

Splendid Laxative For Elderly People

Has Been Prescribed by Well Known Physician For Many Years.

The infirmities of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

MRS. RACHEL ALLEN

splendid remedy should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

SULTAN'S YACHT TORPEDOED: BARON GOLTZ IN COMMAND

London, Jan. 25.—A dispatch to the Exchange Telegraph Company from Athens says that the Sultan's yacht Erthogroal, according to reports from Constantinople was torpedoed in the Bosphorus by a French submarine in the latter part of December. The vessel was seriously damaged but is still afloat.

The same dispatch states that Field Marshal Baron Kolmar Von Der Goltz has been appointed commander-in-chief of the Turkish forces in the Caucasus.

The Turkish imperial yacht Erthogroal was built at Elswick in 1905, is 206 feet long and has a displacement of 900 tons and an armament of eight 3 pounders.

Take Iron, Says Doctor, if You Want Plenty of "Stay There" Strength Like an Athlete!

Ordinary Nuxated Iron Will Make Dull, Nervous, Run-down People 200 Per Cent. Stronger in Two Weeks' Time, in Many Cases.

NEW YORK, N. Y. — Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Sauer, a specialist of this city, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete of prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. Sauer, is one of the newer organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down condition. It is dispensed in this city by Croll Keller, G. A. Gorkas and all other druggists.—Advertisement.

Quality vs Strength

ALL Havana does not necessarily mean a strong, heavy smoke. Many smokers think so until they get acquainted with

MOJO

10c Cigars

when they suddenly discover that an all Havana cigar may mean more quality than strength.

And quality will satisfy where strong tobacco will not.

S. W. FLEMING, JR., BECOMES PARTNER

Joins With Farley Gannett and Theodore E. Seelye, Consulting Engineers

Farley Gannett and Theodore E. Seelye to-day announced that Samuel W. Fleming, Jr., has been admitted to the firm of Farley Gannett, consulting engineer. Mr. Gannett and Mr. Seelye have been engaged in the practice of hydraulic and civil engineering, with offices in the Telegraph building, and by associating Mr. Fleming with them have broadened their field of activity by including the design, construction, valuation and operation of electric properties. Mr. Fleming was prepared for college at Lawrenceville school, and was graduated from Princeton University, academic course, in 1906. He then studied engineering at Lehigh University, graduating from that institution in 1909 as a mechanical engineer. For three years after graduation he was identified with the Central Hudson Gas and Electric Company, acting as power engineer for a considerable part of that period and devoting much attention to the revision of the rates of this company. The Central Hudson Company, operates in the Hudson River valley, serving a large territory, including Poughkeepsie, Newburgh, and Cornwall, with a high voltage transmission line fed by steam and water power plants.

For the last few years Mr. Fleming has been largely employed in making reports on and investigations of electrical properties in the East and Middle West, including the White Rapids hydro-electric development in Michigan and Wisconsin, Sturgeon River development in Michigan and steam electric properties in the same territory, and also has been employed on reports upon electric railroads in New York and Maryland.

Mr. Fleming will devote himself to the electrical work of the firm, giving special attention to the design and construction of electric properties for corporations and municipalities, valuations for rate adjustments, and the operation of properties will also be undertaken for corporations and municipalities.

The firm will continue to represent as heretofore, public utilities, other corporations, municipalities, and individuals in the State, departments and commissions of Pennsylvania.

U. S. Sleuths Trail Aircraft Over Du Pont's

Special to the Telegraph
Philadelphia, Pa., Jan. 25.—United States secret service men have been on the trail of a mysterious aircraft that has been heard whirring over the Du Pont plants at Pennsgrove and Henry Clay, the visits of which always preceded the strange explosions that have wrecked several mills within the last few weeks.

This activity on the part of the Federal authorities came to light through a visit that the sleuths made to the noted aviator and banker, Robert Glendinning, both at his office in town and his home at Chestnut Hill. Also they interviewed Clark Thomson, another noted amateur flyer, and wanted to know if it were possible for a marauder to steal their hydro-aeroplanes and use them to reconnoiter the powder plants.

Deadly New Form of Tetanus Breaks Out

By Associated Press
Paris, Jan. 25.—Professor Laveran, of the Pasteur Institute, described at a meeting of the Academy of Sciences to-day a new form of tetanus, which has been investigated by Dr. Bazy. It makes its appearance from 20 to 50 days after the wound has been received, whether the patient had a preventive injection of the serum or not, and it can occur without apparent cause, although it manifests itself more frequently after operation or on the fresh outbreak of inflammation in wounds. The disease is serious, as death occurs in from one-third to one-half the cases.

MAY PURCHASE PROPERTY FOR COLORED FOLK

Plans for the purchase of the property in Monroe street used by colored people now worshipping there were discussed at the church extension conference of Churches of God held yesterday afternoon in the Fourth Street Church of God. Arrangements for raising money for the plan, will be completed at an early date. A number of laymen and pastors present favored the erection of a chapel. Among those who spoke were the Rev. C. H. Heiges, C. S. Meek and G. W. Fox.

UNITED BREWERS COLLECT

By Associated Press
Sulphur Springs, Jan. 25.—Members of the United Brewers' Association is alleged to have collected assessments and donations at the rate of \$1,200,000 a year to promote antiprohibition legislation and not the six big brewing companies as was reported yesterday.

ENTICED GIRL, CHARGE

Anna Metz, colored, charged with enticing Clara Stewart, a 7-year-old white girl, into her house at South street and Angle alley for immoral purposes, will be given a hearing tomorrow by Alderman John B. Nicholas. Mrs. Metz went to Chambersburg, where she was arrested.

DIES IN HOSPITAL

Special to the Telegraph
Elizabethville, Pa., Jan. 25.—A telegram was received last evening that Stephen A. Miller died at the Medico-Chi hospital at Philadelphia, at noon yesterday. On Saturday morning Mr. Miller, accompanied by his wife, left for the hospital to be examined but the sad news of his death came unexpectedly. He was a member of the local camp of the Modern Woodmen of this place.

Northern Railroads Are Battling With Big Snows

By Associated Press
Seattle, Wash., Jan. 25.—Heavy snow which began falling in the Cascade Mountains last night and continues to-day increased the difficulties of all the northern transcontinental railroads which since Saturday have been battling with the worst snow conditions since 1910.

The Canadian roads have been snow-bound since Saturday. The task of clearing the tracks has been retarded by the shortage of men, due to the large number of physically fit who have enlisted for service in the war.
