How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2 1/2 ounces of Pinex, add to it one ounce of sugar syrup, mix into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered and you will be relieved in this way.

The above mixture makes a full pint—a full supply of the finest cough syrup that money can buy—a cost of only 64 cents. Easily prepared in 5 minutes. Full directions with Pinex. This Pinex and Sugar Syrup preparation stops right at the source of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter cough. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualiac, which is so healing to the membrane, which is so hard to dislodge, ask your druggist for "2 1/2 ounces of Pinex," do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

ACID STOMACHS ARE DANGEROUS

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines that act merely upon the stomach itself are useless in such cases, for they have the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its accumulation prevented, and the best thing for this purpose is a teaspoonful of Bisurated Magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little Bisurated Magnesia, which can be obtained from any druggist, and which is always kept handy.—Advertisement.

An Advance Statement as to the Celebrated February Sale of Furniture

BEGINNING Friday, January 28, the Wanamaker Store, Philadelphia, presents in a sale at reduced prices the largest and most valuable collection of home-improving furniture that ever came into the possession of any Store.

This Annual Sale has become a famous occasion to all the people throughout the United States, and its customers come from most distant points; from Texas, from California, from Oregon, and all the Middle West and South, because no other such sale exists anywhere, and the people know it; but it is particularly prepared for the people of Philadelphia and the environs of Philadelphia neighborhood.

It is the greatest furniture Sale in the world

There are no "seconds" in this Sale

It is a story wrapped up in the wonders of this great country, its past and its present and its future.

On our six acres of furniture selling floors here are more than 10,000 pieces of furniture, representing more than 200 great American manufacturers. Let your own knowledge piece out what bearing that has on the history of American accomplishment — what it means as to the men of the forest, the men of the lumber trade, the men of the mills and factories, the men of the ships and the trains, and the men of office and service and the men of merchandise — they and all their families and dependents. The population of the Wanamaker February Furniture Sale is big enough to people a city.

Besides the 10,000 and more pieces on show on the floors, there are the reserves that are almost past counting. One manufacturer alone is holding on call for us, to be brought into the sale as stocks go out, \$220,000 worth of medium-priced bedroom furniture alone.

Now as to some of the exclusive things

We have had people going over the whole world finding out the very best — for we felt that we must make the Sale as good for the palace of the millionaire as it is for anybody else. That is why the Sale has so much of the very fine sort of furniture that other stores don't have at all.

There are elaborately carved Chippendale hall mirrors, console tables and mirrors with various colored enamels and decorations; there is a fine William and Mary highboy with antique floral design; there is a solid mahogany Chippendale secretary, decorated with Chinese characters, and a mahogany pole screen, with antique decoration; there is a mahogany bedroom suite, black enameled, and striped with white, besides being decorated to match cretonne; there is an American walnut library suite in the style of Chippendale, finely carved and covered with wool tapestry copied from an old French weave; there are many old English pieces — long oak tables, chests, cupboards and benches — copied from some of the earliest furniture of Jacobean days. There are precious pieces for the boudoir, easy chairs, side chairs, day beds, Louis XVI and XVII in style and of antique ivory enamel. All in all, a collection of the world's best work in the arts of the world's best centuries.

As a show alone, if it were nothing else, it is very wonderful!

But it is more than a show just as it is more than a sale.

It is the realization of a vision of a great service to a great people.

Another collection of \$50,000 worth of very fine bedroom furniture has reductions throughout averaging 25 per cent. It is very beautiful furniture made in mahogany, American walnut, and some oak finished in an attractive gray color. Designs are Sheraton, William and Mary and Queen Anne. Most of the collection is made up of matched suits, ranging in price from \$25 to \$700.

On \$60,000 worth of new dining room furniture the savings are 15 to 50 per cent. On the \$220,000 worth of bedroom furniture held in reserve, there are savings of 25 to 50 per cent.

And so it goes, on and on and through the whole great collection — Savings! Savings! SAVINGS!

And the savings are savings on the highest grade furniture in the world.

Friday Will Be First Inspection Day. The new sale tags will all be in place by 8.30 A. M. Friday, January 28. People will make advance selections Friday, Saturday and Monday. Deliveries will begin on and transactions date from February 1. John Wanamaker Philadelphia
