SENATOR EDGE FOR GOVERNOR

Trenton, N. J., Jan. 21.—State Senator Walter E. Edge, of Atlantic City, today formally announced his candidacy for the Republican nomination for Governor.

CARPENTERS AND BRICKLAYERS MAY ASK MORE MONEY

Substantial Increases to Be Demanded This Spring, Is Report

EFFECTIVE ON MAY 1

Boost in Labor Cost May Curtail Building Activities For 1916

Carpenters and bricklayers in Harrisburg are planning to ask substantial wage increases this Spring.

From thirty-three and a third cents an hour for nine hours to forty cents for eight hours is the boost the carpenters are seeking, it is understood, while the bricklayers want an additional five cents an hour. The latter now receive fifty cents.

Should the requests be granted the change will hardly become effective before May 1.

May Curtail Operations

Builders and contractors fear the additional cost of labor which the proposed demands will entail, may curtail to some extent the general activity in building operations which has been predicted for the ensuing year. Some of the trades' unions, according to report, have already decided upon the wage increases. The early action was taken in order to permit the contractors ample time to make their estimates for the Spring work.

"Extensive operations have been planned for this year, I understand," said one well-known contractor, "but the boost in the cost of labor which must naturally follow the acquisition to the demands of the carpenters and bricklayers may naturally affect the plans of some builders. However, they will have ample time to figure on this development as the changes will probably not go into effect before the first of May.

Should Be Banner Year

"Generally speaking 1916 should be a banner year for building operations. The architects and contractors are taking advantage of the 'inside season' to work out plans and estimates and indications point to an early start as soon as the weather permits. "As I have said the only thing that might crimp the activities more or less, will be the increase cost of labor. The labor problem anyway is a serious matter these days; it is becoming more and more difficult to get good men except at exorbitant prices. There are several reasons for this although I presume that the European war has its effect. So many foreigners you know have been called home to the colors. And as a rule they heed the call.

May Establish City-Wide "Fire Zone" by Passing Resolutions on Tuesday

Instead of waiting to incorporate the city-wide "fire zone" in the proposed new building code, Council, at its meeting Tuesday may declare the whole city within the "fire limits" by adopting a resolution to that effect. Building Inspector James H. Grove prefers this action rather than to await the passage of the new building code. Much time could be saved by such action, he believes, as the compilation of a code ordinance will require considerable threshing out. In the mean time, if the whole city is restricted as a "fire zone," many of the frame structures which have been planned for this Spring could not be erected.

City Commissioner Harry F. Bowman is working with Building Inspector Grove in collecting data for the code ordinance. The preparation of a resolution however to make the city limits the fire district, is now in City Solicitor Seitz's hands. The present fire district boundaries extend from Vine to Hamilton streets and from the river to Tenth.

Millersburg Plans to Throw Properties Open For Public Playground

Millersburg's school board is planning to establish a series of public playgrounds on "The Heights" and "Jericho," the northern limits of the borough, according to the general report. Strength to the rumor gained ground in local reality circles this week when transfers of deeds of several properties on the northern outskirts of the town were recorded by Recorder James E. Lentz.

Hardscrabble Association Will Meet Tonight For a Further Talk on Plans

Further plans for conducting the legal battle against the city's condemnation of the "Hardscrabble" district will be discussed this evening when the new Hardscrabble Association meets at the residence of T. B. Rockefeller, the treasurer of the organization. Thirty residents of the district have already joined the organization and membership boosting committees are at work seeking new members.

18,207 Houses Burned in Belgium by Germans

Paris, Jan. 21.—A dispatch from Havre says a report has just been issued by the Belgian government giving the number of houses in the various provinces of Belgium which the report says were burned by the Germans. They total 18,207.

The High Cost of Living problem has been reduced to a minor problem at Broad Street Market and on page 11 tells how.—Advertisement.

THIS is the first of a series of announcements devoted to the Broad Street SATURDAY EVENING Markets that will appear in this paper from time to time.

Since the inauguration of this Saturday Evening Market 18 months ago, it has gained such popularity, that where one building was employed at the start, both buildings are now required to take care of the growing patronage.

The accessibility of the market by trolley, its freshly stocked stalls for evening patrons, and the high standards under which it is conducted, make it most attractive to those who find early morning marketing impossible.

The special attractions offered by various stall holders for certain evening hours, as announced herein, will prove interesting to Saturday evening marketers.

SUPERINTENDENT WEST HARRISBURG MARKET HOUSE CO.

APPLES

Jos. J. Parialo

STALLS—NOS. 277 AND 278, BRICK MARKET, CENTER AISLE

You Women With Wrinkles And Poor Complexions

Can You Guess My Age?

You can look ten years younger in ten days' time, in many instances and obtain marvelous new beauty almost over night.

To prove it I will give 500 women who have wrinkles, poor complexion or thin, scraggly hair, my special course of lessons of beauty—ABSOLUTELY FREE.

Mlle. Simone Marlex

Who am I?—The Paris Mirror, the great French woman's paper, devoted its whole front page to my achievements. A seeming miracle of beauty has happened to hundreds of women from using my methods, by the aid of which I changed myself from a comparatively ordinary looking, careworn woman into what is called "a prize winning beauty" and was awarded with two of the world's greatest international beauty prizes, one in Paris and the other in England. I can make a remarkable transformation in a woman's complexion and suppress the appearance of smaller wrinkles and marks of age almost overnight and in ten days' time I can make wrinkled, careworn, aged looking women appear ten years younger, in many instances. Are you troubled with a shiny nose, tough, red, chapped hands, enlarged skin pores, have you sunken cheeks, flabby, sagging facial muscles, wrinkles, crows feet, marks of age, thin, scraggly hair; are you like other women, grumpy complexion and have people take you to be ten to fifteen years younger than you really are? Then write me to-day.

No matter how old you are, or what defects of beauty you may have, I can help you. To prove it, I will give five hundred women my special course of lessons on beauty absolutely free, positively not one cent to pay. I speak to many of your friends about me. If you wish my special course of lessons absolutely free, please cut out the free beauty coupon below and send it to me by return post. I will send you my Special Course of Lessons on Beauty absolutely free, as explained above.

1. What points about your appearance do you most desire to correct first? 2. Have you wrinkles? 3. A poor complexion? 4. A shiny nose? 5. Sunken cheeks? 6. Blackheads and enlarged skin pores? 7. Thin, scraggly hair? 8. Dandruff? 9. Superfluous hair? 10. What other defects? 11. Your age? (Profession or business, if any.)

12. Name

Address

The Harrisburg Telegraph—Postively not good unless used on or before February 20th.

Fill out this coupon to-day and send it to Mlle. Simone Marlex, Dept. 1029 G, 20 West 22d St., New York.

Be sure to answer all the above questions. If you wish you may send three two-cent stamps to help pay postage and other expenses, but her special course of lessons is positively free as offered. The package is too large and costly to go by first-class mail, so it will be sent by parcel post. Address Mlle. Simone Marlex, Dept. 1029 G, 20 W. 22d St., New York.

TRY S. M. JOHNSON'S OYSTERS

40c and 50c

at Broad Street Market

STALLS—NOS. 148, 149, 165 and 166, FRAME MARKET, CENTER AND NORTH AISLES
