### A YOUNG LAD'S REASONS FOR NOT LIKING THE GIRLS

In the November AMERICAN MAGAZINE George Fitch writes another installment to his delightfully amusing Homeburg series entitled "Sam and I." Following is an extract in which one of the characters tells why he does not care to go with the girls:

"I did not care to go with the girls. I had nothing against them. They were necessary, and all that, but I just didn't care to be around them."

might possibly have been persuaded to walk up and hang around a starving tiger, but the person who wanted to introduce me to a girl would have had to knock me down and introduce my mangled remains. I felt just that way about it. I was not exactly afraid of them. I was just stubborn and exclusive. I liked to be by myself whenever there was a girl around. My ears felt cooler. A ruthless older girl tried to intrude on my privacy once, shortly after I entered high school, to give me

a message to my mother. With the best intentions in the world and no doubt with intense surprise she chased me five blocks, and very nearly wrecked my scholastic career right there. I did not go back to school for several days.

## MOUNTED SCOUTS ARE DARING LOT OF ROUGH RIDERS

Siberians, Merry and Hardy Have Often Defeated Ten Times Their Number

Headquarters of the Russian Army of the Center, Jan. 23.—(Correspondence of the Associated Press.)—One of the most perilous branches of army service in Russia is that of mounted scouts, an organization peculiar to the Siberian corps. There are one hundred of these scouts to each regiment, and a harder, more daring lot of rough riders would be hard to find. They are for the most part plainmen, whose life has been spent in the open and on horseback.

This organization played an important part in the Japanese war where by their impetuous attacks they saved the Russian troops in many instances from heavy losses. After the Japanese war they were disbanded, but with the outbreak of the present conflict, were reorganized by Captain Benjamin Pessotsky, who became their commander. During the recent months while the Russians and Germans have been facing each other in the trenches these scouts frequently have raided the German lines and during the last week in November on the eastern front they bagged a German staff, consisting of two generals, a doctor and six noncommissioned officers. A colonel and many soldiers were killed in the action.

The following incidents concerning the scouts' activities earlier in the war were given by an officer at the front who participated in events related. At 3 o'clock on the afternoon of September 29th the last companies of the first division left their positions before Warsaw to go to other parts behind the defenses of the city. The entire defense of the city was left to the Siberian scouts. Commander Pessotsky, who had remained with the scouts took upon himself to order his men to spread out and occupy the left wing of the positions between Yulanova and Novo Ivitchni, in front of a woods.

## FLUSH KIDNEYS WITH SALTS IF BACK IS ACHING

Noted authority says we eat too much meat which clogs Kidneys.

Take glass of Salts when Kidneys hurt or Bladder bothers you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.
