A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with cod liver oil, naming them Dr. Edwards' Olive Tablets, which they know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

GERMAN PLOT TO STRIKE CANADA IS NOW RUMORED

Secret Service Find That 200,000 Rifles Were Sent to Border From New York

WELLAND CANAL GOAL

To Dynamite Waterway to Hold Wheat; Officers in Disguise Organizing Force

Special to the Telegraph. New York, Feb. 7.—Facts tending to prove the existence of a German plot to invade Canada for the purpose of destroying the Welland Canal, the object of which is to prevent the shipment of wheat to the allied governments, have been uncovered by detectives of the Canadian Secret Service.

Scores of Trained Men Here

It has also developed that during the last six months scores of trained German army officers have come to this city in the guise of Belgian refugees, Scandinavians and that these are now secretly organizing large companies of Germans with the avowed purpose of making a raid upon the Welland Canal.

Another important development in the statement of one who is well conversant with the situation that nearly one-third of the munition containers entered into by the allied governments with American manufacturers have been let to Germans under assumed names, and that these munitions have been stored away in places not yet discovered by Canadian Secret Service agents.

To Come Within Two Months

That the raid of this army of Germans is designed to be carried out within the next two months was the statement made by one Canadian authority last night. According to the director of a leading munition plant, whose name for obvious reasons cannot be disclosed at this time, not a single rifle contracted for by the allied governments in the year of 1915 was shipped to Europe prior to last November.

SALONIKI ATTACK SEEMS IMMINENT

ordinary. The latest official bulletin from Constantinople reports changed conditions for the Turks who apparently have recently been under extremely severe pressure by the Russians. Although the Ottoman forces around Ezerum seemingly have not been successful in undertaking an offensive, they have been able to repulse all the renewed Russian attacks, they declare.

German Pounding Away

The heavy guns of the opposing armies are striving for dominance in important sectors of the Franco-Belgian front. Berlin to-day reports artillery battles, which it characterizes as "terce" between La Bassée canal and Arras, and south of the river Somme, and likewise a vigorous bombardment of Lens by allied artillery.

CAMBRIA STEEL IS TAKEN OVER

[Continued From First Page.]

Excitement in Street

On the Stock Exchange to-day Cambria stocks opened at 75 to 75 1/2, against Saturday's closing price of 77 1/2 and quickly advanced to 79, then back to 75, later advancing to 79 1/2. In the first hour there were transactions of 73,000 shares. Not since the exciting flurry in Reading in 1893 has there been such heavy trading in a stock on the local exchange.

Statement by Donner

While it is true as reported that the negotiation for the combination of Cambria Steel Company with other steel companies has been abandoned, it is desirable that the stockholders be informed that other negotiations looking to the sale of the stock have been practically consummated at \$81 per share cash. It is expected that a formal announcement will be made very shortly.
