BRIGHTER CHILDREN

Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women.

If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action.

Scott's Emulsion is used in private schools. It is not a "patent medicine", simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes.

A succinct summary of the warring forces in the soul of man, the "Flesh" and the "Spirit" is given in Peloubet's Notes:

"The flesh is that state of mind which gives itself up to yielding to the temptations of the body, which makes temporal things first its portend, and uses energies to gain the luxuries and pleasures which pamper our temporal bodily

TREASURY FUNDS LOW JUST NOW

Automobile and Other Licenses Have Been Big Source of State Revenue

Most of the money now being received by the State government is going into special funds of the State Treasury and the general fund, which furnishes the cash to run the government, for the schools and for the charities, is in a more or less depleted condition. This fund had less cash on December 31 than known for years, and the January receipts have not been heavy.

The State Highway Department is just now the State's biggest revenue raiser as it has been turning in thousands of dollars a day. The hunters' license revenue has about ended and the money taken in for premiums for State compensation insurance goes into a separate fund, as does all the money from the automobile licenses and from the hunters' licenses.

School payments have not been heavy lately and there are still owing over three quarters of a million dollars.

Twenty Arrests.—Twenty arrests were to-day announced by the Department of Agriculture, mostly due to violations of the cold storage laws and the "pure sausage" act. In Philadelphia, 100 men were arrested for the violations of the storage act in the sale of stored eggs as fresh, while in Warren county what was alleged to be pork sausage contained potato flour and water.

Grip Hits Guardsmen.—The grip and the demands of industries which are working at high speed because of munitions and other contracts are having an effect on the attendance of men at the inspections of organizations of the National Guard, according to reports which have been received here. The grip has been prevalent in a number of localities where the attendance was low. The most serious interference has been because of the strenuous work in the industries.

Visted Governor.—Governor Brumbaugh visited late yesterday by Senator S. R. Catlin, of Wilkes-Barre, and Roger Deyer, chief counsel of the mine workers, who discussed the workmen's compensation with him and gave assurance of support for legislation to perfect.

In Washington.—Adjutant General Thomas J. Stewart is in Washington on militia affairs. Brigadier Gen. Col. James H. Blair, commander of the Eighteenth regiment at Pittsburgh since the promotion of Brigadier General A. J. Logan, has retired according to Pittsburgh papers to-day. Lieutenant Colonel E. L. Kearns, formerly of this city, is mentioned as a possible successor.

Stillwell Commissioned.—The commission for Brigadier General F. W. Stillwell, the new commander of the Third Brigade, was made out to-day.

Will Ask Answer.—The Public Service Commission will send the complaints against the rates of the Highspire Water Company to the company for an answer.

Kephart Here.—H. M. Kephart, chief clerk of the Senate, was in the city to-day. He visited the Governor.

Protest on Name.—A protest against the use of the name Scottsdale Trust Company by a proposed corporation was made yesterday at the State Department, Deposit and Trust Company. No decision has been given.

New Harrisburg Company.—The American Film Rewinding Company of this city, was chartered yesterday with \$7,000 capital. The incorporators include Ross Oenslager, Frank O. Horling, John L. Wholfarth, Myron W. Pickens, F. E. Ray, W. S. Ray, Harrisburg, and L. H. Lamb, of Mechanicsburg.

Increase Filed.—The Panama Life Insurance Company of Warren, filed notice to-day of increase of debt to amount of \$250,000.

State Needs the Money.—A warning to life insurance companies of a probable move on the part of the State to tax them in its program for increased revenue was given yesterday by State Senator William C. Sproul at the second day of the session of the general agents of the Provident Life and Trust Company of Philadelphia.

The State needs more money and the Legislature soon will be casting about for additional corporations to tax. Mr. Sproul said. Life insurance companies, he said, were considered by many revenue seekers a profitable field for exploitation. The agent and general agents assembled had counseled immediate plans for resisting such a move. "There is going to be a scrummage, a hunting for subjects of taxation, within the next two years," said Mr. Sproul.

The Law of the New Life.—Religion is a poor thing if it is not for God and Christian and heavenly. One of the characteristics of non-Christian faiths is the element of dread of their deities. This slave-spirit is quite the contrary of the Christian program. The word for God's disciples is "Sons". They call Him "Father". This beautiful and loving relationship is by the help of the Spirit in whom the members of God are joint-heirs with His only begotten Son Christ. The implications of that truth are tremendous.

It means sharing the Christ-life of victory over the flesh. It means a kingdom state of mind. It means service and suffering for the world. All that Christ was, His younger brothers are, in some degree, to be also.

The Call of the Times.—No literature is so timely as this Book which has survived the centuries. Clear, strong, unmistakable word rings out to our own time that to be spiritually-minded is life and peace. The message is, of course, returning to Christianity, it is the divine recipe for victory. By the given Spirit clearly offered to all disciples—the old flesh-nature is to be harnessed, reined and bitten. "So then, brethren, we are debtors not to the flesh, to live after the flesh; for if ye live after the flesh, ye must die; but if by the Spirit ye put to death the deeds of the body, ye shall live." For as many as are led by the Spirit of God, these are the sons of God.

Now if Jesus had not left behind Him a power for the new life as well as a program for the new life, they see they should be.

While I am aware of possible national perils from without which may await North America, at the close of the present war, I am less concerned about military unpreparedness than about spiritual unpreparedness. The material-mindedness of the people is more to be feared than any foreign navy. Our fleshly-mindedness is a peril against which spiritual-mindedness should stand.

The quicksands of carnality have engulfed many nations than ever fell before conqueror's sword. Would that upon the walls of our feasting were written the history-proved word, "The mind of flesh is death." The measure of a nation's life is the spiritual character of its people. There is more wisdom upon the subject of true preparedness in this eighth chapter of Romans than in all the newspaper essays and editorials I have as yet

seen. Finally my ailment became so severe that I was practically deaf in one ear and almost so in the other.

My wife saw your ad in the paper and paid one dollar for a Hyomei. I immediately began to use it according to directions, and the results were remarkable. I have used another bottle of Hyomei and I can truthfully say that it is the first relief I have experienced in twenty years.

"This sounds like strong language. Nevertheless, it is the truth.

"I feel there is nothing like Hyomei—boon to the sufferer of a loathsome disease, Catarrh. I consider it a hard rubber pocket inhaler, is inexpensive. Most any leading druggist, or H. C. Kennedy will supply you under a positive guarantee of successful results or money cheerfully refunded.
