EXPLAINS WHY MEN BOROUGH LOSES ARE GROWING BALD

Thousands of men are growing bald every day and don't know the reason save even what hair is left.

save even what hair is left.

This is indeed a pity, says a hair specialist who claims that baldness usually comes from carelessness and that anyone who gives the hair just a little occasional attention should always have an abundance of good healthy hair. Dust and dirth help to cause baldness by clogging the pores in the scalp and giving the germs of dandruff fertile ground for prolific breeding.

New DeputySecretaryAssumes

The treatment is very simple; wash out the dust and dirt with any pure soap at least once in ten days and destroy the dandruff germs by applying every other night Parisian Sage, a delightfully efficient preparation that hundreds of druggists recommend as the surest treatment to stop hair from falling, to remove dandruff and to refresh and invicorate the hair roots.

Of course, like all successful discoveries, Parisian Sage has been greatly flattered by imitations which makes it necessary to ask for it by name. The cost of a generous bottle is very little, and to supply the steady demand H. C. Kennedy always has an abundant supply on hand.

SADLER REFUSES THREE LICENSES

Remonstrances Bring Warning to Holder of West Shore Hotel Privilege

Special to the Telegraph

Carlisle, Pa., Feb. 1.—Judge Sadier, in the Cumberland county court this morning, handed down decisions in license cases where objections had been filed. He refused license to C. J. Mahoney for the Franklin House, Carlisle; C. B. Stambaugh, wholesale, Carlisle, and Robert Nixon, Big Spring Hotel, Newville.

Those granted this morning were: J. H. Seifert, West Shore Hotel, Wormleysburg; C. H. Thomas, Boiling Springs Hotel; Daniel N. Huntsberger, Central Hotel, Newville; John S. Low, wholesale, Carlisle, and T. J. Crowley, St. Charles Hotel, Carlisle.

The application of Charlotte K. Freyer for the Doubling Gap Hotel was held over for the present.

In granting the Wormleysburg license, Judge Sadler, censured Proprietor Seifert for violation of rules laid down by the court for licensed places and warned him that further offense would be considered in an action for revocation of the license.

that of Albany to Reading. Club owners were given ten days to decide definitely what action will be taken on the proposition. The salary limit was fixed at \$2,500, the season to open May 3 and close September 10.

George Cockill, representing Harrisburg, advised the magnates that the Pennsylvania city wanted a State league club, and that the necessary capital would be furnished to secure a franchise. He also proposed that the league be increased to ten clubs, but this plan was voted down. Nearly all of the club owners are in favor of Harrisburg coming in.

"Jimmy" Sheckhard representing Reading, attended the meeting, but did not put through any deal for the Albany or Troy clubs, which can be-purchased if the prices of the owners are met. Otherwise, President Farrell is empowered to make the changes thought best for the interests of the circuit.

Merger Will Be Completed Within Fortnight; Donner

Special to the Telegraph Philadelphia, Feb. 1.—Within a fortnight the long-looked-for consolidation of the Cambria Steel, Lackawanna Steel and Youngstown Sheet and Tube companies will be effected. This was learned last night from an authoritative source when it became known

which he later incorporated as the Donner Steel Company.

Rumor has it that Mr. Donner will step out of Cambria in a short time, as it is known that he is not in sympathy with the consolidation plans. During the past week he has held several conferences with those directing the deal and while no information is obtainable on the subject it is believed he has agreed to part with the 45,000 or 50,000 shares of Cambia that he now possesses.

45,000 or 50,000 shares of Cambia that he now possesses.

In the event of his handing over the reins to Mr. Replogle the president of Cambria and of Donner Steel would not be left in the cold. The Donner Steel Company, he believes, can be made a good proposition, and then he has quite a large holding in Pennsylvania Steel and may be dickering for control. The failure of the merger promoters to settle the deal before this date has disgusted many small holders of Cambria and recently this class has liquidated.

of Elimination.

Skin foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels.

The headache, the lassitude, the sallow skin, and the lusterless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Ind., says; "It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family standby in all cases where a laxative is needed.

Dr. Caldwell's Syrup Pepsin is sold in drug stores for fifty cents a bottle; Municipal League at its monthly meeting last evening.

So great has become the demand for moderate priced homes that it was declared there isn't a single desirable home in the borough now for rent and that quite a number of men employed in the borough have been compelled to take up their residence elsewhere.

To remedy these conditions the Municipal League decided to give what assistance it can to carrying out a plan for the formation of a cooperative building association.

President Harry C. Wright made a lengthy report on the convention of the American Civic Association in Washington, December 28-29, to which he was a delegate. He also reported that a large number of tables and some benches for Luther R. Kelker park have been completed and will be placed soon.

Evening gowns worn nowadays by women who probably mean well but are foolish are utterly disgusting, being cut in some cases almost to the waist line. These women do not do this to attract attention but because they are possessed by the idea that to be partly draped is fashionable.

To Censor Indecent Dress

"Most club women want to establish a general rule against indecent extremes in evening dress and a custom of making women's gowns conform to the following four rules: First, individuality, every woman trying to express her own ideas. Second, modesty, not Puritanism but a decent regard for what is proper. Third, good taste, a degree of art in the expression of individualism. Fourth, appropriateness. Young girls should not be dressed like matrons. Old women should not dress like girls.

"Many women suggest that if the present custom of sensational dressing continues an established ballroom censorship should prohibit women so gowned from appearing on the floor, exactly as indecent dancing, is forbidden."
