

Parents Should Know This Splendid Remedy

Simple Laxative Compound Helps to Correct Constipation in Children.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy because of its mildness, and now always keeps a bottle of it in the house.

MARIE GAFF

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity. It is important that parents should know of a dependable remedy with no unpleasant after effects, griping or

strain. Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and can be procured at any drug store. To obtain a trial bottle, free of charge, write to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

Amazing but Rarely Suspected Truths About the Things You Eat.

CHAPTER II
Deadly but controllable and preventable diseases are attacking men and women as well as children. Are we seeking the cause?

Of the total number of deaths recorded among the 65.1 per cent. of our population, leaving 24 per cent. unreported, tuberculosis of the lungs, tuberculosis meningitis, and tuberculosis of the glands and bones were responsible for 23,421 deaths in the last year reported.

These figures represent only the number of those who perished of tuberculosis in that year, not the number of those who were afflicted with it, or incapacitated by it, or preparing to die through its visitation upon them.

Fifty-eight thousand nine hundred and seventy-three died of diarrhoea, and this number includes in no manner the number who during the year were stricken with diarrhoea and recovered. It simply indicates the fatal cases, representative of the wide prevalence of these diseases.

Cancer, rapidly on the increase, was responsible for 49,928 deaths. Dr. Curtis E. Lakeman of the American Society for the Control of Cancer, at the annual conference of the health section of the Southern Medical Association at Dallas, Tex., November 8, 1915, declared that cancer is increasing rapidly in the United States so that we now have 80,000 new cases each year.

Bright's disease, also on the increase, with acute nephritis, was responsible for 65,106 deaths.

These two diseases alone, which, as will be shown, authorities are now beginning to trace to food abuses, were responsible in one year for 136,034 deaths. This means that hundreds of thousands who have not yet died have cancer, nephritis or Bright's disease.

Appendicitis and diabetes, also rapidly on the increase, stalk along with menacing grips and attendant attendants of the great executioner.

The National Association for the Study of Tuberculosis informs us that in the year 1911 \$14,500,000 was spent throughout the country in the war against tuberculosis. About the same amount was spent in the year 1910. Since that time large sums have been spent. Of the total sum spent last year nearly \$15,000,000 was spent in the treatment of consumptives in sanatoriums and hospitals. Millions of dollars were spent by antituberculosis associations, open-air schools, dispensaries, and boards of health.

New York, Pennsylvania, and Massachusetts spent nearly \$10,000,000 annually fighting this disease. In the early part of 1912 State legislatures and other public bodies appropriated over \$10,000,000 to continue the work. The mission of these relentless figures is to arouse in you and your noble men and women is fighting out there in the field of sorrow with such poor weapons as they have.

They throw the light upon another weapon within easy reach, a weapon long neglected, a weapon the use of which can be learned not only by the adult but even by the child.

Washington, concerning the unsuspected causes of the annual deaths of the United States, let us consider two diseases—cancer of the stomach and heart diseases—both of which are rapidly increasing.

The rate for 1913 was the highest for any year during the period dating from 1900; just as the rate for 1912 was the highest shown for any year prior to that one. These are the exact words of the report.

"It is probable that many deaths returned as due to 'tumor' and to tumor of various organs of the body are in reality caused by malignant tumors or cancer. Unless this fact of malignancy appears in the statement of cause of death these returns are classified as benign neoplasms and under that heading are lost so far as the cancer total is concerned."

When these facts are considered, and also the fact that the registration area from which these facts were adduced comprises only 65.1 per cent. of the total population of the United States, it becomes clear that we now have in the United States a great many more than the recorded 50,000 deaths every year from cancer alone.

The report continues: "It will be seen that cancer of the stomach and liver is preponderant, as approximately 40 per cent. of all deaths from this disease were returned as caused by cancers of these organs. In quite a number of cases the cancer of the stomach was not stated on the death certificate and with regard to these cases the Bureau of Census was unable to obtain information as to the location of the disease."

As the liver and stomach act as the seat of the disease in most of the cases recorded, the facts tend strongly to prove the assertions of Dr. J. C. Thompson, pastor of St. James' Catholic church, officiated and burial was made in Mt. Calvary cemetery.

MR. WILHELM CONGRATULATED
Many friends called at the residence of Charles A. Wilhelm, 1706 Green street, to congratulate him upon his eightieth birthday. Mr. Wilhelm is one of the oldest Fellows in this part of the state, having been a member for over fifty years, and is known to thousands of men in fraternal organizations. He was for many years connected with the Pennsylvania Railroad, but is now retired, although one of the most active men for his age in the city.

BOY WILL LOSE EYE
While playing with several companions last evening Carl Elchelberger, aged 13, of Wornleysburg, was struck in the right eye by a piece of lime which one of the boys had thrown. Elchelberger was brought to the Harrisburg hospital, where physicians have little hopes of saving the sight of the eye.

SUITCASE NOT CLAIMED
An overcoat and suitcase of clothing recovered last night by William L. Windsor, Jr., superintendent of the bureau of detectives, and by Detective Speas, are unclaimed at police headquarters. The officers noticed a man carrying them and acting suspiciously. As soon as they started toward him he ran, dropping the coat and suitcase.

STEELTON JEWS Collect \$300

More than \$300 was raised here yesterday for the Jewish Relief fund through the efforts of the Young Men's Hebrew Association.

Twelve of the borough's prettiest Jewish girls, who conducted a tag day under the auspices of a committee from the association, collected \$139.

At the package party held in the Y. M. H. A. hall last evening another \$100 was raised. Louis Laborwitz, a front street merchant, acted as auctioneer and sold surprise packages containing anything from a paper of pins to a bag of flour. The bidding was brisk, thanks to the rally of the auctioneer, and more than 250 packages were sold.

The committee in charge of the gathering of relief money in Steelton expect to receive a number of contributions to-day which will still further swell the total.

Since the outbreak of the war more than \$6,000 has been raised for the American Jewish Relief fund in Steelton, many local Jews having formed the habit of making weekly contributions to the cause.

MARRIED BY SQUIRE
Miss Alice Heagy, of Middletown, and Joseph Glantz, of Steelton, were married last evening at the home of the bride's parents, Mr. and Mrs. Levi Heagy, State street, by Squire W. J. Kennard.

Martin Glantz, of Steelton, a brother of the bridegroom, was best man and a sister of the bride acted as bridesmaid. A wedding dinner will be served at the home of the bride on Sunday.

SOCIETY TO MEET

WORLD PEACE W. PENN'S IDEA

His Federation of the World Scheme Much Like New Proposition

DR. GEORGE W. NASMYTH
Local peace enthusiasts have made arrangements to hold a meeting at the Grace Methodist Episcopal church this evening at 8 o'clock for the purpose of organizing formally a branch of the Pennsylvania Arbitration and Peace Society.

One of the leaders expressed the opinion to-day that it was most fitting that Harrisburg, the Capitol of William Penn's Commonwealth should have a peace society. "It is a fact," said he, "that the great Quaker's outline for a federation of the world is, in substance, the plan of the more conservative peace advocates of the world to-day, including that of President Taft. The League to Enforce Peace is in essence based upon Penn's suggestions, put forward by him over two hundred years ago, all of which goes to show how far ahead of his time, at least in moral acumen was Pennsylvania's founder."

The principal speaker of the evening will be Dr. George W. Nasmyth, author of the "Social Progress and the Darwinian Theory: A Study of Force as a Factor in Human Relations," and of other current literature on the subject of "Economics and World Peace." He will speak on "America's Opportunity to Become the Leader in the World's Policies."

In reply to an item in yesterday's issue the Telegraph is in receipt of the following self-explanatory letter: "I take this opportunity to thank you and your paper (the Harrisburg Telegraph) for your kindness and promptness in publishing the article I sent you yesterday in reference to the groceries left at my home in mistake. Just to prove what a few lines in a good paper will do, I am very much pleased to state that last evening the owner of said groceries called at my home and claimed the goods. I should call this quick action due to an enterprising newspaper. Yours very respectfully, Frank McCarthy."

Declares President Wilson Is Champion "Flopper"

Special to the Telegraph

Washington, Jan. 28.—That lively times are in store for the House when it gets down to consideration of the Administration tariff commission bill was indicated yesterday when Representative Moore, Republican, Pennsylvania, started a debate that stirred the Democrats to a high pitch of fury. Moore charged that President Wilson was one of the leading political "flopsters" of modern times, and cited in support of his contention Mr. Wilson's alleged change of front on the Panama toll, on the one term declaration in the Baltimore platform and on a tariff commission.

Sproul Elected Head of Big Steel Corporation

Senator William C. Sproul is at the head of the new Pittsburgh and Seaboard Engineering Works lately organized, back of which are some of the foremost industrial captains of the country and has acquired the plants and business of the Kennedy-Stroh Corporation, Pittsburgh; Robt. \$1,000 Restaurant Tip Returned to Donor

Special to the Telegraph

Boston, Mass., Jan. 28.—After Mrs. Dudley L. Page, wife of the candy manufacturer, had lunched with friends at the Hotel Lenox, she serenely placed a \$1,000 bill for a tip on the waiter's silver tray. Most waiters are stoics and this one never even coughed, although he may have looked longingly at the door. Clerk Morse, however, took an affectionate look at the bill and sent it back with regrets, it being after banking hours. "I thought it was a \$10 bill," said Mrs. Page, as she smilingly exchanged it for an X.

LOOK FOR STOLEN AUTOS

The police have been notified to be on the lookout for an automobile owned by Harry Smith, of Heckton, which was stolen last night. The thief was reported heading this way in the car. The Philadelphia department has also asked the local police to be on the watch for five autos which were stolen in that city on Wednesday.

GIRLS TO PLAY

An added basketball attraction at Cathedral Hall to-night will be a game between the girls' division of the Hassett Club and the Moravian Parochial girls of Lebanon. The Rev. T. E. Johnson booked this game at noon to-day.
