NO "FRILLS" Just a Statement About Food

Sometimes a good, healthy commercial traveler suffers from poorly selected food and is lucky if he learns that Grape-Nuts food will put him right. A Cincinnati traveler writes: "About a year ago my stomach got in a bad way. I had a headache most of the time and suffered misery. For several months I ran down until I lost about 70 pounds in weight and finally had to give up a good position and go home. Any food that I might use seemed to nauseate me. "My wife, hardly knowing what to do, one day brought home a package of Grape-Nuts food and coaxed me to try it. I told her it was no use but finally to humor her I tried a little and they just struck my taste. It was the first food that I had eaten in nearly a year that did not cause any suffering. "Well, to make a long story short, I began to improve and stuck to Grape-Nuts. I went up from 135 pounds in December to 194 pounds the following October. "My brain is clear, blood alright and appetite too much for any man's pocketbook. In fact, I am thoroughly made over and owe it all to Grape-Nuts. I talk so much about what Grape-Nuts will do that some of the men on the road have nicknamed me "Grape-Nuts" but I stand to-day a healthy, rosy-cheeked man—a pretty good example of what the right kind of food will do. "You can publish this if you want to. It is a true statement without any frills." Name given by Postum Co., Battle Creek, Mich. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

FIRST AID FOR BURNS, SCALDS AND BRUISES

Accidents will happen. They do happen and often with the most serious or fatal results. Every home should always keep a supply of antiseptic Ucanol handy to use immediately in case of a burn, scald or bruise, because there is positively nothing else that is so effective or speedy in giving relief, or that is so healing. Even some of our largest mills and factories use Ucanol freely when accidents occur, and always keep it in their emergency hospitals. Would they do this if they were not sure it was absolutely the best? Do not delay but be prepared for all emergencies. Stop at your druggist's to-day and get 50 cents worth of antiseptic Ucanol. You can't really afford to be without it. H. C. Kennedy has a fresh supply and always sells it with guarantee of money back if not satisfied.

Quick, Painless Way to Remove Hairy Growth

(Helps to Beauty) Here is a simple, unflinching way to rid the skin of objectionable hairs: With some powdered delatone and water make enough paste to cover the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the delatone in an original package.—Advertisement.
