BROAD STREET EVENING MARKET

Special Offerings 4 to 10 P. M., Sat.

The success of last Saturday Evening's Broad Street Market proved conclusively that we have just what the marketing public wants; a market easily accessible by trolley — within a 5-cent fare from any part of the city; a market where stalls are restocked with new, fresh goods; a market where each individual stallholder must maintain a certain high standard of quality and efficiency in serving the public; an Evening Market with all the advantages enjoyed in the Morning Market.

In addition to all of these qualifications, a number of the stallholders, as announced herein, have arranged some especially attractive offerings for the evening hours.

PLAN REVISION OF ASSESSMENTS

County Commissioners Intimate That Figures May Be Made Same Day as City's

Dauphin county commissioners intimated to-day that they will likely make such revisions in the county assessments in Harrisburg as will coincide with the valuations fixed by the city board of tax revision and appeals. The first city appeals were heard to-day, when a dozen or more first ward residents appeared. The commissioners went to Millersburg yesterday, but the appeals were very few. Less than a dozen turned up to make any protest. Want State to Help Pay for Road.—The County Commissioners in the near future may consider a plan for the building and maintenance of the old "Horseshoe turnpike," from Hummelstown to Campbelltown. County Controller H. W. Gough offered the suggestion. This is to ask the State to join with the county in maintaining and building the pike. If this is done, the toll road from Hummelstown could be abandoned. Renovating County Treasury.—The county of the county treasurer's office is being moved to provide more room behind the "cage," new desks are being installed and the room is being painted and papered. School Teachers Ask For Better Sidewalks and Street Crossings Better sidewalks and cleaner and more serviceable crossings in the streets in some portions of Sibleytown have been petitioned for by the people of that section and the matter will be referred to City Commissioner W. H. Lynch, superintendent of streets and public improvements. The Associated Aid Societies first took up the matter when the discovery was made that an unusual number of shoes for small folks were being requested. Investigation developed the fact that the youngsters—and grown-ups, too—were compelled to travel over wet and muddy crossings and over pavements that were in poor shape. Downey school children probably suffer more than any other group of residents. The teachers there have taken up the matter and they have joined with the parents of many of the youngsters in appealing to the bureau of health for relief. It is expected that Council will consider the matter next Tuesday.

3 MURDER TRIALS CONTINUED TODAY Kotur, Smith and Shuman Cases Go Over Until February Sessions

School Teachers Ask For Better Sidewalks and Street Crossings

Three men who must answer to Dauphin county juries on charges of murder were brought into court this morning while their cases were formally continued until February special sessions. This begins February 7. The trio was Nicolò Kotur, Steelton, and Harvey W. Shuman and Thomas "Country" Smith, of this city. Kotur seemed too much puzzled to know why he was being arraigned; Shuman was deathly pale; Smith seemed unconcerned. Smith's queer shirt made a color spot in court. He wore a blue flannel shirt with a red collar. Charles R. Miller, one of the eight offenders against the primary election laws who couldn't come into court during January sessions because he was ill, appeared to-day. He pleaded "nolle contendere" or "no defense." President Judge Kunkel fined him \$25 and costs, the same fine that had been imposed on the seven other defendants. Judge Kunkel made no comment in imposing the penalty. Other cases disposed of included: Maurice Woltz, the youthful gunman, who led ex-Justice T. V. Gardner in a running "gun fight" through Steelton streets a few months ago, was sent to the Huntingdon reformatory; Ray Stonieser will be sentenced in March sessions. He was convicted of pawing a watch he had stolen. Judge Kunkel took the occasion to criticize police officials who "take it upon themselves to forecast what disposition will be made of cases." Sentence was suspended on Harry Reese, charged with false pretense. Wilson Pottelger, who is on probation under a serious charge, was released to appear again in March sessions. Ball was forfeited in Jacob Judy's case. John M. Rutherford is the bondsman. He is charged with assault and battery but failed to appear in court this morning.

UNDERWOOD TO OPPOSE TARIFF COMMISSION PLAN Special to the Telegraph Washington, D. C., Jan. 28.—Senator Underwood, of Alabama, author of the Underwood tariff bill, announced yesterday that he will oppose President Wilson's plan for a tariff commission. Mr. Underwood intimated that his opposition would be of an active character. Mr. Underwood is not the only Democratic leader who is out of sympathy with this new proposal by the President. Representative Kitchin, majority leader in the House, does not favor the tariff commission idea, but probably will not actively oppose it. There's a message of interest to every housekeeper in Harrisburg on page 13 of this issue.—Adv

State Police Endorsed by Agricultural Board

During its session yesterday afternoon the State Board of Agriculture unanimously adopted the following resolution endorsing the State constabulary: "Whereas, We, the members of the State Board of Agriculture of Pennsylvania, feel that the work of our State Police has been of incalculable good, a benefit and help to the people of our State, especially in the rural districts where of necessity our homes are exposed to trespass and other lawless acts, and where they have given protection and assistance in time of need; and "Whereas, The great work they have done in preserving the natural resources of our State, such as the forests and game, and in enforcing the laws affording protection to our workers, our industries and commercial interests; and "Whereas, Their skill and service in times of misfortune, floods, fires and pestilence, in the control of which they have co-operated with the local and State officials, has been of untold value; "Be It Resolved, That we urge the continuance of the State Police in their present form, and that their membership may be increased as the needs of the State require."

MANY APPLY FOR LIQUOR LICENSES

Striplin and Fishman Applications Only New Ones Filed Thus Far Up until a late hour this afternoon only two new applications for liquor licenses for 1916 had been filed with Prothonotary H. F. Holler of the Dauphin county court. The applicants are Benjamin A. Striplin, proprietor of the Hotel LeRoy, East State street, and Samuel Fishman, proprietor of the Hotel Lennox, Market near Fifth street. Reports were current that an application for a relicensing of the old United States hotel, or Metropolitan Annex, would be made but up until within two hours of the closing time of the prothonotary's office, none had been presented. The report circulated in courthouse circles yesterday to the effect that application for licensing at the old Paxtonia Inn once more was vigorously denied by Mrs. M. P. Johnson, the owner of the Inn. This is now known as Lockwillow Farm, and Mrs. Johnson declared that there is no intention of asking for a liquor license at the place. Striplin's application for the privilege at 945 North Seventh street was filed along with his application for a relicensing at his present stand. The State has purchased the Striplin property for the extension of Capitol Park and the hotelman must move. He will formally ask the court's permission to transfer the license on February 14. To-day, however, is the last day for filing applications which will be heard on February 18. The papers that are in the prothonotary's hands before midnight cannot be considered by the Dauphin county courts in February. Striplin, however, doesn't want to risk losing out at his present stand should his application for transfer be refused. So he filed the requests for both places. COL. CHARLES C. PRATT, FORMER CONGRESSMAN Special to the Telegraph Binghamton, N. Y., Jan. 28.—Colonel Charles C. Pratt, a resident of New Milford, Pa., and Binghamton, and one of the Republican leaders of Northern Pennsylvania, died of grip yesterday. He had served as colonel on the military staffs of Governors Stone, Pennypacker and Tener, of Pennsylvania. In 1908 he was elected to Congress from the Fourteenth Pennsylvania district. NEWARK PAPERS SOLD Newark, N. J., Jan. 28.—The Newark Evening Star and Newark Eagle were purchased to-day by Nathaniel C. Wright, H. S. Thalheimer and H. G. Halsted from William W. Chapin, who bought the two papers on January 17 at a trustee's sale.
