USES OLD CRY TO STIR UP HATRED

Villa Inflaming Mexicans Against Americans With "Remember Orozco"

By Associated Press

El Paso, Jan. 26.—Francisco Villa, now in Western Chihuahua defying the forces of the Carranza government is using the cry "Remember Orozco" to stir up hatred against Americans and gain recruits for himself, according to a report from the border.

General Orozco was Villa's most formidable foe until the latter drove him across the border into the United States after the battle of Ojinaga, nearly two years ago. Orozco was shot and killed last September in the mountains on this side of the boundary, some time after he had forfeited the bond under which he was being held as a violator of United States neutrality laws.

Western Chihuahua was the home of Orozco as well as that of Villa, and the dead leader had a large following which is said to have been inflamed recently when Villa informed them that Orozco had been murdered in Texas by Americans.

Several persons arriving from Chihuahua City declared that 36 Americans were thrown into prison just before Villa's departure, that a number of Chinese were shot and the stores belonging to them and to Japanese merchants were looted and burned. Villa announced that he said he intended to have the Americans until they paid over \$30,000, but they were finally released.

Washington, Jan. 26.—American employees of a Yucatan Development Company at Minaca, Chihuahua left there yesterday on a special train guarded by Carranza soldiers for Chihuahua City, State Department officials reported here.

HARDSCRABBLE APPEAL IN FEB.

Next Move Will Be Up to City; How Matter Now Stands

By Associated Press

City-wide interest in the Hardscrabble proposition and its final determination in the courts is being evinced. Early in February the appeal and exceptions of certain property owners to the report of the board of viewers will be considered and it will then be up to the city to make the next move. It is expected, of course, that City Solicitor Seitz will file bonds and proceed with the elimination of the properties on the west side of Front street between Herr and Calder streets. Then will follow the ordinary procedure to determine the future settlement of the matter so far as compensation is concerned.

Upon the side of the objectors it is contended that the procedure has been irregular inasmuch as the section to be taken by the city is intended for park purposes and that the ordinary course should have been condemnation and settlement out of the general funds of the city; that the street having been paved there is no obligation on the part of the property owners on the east side to pay benefits; that the strip being desired for park purposes, and proceeded with the elimination of the street to low water mark was the lawful procedure; that the properties on the east side would be immensely benefited and that they should therefore be assessed for part of the cost; that the property owners on the west side are receiving a fair return for their properties and that the decision of the courts barring them from any compensation for buildings erected since 1871 is a matter over which the municipality has no control.

City Solicitor Seitz says the city has considered every step in the matter and that there is no disposition, and has been no disposition from the start to do anything contrary to the law. It is his contention that the street is prominent among the objectors have little hope of upsetting the proceedings and it is further stated that many of the property owners on both sides of the street are in favor of the improvement.

SOCIAL GOVERNOR SAYS HE CAN'T INTERVENE

But Gives March and Pennington, Murderers, Until Feb. 21 to Prepare For Execution

By Associated Press

Governor Brumbaugh refusing to intervene between them and the death penalty, today granted a respite until Monday, February 21, to March and Pennington, the Chester county murderers, who were to have been executed this week. In extending the life lease of the two men the Governor issued the following statement reviewing the case.

"These prisoners were tried separately in the court of record having jurisdiction. Each was found guilty of murder in the first degree. Upon appeal these verdicts were affirmed by the supreme court. "Three separate hearings were had before the Board of Pardons. The executive reprieved the worst case in December, after the Board of Pardons had twice declined to change the sentence of the court. The third hearing thereupon secured and the final plea was made last week before the Board of Pardons by the very able counsel in the cases. The Board of Pardons unanimously declined again to change the sentence of the court. "The Executive has sought conscientiously for a justifying reason to ameliorate the penalty imposed by law. He has given much time to the case. He has heard all the parties seeking a reason. He has conferred with the trial judge and has carefully gone over the voluminous correspondence and has heard all the parties seeking audience in the case. He was anxious to find some means of justifying a cherished desire to mitigate the legal penalty and reluctantly and in great distress finds himself unable to intervene. "The hearings and the respite have no doubt held out some hope of relief to the unfortunate men, and that they may have reasonable time to prepare for eternity, he hereby respites them until the week beginning Monday, February 21, 1916. "MARTIN G. BRUMBAUGH."

MINERS ENDORSE POLICY OF WHITE

White, David Fowler, of Scranton, Pa., urged the convention to endorse the attitude of the miners' president. He said he believed the anthracite operators are willing to make a new agreement and that the workers will get a fair settlement. He also said he believed that most of the hard coal workers favored remaining at work.

MEETS FRIENDS FOR "CONVERSATIONS"

York, and E. R. Kiess, Lycoming, were also here.

It is believed that Messrs. Ambler and Kephart will wait a while before making statements. James F. Woodward, of Allegheny, chairman of the House appropriations committee, is expected here in a day or so. He is also a possible candidate for treasurer.

Much depends upon the attitude of Senator Oliver in Western Pennsylvania. The Armstrong people in Pittsburgh are inclined to look askance at Public Service Commissioner Magee, but he is attending hearings here and only smiles when asked his views. "Congressman Vore has not been heard from lately. "In Pittsburgh it is said that some of the railroad men will oppose Ambler because of the full crew bill. Senator Snyder in his announcement last night said: "After a careful canvass of many Republicans throughout the State I have decided to announce my candidacy for auditor general of Pennsylvania, and will submit my name for the nomination for said office to the Republican voters at the State-wide primary to be held Tuesday, May 16, 1916. Experience in the legal profession and many years of service in State affairs have given me a knowledge of the business of the Commonwealth which I think will enable me to be useful to my fellow citizens in the administration of the office of auditor general. It is my purpose to immediately begin a campaign to secure the support of all Republicans throughout the State."

NEW YORK ANTICIPATES STRIKE

New York, Jan. 26.—In anticipation of a strike of coal miners after their agreement with the operators expires next April, the New York City Board of Estimate has asked the Board of Aldermen for permission to purchase \$200,000 worth of coal in the open market for the use of city departments.

To Keep Skin in Fine Condition in Winter

It would be much better for the skin if little cream, powder or rouge were used during the winter months. These things which clog the pores, tend to aid wind and weather in roughening and coarsening the skin. Dry skin and chapped leather. It is the ideal application for the season, as it not only keeps the pores clean, but daily removes particles of scarf skin which have been spoiled by winds or temperature. By constantly keeping the complexion clear, white and soft, it does more toward perpetuating a youthful countenance than any cosmetic in the market.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell. The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach. "To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate, which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant. Just as soap and hot water act on the skin, cleansing, sweetening and refreshing, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headache or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will shortly be cranked on the subject briefly.—Adv.
