

WEAK WOMEN!

A Pennsylvania Woman Testifies
Corry, Pa.—"When I got into that condition where a woman feels dragged out all the time, I began taking Dr. Pierce's Favorite Prescription."

"The last ten years have recorded a steady reduction in the general death rate in all ages under forty years, but there has been a simultaneous increase in the death rate between forty and sixty years, due largely to digestive, circulatory, and kidney diseases."

It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time. Get it now!—in liquid or tablet form.

ACID STOMACHS ARE DANGEROUS

A Physician's Advice on Cause and Cure
A New York Physician who has made a special study of stomach and intestinal diseases says that nearly all intestinal troubles, as well as many diseases of the vital organs, are directly traceable to a deranged condition of the stomach.

GENTLE RUBBING HELPS VARICOSE VEINS

Rubbing the swollen veins nightly for about two minutes with a gentle upward stroke brings benefits to sufferers and is mighty good advice, says an authority.

DO YOU KNOW YOUR HUSBAND ALWAYS REQUIRES HIS BARBER TO USE GLOVERINE TALCUM

Stock Transfer Ledger

The Pennsylvania Stock Transfer Tax Law (act of June 4, 1915) which is now in effect, requires all corporations in the State, no matter how large or how small they may be, to keep a Stock Transfer Ledger.

CHAPTER 14

"Dust thou art and unto dust thou shalt return" as a law of life, not a symbol of death.
Dr. Slade, continuing his comments upon the disturbing results of the examination of the health of the employees of the New York City Department of Health, said:

"The last ten years have recorded a steady reduction in the general death rate in all ages under forty years, but there has been a simultaneous increase in the death rate between forty and sixty years, due largely to digestive, circulatory, and kidney diseases."

"Our investigation shows that the extension to the community at large of the plan now begun by the New York Department of Health in safeguarding the health of its employees would add several years to the life of the average individual."

"The great question is: 'Why does not the State make an attempt to get at the real cause of these diseases and instruct the people how to remove the cause?'"

Flower-Studded Armlet or Anklet, Society's New Fad

ROSE AS ARM ORNAMENT. Photo by MOORE, N.Y.

New York—The latest feminine craze is so effective, yet simple and inexpensive an addition to the evening toilet that it is being universally adopted.

It consists simply of a band of ferns set off with a red rose, or if desired, the wearer's favorite flower.

This decorative flower jewelry is worn about the curve of the upper arm, which is left uncovered in all its natural beauty.

Just imagine a perfectly formed arm. Then leave this arm entirely undraped from shoulder to finger tip. About the cosy curve of the upper arm, against the whiteness of the skin, twine a small bit of feathery fern.

The effect is striking. The very simplicity of the idea gives it instant attention. During the past few days a number of prominent young women have appeared with simple flower ornaments.

Nor is the flower ornament confined to the better display of an attractive arm. Some of the more artistic have managed to find a way to call attention to a superior attraction by the same method. A woman whose pride is aainty foot and ankle deftly hangs her green band and rose setting about the ankle.

The New Labor Law

The new Workmen's Compensation Act is now in effect. If you are an employer of labor you should be familiar with every phrase of this most important piece of legislation. We are prepared to supply this act in pamphlet form with side headings for easy reference. Single copies 25c with very special prices on larger quantities.

PA. INDUSTRIALS KILLING BIG ARMY

Commissioner Jackson Predicts 300,000 Injured and 6,000 Killed in 1916

Before 1916 is ended the industries of Pennsylvania will have injured 300,000 men and killed 6,000 more, is the prediction made last evening by Dr. John Price Jackson, of the State Department of Labor and Industry, unless immediate action is taken by the manufacturers of the State to provide greater safety measures in their plants.

Commissioner Jackson's prediction was made following the receipt of reports at the State Department of Labor and Industry showing that 1,010 men were injured and 21 killed in one day recently. The commissioner immediately issued an urgent appeal that every employer in Pennsylvania should form a safety organization and call upon the Department of Labor and Industry for every aid in the promotion of the safety work.

problems of manufacturing and producing. If this is done before the year is out, the terrible toll of human life and energy will be reduced by half. The first responsibility falls on the employer. His first step should be to call immediately his chiefs together and form a safety organization, composed of those in authority and the workers. This organization should immediately start an active propaganda to promote individual carefulness and to reduce unnecessary hazards.

Letter List

LIST OF LETTERS REMAINING IN THE Post Office, at Harrisburg, Pa., for the week ending February 5, 1916: Ladies' List—Miss Daisy Banker, Annie Brackley (D. L.), Ethel R. Davis (2), Mrs. Lucy Davis, Miss Elizabeth Fountain, Miss Ella Gearhart, Mrs. Mary George, Mrs. Blanche Harper, Mrs. E. C. Hartzler, Mrs. Herman, Miss Alice Jackson, Mrs. Alice Kepple, Mrs. Charles E. Leddy, Mrs. Susan Lynch, Mrs. Maud

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

I. Snyder, A. C. Stanley (D. L.), David Swager, T. Edgar Schell, Chas. Simmons, Clarence Travis, Herbert F. Watson, Russell Wileman, Lloyd Workinger, Wm. Yeater, Charles H. Young. Firms—The Aquarail Painting Co., Federal Adjustment Co. (D. L.), General Publishing Co., Industrial Securities Co., Royal Washing Powder Co., Jos. R. Thompson & Co. Foreign—Johan Jozsef, Johannes Heller, Tevezsja Puhau. Persons should invariably have their mail matter addressed to their street and number, thereby insuring prompt delivery by the carriers. FRANK C. SITES, Postmaster.

CHOKER THE SNEEZE, PLEASE OR YOU WILL SPREAD GRIP!

RULES FOR FIGHTING Grip and Pneumonia

Avoid crowds, keep away from people who cough and sneeze. Don't ride in street cars when you have only a short distance to go—walk. Sleep with windows open and breathe deeply. Avoid mouth breathing, avoid crowded theaters and movies. Keep throat antiseptic with Oxidaze. IF YOU GET THE GRIP Cover your face when coughing or sneezing and don't expectorate in public. Allow an Oxidaze tablet to dissolve in mouth every hour or so. Druggists everywhere sell them on a positive guarantee that they will stop a cough or the grip or money back, no one who has a cough or cold or the grip can lose by giving them a fair trial. Be sure to insist on Oxidaze and take nothing in its place. A single package taken now may easily save many dollars in doctors' bills in future.
