FINAL REHEARSAL FOR MAGIC WHEEL

Putting Finishing Touches on Sunshine Opera; Beautiful Souvenir Librettos

The final rehearsal for "The Magic Wheel" in which nearly 300 Harris-

The final rehearsal for "The Magic Wheel" in which nearly 300 Harrisburg singers and actors are cast was held this afternoon at the Orpheum. All the footlights were on, the orchestra was in the pit, the curtain rose and fell and every detail was carried out in the life behind the scenes.

Each group has its own dressing room, where a chaperon looks over all. A regular "call-boy" makes the rounds and every individual eagerly awaits his cue in the wings. All rehearsals have been conducted to the end that no one prompts or sends in a group. The chaperon's whole responsibility being to keep them quiet. Mrs. Lake says, "There is not a child in this opera that does not know as much about the whole as I do. In fact my success is achieved by placing the responsibility on their shoulders, as you know I am not on the stage during the performance."

One of the prettiest of the groups is that of the lacemakers, dressed in green, who lock in with the village lads and dance merrily about the Burgomeister. These girls are: the Misses Florence Rinkenbach, Bertha Hoffstadt, Mary Loudenslager, Frances A. Swab, Jennie Liddick, Katharine Aldinger, Letha Fair, Martina Moeslein, Mildred Sheesley, June Beard.

There will be no encores permitted, because of the length of the opera. A fine advance sale of seats is recorded but there are still good seats to be had for each performance. Handsome souvenir programs will be on sale for a nominal price. The curtain rises promptly at \$1.15 o'clock and no one is seated during the act. Carriage calls may be left for 10.30.

Lumber is graded according to the quality and unless you are familiar with these grades the price won't mean much to you.

However, we have had lots of experience in the lumber business and when we give you price on No. 1 quality you may be sure you will get that kind and not No. 2 or No. 3 grade.

Take Lime For Tuberculosis

Take Lime for Iuberculosis

In the Journal of the American
Medical Association (July 27, 1912,
Page 308), Dr. C. F. Disen, of Minheapolis, holds that a "deficiency of cancium" (lime) is responsible for the
physical conditions which lead to tuberculosis, "and the therapy he advocates rests on this basis."

One of the reasons for the widespread success of Eckman's Alterative in the treatment of tuberculosis
is its ability to supply this deficiency.
It contains a lime salt in such combination with other valuable agents as
to be easily assimilated by the average person. Many cases seem to have
yielded to it.

We make no exaggerated claims for it, but prefer that it be tried on the same basis as any other prescription, and since it contains no opiates, narcotics or habit-forming drugs, it is safe. From your druggist or direct.

EVERY THREE MINUTES ONE DIES IN THE U.S.

The Anti-Tuberculosis Society illus-trates the frightful toll of consumption by extinguishing a light every three minutes, and shows that it is the man or woman, girl or boy, who neglects colds, whose blood is impure, who feels weak and languid, who is the very one to contract tuberculosis-and none are immune.

During changing seasons, or after sickness, blood-quality is most important, and if you and your family will take Scott's Emulsion after meals it will charge your blood with healthsustaining richness, quicken circulation,
and strengthen both lungs and throat.
Scott's is free from alcohol—easy to
take—it cannot harm. Get a bottle to-day. The old dances and one-step.—Adverscott & Bowar, Bloomfeld, N. J. 15-23

Matilda Evers Throws Away Her Cane

She Does Not Need It, Because Quaker Herb Extract Helped Her

The power of that most wonderful remedy, Quaker Herb Extract continues to be demonstrated in the most remarkable manner. Hardly does the enthusiasm of one great result subside when another report is received even more extraordinary than previous ones. There is no doubt that by this time every fair-minded person in Harrisburg has been completely convinced that the Quaker remedies are trustworthy, effective and curative. Since last October the Health Teacher has been at Keller's drug store, No. 495 Market street, almost continuously. His purpose was to get results from the Quaker remedies in all different parts of the city. He has succeeded because he has received at least one signed testimonial from nearly every prominent street in the city. Wonderful results in cases of rheumatism, catarrh and stomach troubles have been received from merchants, bankers, professional people, from men, women and children. They all come forward and cheerfully recommend Quaker Herb Extract. Last Saturday night, Miss Matilda Evers, age 31, who represents the Sweetheart Candy Co., said: I came here in November suffering with a severe case of rheumatism in maleft knee and ankle. My pains at times were simply awful and I spent many & sleepless night in a rocking chair, as I simply could not rest and the only relief I could get was to move my limbs continually from one position to another. To be able to move around at all I required the aid of a stout, heavy cane. Finally I decided to try Quaker Herb Extract and Oil of Balm, and I must now say that these remedies have surely surprised me. They not only afforded almost instant relief, but the general improvement was continuous. Since last Thursday I have been getting around without the aid of a cane. I have no more pain or stiffness and I must admit that these wonderful results are due only to the Quaker remedies.

These remedies are still being offered at Keller's drug store, No. 405 Market street, and the Health Teacher may still be seen there at all hours. Have a talk with him, he will be pleased to answer any and all questions pertaining to the remedies. If you cannot call, order by mail Quaker Extract, \$1.00 per bottle, 3 bottles for \$2.50, Oil of Balm, 50c.

All remedies sent promptly, prepaid, on receipt of price

Remember if you cannot call on the Health Teacher during the day, you can meet him in the evenings, as he remains at the store until 9 o'clock.
