

ALL U. S. IN GRASP OF GRIP EPIDEMIC

Influenza Prevalent in Larger Cities Over Entire Country, Surgeon-General Says in Report

100,000 CASES IN DETROIT

WASHINGTON, Jan. 4. The most serious epidemic of influenza ever known to exist in this country was disclosed to-day in reports before Surgeon-General Blue, of the Public Health Service. The reports show that the disease is spreading at an alarming rate and is causing many deaths.

Of the larger cities, New York, Chicago, Philadelphia, San Francisco, Seattle, Boston, Detroit—the two latter cities having probably 100,000 cases each—the Federal authorities explain that they are practically helpless to check the epidemic, who in turn are relying upon the local health authorities, who in the hope of co-operation by the public. In the city of Detroit, Surgeon-General Blue has called for reports from all parts of the country. Some of the Surgeon-General are following:

Philadelphia—Influenza epidemic. In two weeks, Philadelphia reported 141 deaths, of which 77 were due to pneumonia. During December 31, 1915, there were 141 deaths from pneumonia. Marked increase in pneumonia, especially in mortality. New York—Pneumonia epidemic. Also in mortality. Some of the Surgeon-General are following:

San Francisco—Epidemic of influenza wide-spread. Reported at December 10; wide-spread since December 20. Probably 100,000 cases. Cleveland—Epidemic general and estimated at 100,000 cases. Deaths from pneumonia cases during December epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic.

Deaths—Influenza epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic.

Deaths—Influenza epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic.

Deaths—Influenza epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic, pneumonia cases during influenza epidemic.

Federal Authorities Helpless!

Public Must Protect Themselves From Grippe Epidemic Now Raging

PNEUMONIA FOLLOWS—OFTEN FATAL!

All Drug Stores will distribute, FREE, bottle of GOFF'S BITTERS with each 25c. bottle GOFF'S COUGH SYRUP sold.

Both these well known remedies are of un-failing value for the prevention and relief of all forms of Coughs, Colds and Influenza, or GRIPPE, and are wonderful aids for quick recovery.

Act quickly. Don't take a chance on getting Pneumonia. The demand for these remedies will be tremendous. Buy one and get the other FREE at your druggist's, to-day. Write your name and address on this advertisement, and leave it with the druggist or dealer.

PATTON COMMENDS TREXLER'S PLAN

Secretary of Agriculture Pleas-ed With Effort to Increase State's Stock Supply

Col. Harry C. Trexler's plan to establish a thousand-acre cattle range in Lehigh county to aid in building up the State's beef and milch cow stock is being watched with the greatest interest at the State Capitol and Secretary of Agriculture Charles E. Patton has warmly commended it as a move in the right direction.

"I am very much pleased to learn that Col. Trexler is going into the raising of dairy and beef cattle on an extensive scale in Lehigh county," said Secretary of Agriculture Patton. "This effort will demonstrate that it is possible to raise cattle on a large scale and at a profit in Pennsylvania. An experiment of this kind will be very beneficial to agriculture as it will help to improve the stock throughout the eastern part of the State and will serve as an incentive for the smaller cattle raisers to improve and increase their stock."

KNOX AT PALM BEACH: SPENDS STRENUOUS DAY

Palm Beach, Fla., Jan. 25.—Ex-Secretary of State Philander C. Knox, candidate in Pennsylvania for the United States Senate, reached Palm Beach with Mrs. Knox yesterday.

Mr. Knox would have nothing to say about politics. He put in a characteristically strenuous first day, starting with an ocean swim, after which a dozen moving picture and camera men got him to pose on the beach. He followed the bathing with eighteen holes of golf, luncheon, a bicycle ride and a wheel chair ride along the lake front with Mrs. Knox at sunset. He is here for a long stay.

MAN HIT BY AUTO DRIVEN BY DR. SAMUEL E. WEIGLE

Philadelphia, Jan. 25.—Struck by an automobile driven by a minister last night, Frank Noad, 41 years old, of 1944 North Reese street, was perhaps fatally injured. His skull and right leg were fractured. The Rev. Daniel F. Weigle, pastor of Messiah Lutheran Church, who ran down Noad, was arrested.

"NO TRAILING," SAYS BRYAN

Miami, Fla., Jan. 25.—Ex-Secretary W. J. Bryan set at rest to-day the rumor that he will follow the trail of President Wilson and take the stump against the war. Mr. Bryan said that he would remain in Miami until the end of February, when he will start for Lincoln, Neb., to attend a birthday dinner on March 20. He will speak at a number of places on the way.

T. A. D. Jones to Coach Yale Football Eleven

New Haven, Conn., Jan. 25.—T. A. D. Jones, former Yale quarterback and member of the All-American football team, has been decided upon as head coach for the Yale eleven. It is understood here although official confirmation is lacking pending formal action by the committee having the matter in charge. This committee it is understood will meet within a few days.

It is also understood that M. F. Sweeney, an instructor in physical culture at Hill School and a former well-known athlete at St. Francis Xavier's College, is to be called as a consulting coach.

CATTLEMEN MEETING

El Paso, Texas, Jan. 26.—Market conditions and the relations of cattlemen to public lands and grazing were the principal topics discussed by Dwight B. Heard, president of the American National Live Stock Association.

SORE THROAT

A DANGER SIGNAL.—A FEW SEASONABLE "DON'TS" TO PREVENT COLDS, COUGHS, GRIP AND PNEUMONIA, KEEP INFECTIOUS GERMS FROM THE SYSTEM

Most infectious germs of disease enter the body by way of the throat and most of the Croup, Bronchitis, Grippe, Pneumonia and lung trouble that begin with simple coughs and colds can be easily prevented by following a few commonsense rules of health.

Avoid mouth breathing. Breathe deeply through the nose. Get all the fresh air possible and leave the windows of your bedroom open at night. Don't inhale more than necessary the germ-laden air of crowded streets, and keep clean your throat and tonsils and make them antiseptic and germ-proof by allowing a little Oxidase tablet form, to slowly melt in the mouth a few times each day. Oxidase Tablets are a physician's prescription, are powerful but pleasant to taste, and their germ-killing juices find their way to every fold and crevice of the membranes where the germs are likely to lodge. They not only clear the throat and air passages of dangerous germ life, but act as an almost positive preventive of Grippe, Pneumonia and other serious throat and lung affections and often will stop a bad cough and break up a cold over night. A package of Oxidase is the best possible safeguard against Bad Colds this winter and two or three of the tablets should be carried about all the time. G. A. Gorzas and other leading druggists sell them, ninety cents to the package, on a positive guarantee of satisfaction or money back. Be sure to insist on Oxidase, and take nothing else.—Advertisement.

"TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, aching feet—no corns or callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away to the aches and pains, the corns, calouses, blisters, bunions and chilblains. "Tiz" draws out the acids and poisons that puff up your feet. No matter how hard your work, how long you have, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "Tiz" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think, a whole year's foot comfort for only 25 cents.—Advertisement.

PASSPORT FORGER SENTENCED

Paris, Jan. 25.—A Havas dispatch from Bern says the court has sentenced the Berlin lawyer, Salomon, to forty-five days imprisonment and a fine of 1,000 francs. The charge against him was that he practiced espionage in Switzerland and that he had a forged passport describing himself as an American citizen.

Cocoon Oil Makes a Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain muslin oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and put it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get muslin oil from most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

STOMACH TROUBLES DUE TO ACIDITY

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably the cases out of ten simply evidence that fermentation, the result of excess acid, is taking place in the food contents of the stomach causing the formation of gas. Wind distends the stomach and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excessive secretion of acid and the fermentative action of food. Such fermentation is unnatural and may involve harmful consequences if not stopped or prevented. Fermentation of food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of Bismarck Magnesia, perhaps the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are unnecessary. Stop or prevent them by the use of a proper antacid, such as Bismarck Magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly and not being hindered by gas and excessive acid.

George Hiney's Party on His Tenth Birthday

GEORGE HINEY

George Hiney, Jr., son of Mr. and Mrs. George Hiney, of 926 Cowden street, had a merry little party in celebration of his tenth birthday. Games, music, contests and refreshments made the hours pass happily away.

In attendance were Alverta Kline, Anna Catherine Gilmer, James Gilmer, Harry Kline, Kenneth Kline, Catherine Yost and George Hiney.

Miller Shelly, of Lancaster, was the week-end guest of J. Horace Nunemaker, of 327 1/2 Crescent street.

Mr. and Mrs. Jerome Hartley of Philadelphia, are visiting their relatives, Mr. and Mrs. Edward Gay Hartley, of North Third street.

Miss Lucia Anderson of Nashville, Tenn., is a guest of her cousin, Miss Almee Waters of Green street.

Miss Nellie Edelblute, of 1412 Thompson street, is spending some time with her aunt, Mrs. William Glinzrich of Penbrook.

Mr. and Mrs. Charles Curtis, of North Eighteenth street, have returned home after visiting friends in Jersey City and New York.

Cultivation of North Pole Is Suggested by Dr. Cook as Means of Ending War

Special to the Telegraph

Copenhagen, Dec. 31.—"Cultivation of the North Pole will end all wars."

Thus pontificated Dr. Cook, who is now in the same Copenhagen hotel as the Ford pilgrims, with a plan of his own to bring eternal peace. Dr. Cook plans to have all land between the limits of the wheat belt and the North Pole put under cultivation at once. This land, he predicts, will give homes to millions of persons.

"And," said the Dr., "since wars are largely a matter of elbow room, I believe that the opening of this great new area to population will make wars unnecessary."

TO PREVENT THE GRIP
Colds cause Grip—Laxative Bromo Quinine removes the cause. There is only one Bromo Quinine. E. W. GROVE'S signature on box. 25c.—Advertisement.

Dr. Moffitt's Analysis

Of

Hershey Ice Cream

PROVING ITS

ABSOLUTE PURITY

Harrisburg, Pa., Jan. 24, 1916.

Hershey Creamery Co.,
Harrisburg, Pa.

Gentlemen:—The report of the bacteriological examination of sample of ice cream submitted to me by you on January 20, 1916, is as follows:

Number of bacteria per cubic centimeter: 8,500.
Number of colon bacilli per cubic centimeter: 0.
Five fermentation tubes of glucose bouillon each inoculated with 1. c. c. of a 1-100 dilution of sample showed no gas production in any of the tubes, indicating the absence of bacteria of fermentation or decomposition.

Sediment (dirt): None. Tuberculosis bacilli: None.
Streptococci: None. Staphylococci: None. Fat: 14.5 per cent.
This is an excellent sample of ice cream.

(Signed) GEORGE R. MOFFITT.

Gen. Crozier Pleads For Many More Arsenals

Washington, Jan. 25.—General Crozier declared before the House military committee yesterday that the number of officers designing new guns and carriages should be doubled and that it would be necessary to enlarge the manufacturing plants, especially that of Frankford.

It was explained by the General that, despite the report of the special committee, recommending an 11-inch field howitzer, he had recommended that the gun be reduced to 9.5 for the present and the ammunition to 2,500 rounds per gun, instead of 5,000 rounds. This, he said, had been done in order to reduce the cost of providing adequate reserves of guns and ammunition for four years from \$450,000,000 to \$275,000,000.

General Crozier reduced this recommendation to come within \$230,000,000, and the question of spending a vast amount of money for equipping the army with mobile howitzers is now before Secretary of War Garrison.

Asked what could be done by government arsenals in case of war, Gen-

SAYS DRINK LEMONADE FOR RHEUMATISM

Wear Warm Clothes in Winter and Take One-half Teaspoonful of Rheuma Once a Day to Drive Rheumatic Poisons From Your System

Sufferers can get a measure of relief by keeping the feet dry, drinking plenty of lemonade and avoiding alcoholic beverages, but if you really want to get rid of rheumatism with all its agony, pain and misery you must drive from your system every bit of poisonous secretion that lodge in the joints and muscles.

H. C. Kennedy and all druggists are now offering to the public for about 50 cents a prescription called Rheuma that is so powerful that within two days after you take the first dose you will feel that the uric acid poison is leaving your body.

Rheuma seldom fails; it overcomes the torturing pain, limbers up and reduces stiff, swollen joints and drives the soreness from inflamed muscles. Anybody can try it, for it is free from opiates and is harmless. If two 50-cent bottles don't prove that you can get rid of rheumatism or neuritis forever, your money is waiting at your druggist's.—Advertisement.
