REDISTRIBUTION IS BEING STUDIED

Economy and Efficiency Commission Giving Attention to Offices on Hill

Questions of finding more space for busy departments of the State government and how to redistribute the rooms so that there will be no further necessity for renting quarters outside are being seriously considered by the State Economy and Efficiency commission.

One of the biggest problems is where to house the Public Commission, whose business is growing constantly and which is now occupying two houses in Capitol Park extension, which are shortly to be torn down, in addition to its offices in the Capitol.

The State Highway, Labor and Industry, Insurance and Health departments are all cramped for room and top floor places which were intended for storage are being employed. When the Legislature is in session the conditions will be worse because committee rooms which are now used by branches of the State government will be needed for legislators.

Some of the departments have more room than they need and the question of readjustment is now being worked out. Using Exposition furniture.—Furniture from the State Building in the Panama Pacific Exposition is now being used in the various branches of the State government here. Practically everything that could be transported was brought here from San Francisco and is being made to do duty instead of buying new pieces. The furniture is chiefly mahogany and fits in with the general plan of furniture at the Capitol.

Hope For More Cash.—Officials of the State fiscal departments are looking for February to bring in some increase in the revenue of the Commonwealth in order to overcome the exceedingly low condition of the general balance in the State Treasury, which is now less than it has been for twenty years. This month it is expected there will be a considerable increase in the amount of State taxes as the tax on premiums of foreign insurance companies is due. Heavy payments are also looked for from automobile licenses and some of the State tax disputes will be pushed to settlement. The new escheat act reports are now being filed without much complaint, the people interested having gotten used to the idea of making such reports. The National Reserve bank gave the State considerable assistance in making the reports.

Close of Inspections.—Inspection of organizations of the National Guard will be completed by officers of the United States army this week and in a short time an announcement will be made of the dates upon which the officers of the State will make the inspections. These will be held in March and April. The inspection by the officers of the regular army has been pushed to determine readiness for field service. The Tenth regiment inspection will be finished to-night and the sixteenth, the last to be inspected, will end with the week.

Expect All to Join.—Officials of the State bureaus in charge of workmen's compensation matters believe that it will only be a short time until practically every company doing liability insurance in the State will unite in the Central Inspection and Rating bureau, of which the State Insurance Fund is a member. This bureau will handle all ratings and inspections on which figures will be based.

Ex-Senator Here.—Ex-Senator John S. Fisher, of Indiana, was here to attend a hearing before the Public Service commission. Gives Up Compensation Line.—The Union Casualty Insurance company of Philadelphia has given up its line of compensation insurance. The company gave notice to State authorities yesterday. To Meet in Scranton.—The Public Service Commission will meet here on Monday and in Scranton Tuesday and Wednesday. More Properties Taken Over.—The Capitol Park Extension commission today took over more properties for the extension. Firemen's Shares.—The auditor general's department has announced that Harrisburg's Firemen's Relief Association will receive \$2,097 as the city's share of the insurance tax appropriated to firemen. Other places in the county will get: Berryburg, \$111; Dauphin, \$12.13; Elizabethtown, \$12.43; Gratz, \$2.96; Halifax, \$12.85; Harrisburg, \$2,097.27; Highspire, \$23.46; Hummelstown, \$49.31; Lykens, \$82.85; Middletown, \$67.58; Millersburg, \$97.45; Penbrook, \$17.83; Royaltown, \$37.76; Paxtang, 70c; Steelton, \$221.95; Uniontown, \$95.83; Williamsport, \$24.97; Swatara township, \$57.74. Trustees Names.—The following appointments by Governor Brumbaugh were to-day announced at the Executive Department: Trustees for the State Hospital at Coaldale, John R. Boyle, Conditale, H. L. Silliman, Pottsville; Edwin Ludlow, Lansford; Isaac Davis, Lansford, and Paul W. Houck, Shenandoah.

Very handy to carry in purse or pocket. Other sizes, 25c, 50c and \$1.00. All druggists. If your dealer cannot supply you, see us at our store, upon receipt of order. John I. Brown & Son, Boston, Mass.

Kins, John N. Wolfe, Ralph E. Waldo and Charles Cyrus Sheppard, all of Pittsburgh; Arthur L. Brockway, Aspinwall, and Park H. Kelso, Wilkesburg.

Has Not Resigned.—Adjutant General Thomas J. Stewart, who returned to the Capitol to-day from Washington, where he attended congressional hearings on the militia bill, declared that Colonel W. F. Eidell, of the First Infantry, Philadelphia, had not resigned, but would serve out his commission, which will expire February 23. General Stewart refused to discuss the military situation.

One-Way Case Again.—Testimony as to how the operation of the Public Service Commission ruling making one-way tickets good both ways has affected the Pennsylvania and Reading systems was heard by the commission to-day, it being stated that there were no difficulties which could not be worked out. The commission has arranged to hear argument at a later date on the application of the Bell, more and Ohio, Lackawanna and other railroads to have it set aside. Practically every trunk line operating in Pennsylvania was represented to-day at the hearing.

Livestock Valuable.—The State Department of Agriculture in a bulletin to-day declares that Pennsylvania livestock ranks high, but the sheep raising is on a decline. The Keystone State livestock is rated at 2.5 of all the livestock of the country, the percentage of milk cows in the state being 4.3 of those in the country. The sheep industry is falling off, the total number of 806,000 being a drop from 1,020,000 ten years ago. The percentage of improvement of Cumberland county livestock by introducing pure-blooded stock, while in fifty-five counties of the State the condition of dairy cows is either normal or above the average.

Close to Eight Thousand.—The State Workmen's Insurance Board was today informed that the number of policies written by the board was now close to 8,000.

Enck Complains.—An unusual complaint was filed at the Public Service office to-day by W. W. Enck, of Leaning, against the Pennsylvania Consolidated Water Company. He contends that the company wanted to charge him for two meters for a building containing two apartments and a printing office. He thinks he should pay for only one.

Arrests Made.—Agents of the State Dairy and Food Commissioner to-day brought suit against ten persons in Philadelphia for the sale of candy not up to State standards.

COLOMBIA TREATY SLIGHTLY ALTERED IS REPORTED OUT

Reduces Proposed Payment to \$15,000,000 and Provides Mutual Apology

Washington, Feb. 2.—Reducing the proposed payment to Colombia from \$25,000,000 to \$15,000,000 and altering the proposed apology of the United States for the partition of Panama to make it a mutual expression of regret on the part of the United States and Colombia, the Senate Foreign Relations Committee today ordered a favorable report on the long pending Colombia treaty.

The vote on the treaty was eight for to seven against. Senator Clark, of Arkansas, was the only Democrat voting against it.

By a vote of ten to three the committee also favorably reported the treaty to pay Nicaragua \$3,000,000 for a canal route and naval bases in the Bay of Fonseca.

The action of the committee today means that the treaties will be brought into the Senate for ratification with the full force of the administration behind them as part of its plan to further harmonious relations with all Pan-America in consonance with the broad general policy of Pan-Americanism outlined by President Wilson and Secretary Lansing at the recent Pan-American Congress here.

Fight Is Expected
The heavy fight is expected over the Colombia treaty. Such a change as the majority of the committee now proposes to make will necessitate further negotiations with Colombia, which already has accepted the convention on the basis of the United States paying \$25,000,000 and expressing regret.

Some of the opposition to the treaty is based on the report that Colombia intends to use the money she would receive from the United States for offensive operations against Ecuador, over a long-standing boundary dispute. Pan-American diplomats see a connection between that phase of the situation and Secretary Lansing's proposal to bind all the Pan-American republics to arbitrate the boundary disputes and to agree to suppress shipments of munitions to revolutionaries among them.

ENROLL FIRST YEAR PUPILS
Yesterday the first chance was offered to enroll pupils in the first grade schools of the city during the midwinter session. The children who are old enough to enter the public schools will be admitted during the next two weeks. It is expected that probably 100 pupils will be enrolled in that time.

BIBLE CLASS TO MEET

STEELTON AND NEARBY TOWNS

FIRST BULGAR MAIL ARRIVES

Like New Born, Declare Bulgars Freed From Rule of Serbs

The first mail from "home" since Bulgaria, lured by the promise of the freedom of Macedonia, mobilized her armies and cast her lot with the Teutonic allies in the big war across the sea, was received by Steelton's prosperous West Side Bulgarian colony yesterday.

When a postman walked into the general store of John Dundoff, Main and Franklin streets, and tossed a packet containing some fifty odd letters and cards, all bearing the familiar Bulgarian stamp, upon the counter there was a buzz of excitement. In a few minutes the news spread and there was a big gathering at the Dundoff store. Last evening the entire colony gathered in a big Main street hall to celebrate.

That there was cause to celebrate is evident from an extract from one of the letters. It was written by Dimitri Dundoff, a brother of Tascodundoff, 438 Main street, and John Dundoff, two merchants, Dimitri is proprietor of a large general store in Ferlip, Macedonia, once a part of Bulgaria, later given to Serbia but now held by the Bulgarian army. The latter says:

"Under the beneficent rule of the Central powers we are free. It is like a new birth. You fortunate ones in America don't know what it has meant to us who have been forced to live in Macedonia under the tyrannical rule of the Serbs since the last unfortunate Balkan war."

How to Cure Rheumatism
Here is a prescription for rheumatism (easily mixed at home) used all over the U. S. for many years and said to be the surest remedy; neutralizes the acid in the blood and gives results after first dose. "One ounce of Toris compound, one ounce syrup of Sarsaparilla. Put these two ingredients in half pint of whiskey. Use a tablespoonful before each meal three times a day. Get ingredients at any drug store. Genuine Toris comes only in one ounce sealed yellow packages."

Surest For Coughs and Colds
Don't experiment on a bad cough or cold. It is very risky. The following formula easily mixed at home makes one of the best and quickest cough remedies obtainable, often curing the worst cough in a day. Pine as medicine is as old as the hills but here is best form. Half ounce of Globe Pine Compound (Concentrated Pine) and two ounces of Glycerine; mix these in half pint of whiskey. Use a teaspoonful frequently as required. (Smaller doses to children.) Be sure to get the genuine Globe Pine Compound. (Concentrated Pine), put up only in half ounce bottles, each enclosed in a screw-top case.

Frost Bites, Corns and Sore Feet
Don't endure foot agony. Here is a remedy for quick results. It works through the pores removing the cause. "Two tablespoonfuls of Calceola compound in warm foot bath." Gives instant relief for itching and swollen feet; corns and callouses can be peeled off. Specially effective for sore bunions. Chills and frost bites. Genuine Calceola in twenty-five cent packages at any drug store. The above is published by the Medical Formula Laboratories, Dayton, O.
