

A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help where it has me."—Mrs. E. KISSLING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples Are Impurities Seeking An Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear, cleanses the blood and is excellent for the kidneys as well. —Advertisement.

FIRE DESTROYS PALMIRA HOTEL AND BIG GARAGE

Blaze in Heart of Business Section of Town Causes Loss of \$45,000

Palmyra, Pa., Jan. 21. — Last evening shortly after 6 o'clock fire destroyed the Washington Hotel and Snyder Brothers' garage in the heart of the business section. The fire originated in the garage, when a can of gasoline exploded while workmen were making repairs to a car. The flames swept through the sixty-foot frame structure and before the fire department got into service had communicated to the Washington Hotel adjoining the garage. The hotel was a two-story frame building. Both it and the garage were totally destroyed. In the garage at the time were fifteen automobiles, including eight touring cars, all of which were destroyed.

Lebanon, Anville and Hershey fire companies responded quickly to calls for assistance and rendered efficient service in preventing further spread of the flames.

The loss is estimated at \$45,000 with some insurance. T. J. Fink, proprietor of the Washington Hotel is a heavy loser.

Historical Federation to Ask For More Money

A resolution in the report of the State legislative committee on the Pennsylvania Federation of Historical Societies that the amount of \$200 paid by the county commissioners to each county historical society should be increased to \$500 was passed by members of the federation, in session here yesterday.

The executive committee will call a special meeting of the federation at the Fall. This special session will probably be held in Pittsburgh. The next annual meeting of the federation will be held in this city in January, 1917.

The eleventh annual meeting of the federation closed yesterday shortly after the election of officers. State Senator William C. Spang was elected president to succeed the Rev. M. D. Lichter. Other officers follow: Charles R. Roberts, of Allentown, first vice-president; the Rev. Horace E. Hayden, of Wilkes-Barre, second vice-president; Captain H. M. M. Richards, of Lebanon, third vice-president; Dr. S. F. Hellman, of Lebanon, secretary. Thomas E. Montgomery, State Librarian, was chosen treasurer. J. Andrew Wilt, of Towanda, and Professor Albert E. McKinley, of Philadelphia, were chosen on the executive committee to draw the warrants for the expiration of the terms of two members.

Tonnage figures for 1913 through the year until October, when there was a decrease of 1.5 per cent. from the same month of 1912. From October, 1913, to April, 1915, the tonnage each month was less than the same month of the previous year. Starting with May, 1915, an increase was reported each month, the increase growing from 5.4 per cent. in that month to 64.4 per cent. in December.

MORE COMFORT IN JURY ROOM ASKED

Dauphin county's Board of Commissioners was asked today to renovate the jury rooms in the Courthouse and to fit them with more comfortable furniture. President Edward Dapp, of the Jury Commissioners, made the request.

The two rooms in which juries are sent to deliberate are used more or less as storerooms. As both are comparatively small anyway, the facilities for the jurors are necessarily limited. The chairs are the same chairs that have seen service since beyond the ken of the oldest juror. This is also true of the tables. Mr. Dapp wants the county to refurbish the rooms, install more comfortable tables and chairs and clear the rooms of unnecessary material.

At the Register's Office.—The will of Luther R. Simon, formerly of West Hanover, was probated today and letters on the estate were issued to his widow, Mary R. Letters of administration were issued, respectively, to Hother B. Hake, this city, on the estate of Christian H. Hake, and to Anna T. Becker, Middletown, on the estate of Joseph Kettinger.

No Loading in Courthouse Corridors.—"No loading" signs have been hung conspicuously in the lower floor corridors of the Courthouse.

Attack on Currency Law by Bankers Is Another Blow to 'Wilson Wisdom'

Washington, D. C., Jan. 21.—The last prop was knocked from under the Wilson administration yesterday when it was shown by two committees of the American Bankers' Association, at an important conference with the governors of the twelve reserve banks, that the new banking and currency law, designed specifically to provide "an elastic currency," had failed in its chief purpose.

DIES FROM BURNS

Jacob R. Hartranft, aged 46, engineer on the Philadelphia and Reading railway, who was seriously burned when a superheater on an engine exploded last week, died early this morning in the Harrisburg Hospital.

"FAGGED-OUT" WOMEN Will Find a Helpful Suggestion In This Letter.

Overworked, run down "fagged-out" women who feel as though they could hardly drag about, should profit by Mrs. Carter's letter. "I am the mother of six children and I got so weak and run-down that I couldn't eat anything and it seemed almost impossible for me to get around and do my work. I tried different doctors' remedies without benefit from the first bottle that I continued to take it, and it has built up my strength and made me strong and well. I consider Vinol the best medicine I have ever taken, and advise all weak, run-down women to try it." Mrs. Bessie Carter, State Road, N. C.

If all the tired, overworked, run-down women in Harrisburg could only realize how our delicious cod liver and iron tonic, Vinol, supplies the vital elements necessary to build up blood and strength, we wouldn't be able to supply the demand.

PENNSY TONNAGE FOR DECEMBER IS BEST SINCE 1909

Record Exceeded Only Once in Last Ten Years on Middle Division

A comparison of merchandise tonnage records on the Pennsylvania railroad shows that in December, 1915, shipments from the Middle division and branches totaled more than any other December since 1905, with the exception of 1909. In December, 1915, tonnage originating on one division, which is looked upon as indicative of conditions on the entire system, amounted to 754,723 tons, while in 1909 the tonnage in December was 756,156. These figures do not include coal and coke.

In December, 1915, the increase in tonnage over December, 1914, was 64.4 per cent, the total for December, 1914, being 456,190. For the year 1915 the total tonnage was \$269,115, as against 7,387,962, representing an increase in 1915 of 11.9 per cent. Only three years since 1905 show a total tonnage less than that of 1915, these years being 1908, 1911 and 1914.

Tonnage figures for 1913 through the year until October, when there was a decrease of 1.5 per cent. from the same month of 1912. From October, 1913, to April, 1915, the tonnage each month was less than the same month of the previous year. Starting with May, 1915, an increase was reported each month, the increase growing from 5.4 per cent. in that month to 64.4 per cent. in December.

For the entire year of 1915 the tonnage reports on the one division show the following figures for each month:

Month	Tons
January	499,234
February	490,947
March	575,105
April	594,920
May	625,129
June	721,120
July	746,570
August	802,053
September	820,121
October	811,571
November	787,519
December	754,723

Totals \$269,115

The embargo on shipments to New York and vicinity during the months of November and December kept down tonnage, which accounts for the decrease in these months from the October figures.

BOARD DISCUSSES NEW HIGH SCHOOL

Harrisburg's new High School problem was discussed this afternoon at the regular meeting of the directors when the letter of the Chamber of Commerce suggesting the names of five well-known men as a committee to assist the board was read.

The Chamber recommended that the committee act with such committee or committees as may be appointed by President A. C. Stamm in accordance with Mr. Stamm's own plan.

The personnel of the committee from the commerce body consists of William Jennings, formerly president of the Board of Public Works; Arthur D. Johnson, former president of Select Council; William M. Donaldson, Francis J. Hall, of the City Planning Commission, and E. A. Hefflinger of the East End bank.

The letter is as follows: "The Chamber of Commerce has observed, with much interest, the published suggestion, recently made by the president of your board that a committee of five citizens, not members of the board, be chosen to confer with the board on the question of improved high school facilities. The adoption by the board of such a suggestion will be very gratifying to the public, since it will evidence a natural and proper desire on the part of the board to take the public into its confidence in the solution of such an important problem.

"We believe it true that your board is the body chosen by the public to administer the affairs relating to the conduct of the public schools, and it must take the initial and ultimate responsibility of it is also true that, in the solution of problems so important as this one, the citizens, individually, should actively share with your board the responsibility for such a solution as will be of greatest benefit to all concerned and it would seem they could best express their opinion to all the citizens through such an independent representative body, as the proposed committee.

"Inasmuch as the board, as stated in its by-laws is composed of persons interested in the advancement of Harrisburg, and has among its purposes, the development of Harrisburg, it is happy to assure you in the most manner of its desire and willingness to help in any way within its power and to venture to submit, for your consideration, for membership upon an advisory committee if the board should determine to appoint one, the names of William Jennings, Arthur D. Bacon, William M. Donaldson, Francis J. Hall and E. A. Hefflinger."

BELL CO. EARNS \$240,000,000

Big Jump Over '14, President Bethell States; Address Local Phone Society

Frank H. Bethell, president of the Bell Telephone Company of Pennsylvania, who addressed the Telephone Society of Harrisburg at the meeting last night in the Board of Trade building, returned to New York on the night train.

EAT BIG MEALS! NO INDIGESTION OR BAD STOMACH

"Pape's Diapepsin" makes weak stomachs strong and healthy at once.

Instantly stops sourness, gases, heartburn, acidity, dyspepsia.

There would not be a case of indigestion or dyspepsia here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Pape's Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sorest, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Arrangements were made to-day for Highway Commissioner Cunningham and Chief Engineer Hoyer to make an inspection of sections of the Baltimore pike in Chester county. A committee asked for improvement of the road a few days ago.

Mr. Bethell stated that figures for the year 1915 for the entire Bell Telephone system were not yet available when he left New York, but taking the figures for eleven months and estimating December, it is probable that the gross earnings of the entire system for the year were about \$240,000,000, as compared with \$225,952,123 for 1914.

Ask your pharmacist to show you the formula plainly printed on each 50-cent case of Pape's Diapepsin, then you will readily understand why this promptly overcomes indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, acidity, nausea, headache, biliousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

Other out-of-town telephone men here for last night's meeting were: H. F. Thurber, of New York; L. H. Kinnard, J. H. Hons, P. C. Staples, J. M. Reppler, J. C. Lynch, Victor Egbert, J. L. Kilpatrick and C. E. Malley, of Philadelphia; H. L. Badger and Z. Z. Hugas, of Pittsburgh, and M. H. Buehler, of Baltimore.

Dinner For Mr. Bethell
