SUCCESSFUL YEAR FOR NIGHT SCHOOL

New Studies Added to Curriculum of Lykens and Wiconisco Institution

Special to the Telegraph

Lykens, Pa., June 26.—Lykens and Wiconisco night school is going forward at a rapid rate and students and teachers have enjoyed a successful year. At first the purpose of the school was to teach the fundamental principles of mining, but recently it was decided to add civil government and electricity to the curriculum. The teachers first chosen for the work were Morgan Edwards and Robert Swab, the former being the instructor for outside men and the latter for inside men. Mr. Edwards was compelled to resign recently, as he did not have the fit it deserved. Claude Thompson, son of ex-Senator Thompson, was chosen to succeed Mr. Edwards. The school, which is vocational, is supported by Lykens and Wiconisco in conjunction with the Susquehanna Coal Company and the State.

BETTER THAN CALOMEL Thousands Have Discovered Dr.

Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the sub-stitute for calomel—are a mild but sure laxative, and their effect on the liver is slmost instantaneous. They are the re-sult of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it prought out these little olive-colored ablets.

brought out these little oilve-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

So do strong liquids.

To let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10e and 25c per box. All druggists.
