SIMON S. BOWMAN

Millersburg, Pa., Jan. 24.—Simon S. Bowman, one of the best-known lawyers of the Dauphin county bar, died at his home in Union street early yesterday morning, aged 72 years. Death came as the result of a stroke of paralysis sustained about two weeks ago. During the Civil War Mr. Bowman enlisted at Camp Curtin, Harrisburg, in Company G, Thirty-seventh Regiment, Pennsylvania Volunteers, and was a member of Kilpatrick Post, No. 212, G. A. R., of Millersburg, and for more than twenty-five years served as its adjutant and for the last two years had been post commander, he having succeeded the late Henry Cordes. He was a member of Susquehanna Lodge, No. 264, F. and A. M., and was also vice-president of the Dauphin County Bar Association. He was admitted to the bar April 25, 1866, and opened an office at Millersburg, and for many years also had an office at 222 Market street, Harrisburg.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe the may-apple root (podoophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santalaxatives. If you forget the name, ask for the box that has the picture of the soldier on it. These tablets are small, easy to take and are really wonderful little performers. They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

KEEP LOOKING YOUNG

It's Easy — If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you need to live and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent. of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for colomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit that is natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, Ohio.

Suffered the Agony of a Dozen Deaths

Prominent Farmer in Canada Describes His Recovery and Escape From the Operating Table.

Mr. F. Gifford

In a letter to friends at Saskatoon, Mr. F. Gifford, of the Ball Rock Farm, Maymont, Saskatchewan, Canada says: "Thanks to Fruitola and Traxo I am alive. I lay on my back for sixteen days, suffering the agonies of a dozen deaths. I began taking Fruitola and was relieved of a great many gallstones. My health is now fully restored. Fruitola possesses properties that act directly upon the intestinal parts. It is a great system cleanser, softening the congested waste and disinfecting the hardened particles that cause so much suffering, and quickly expels the accumulation to the great relief of the patient. Traxo is a tonic-alternative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It serves to build up and strengthen the weakened, run-down system. Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgas, the druggist, 16 North Third St., and P. R. R. Station.

A True Story About Fresh Air

Weather close to Zero. The man moved into a new house. The first thing done was to make a furnace fire. However, notwithstanding a roaring fire the house remained miserably cold. In consequence the family retired early. The fire was left going full blast all night in the hope that the house would be warm in the morning. Same thing in the morning—house cold. While breakfast was being prepared the man stepped out for a paper and left the door open. When he returned the house became burning hot. The explanation is simple. The air in the house had not been disturbed for several days. The house was filled with dead air. Immediately fresh air was left in the rooms became warm. Moral: Ventilate your rooms.
