

Makes Your Stuffed, Germ-laden, Catarrhal Head Clear as a Bell

When you wake in the morning plagued with the tortures of head colds and catarrh, head, nose and throat stopped up, air passages clogged with obnoxious catarrhal discharges that have collected during the night and you can hardly breathe—just put a little Hyomei Pocket Inhaler charged with the pleasant healing oil of Hyomei between your lips. Hold it there while dressing and breathe the medicated, antiseptic, germ-killing air deep into your nose, throat and lungs with every breath you draw.

By the time you are dressed your head will be clear as a bell, you will breathe with ease and comfort, eat your breakfast with a relish and go about your day's work with a clear brain and steady eye.

This clean smelling, germ destroying air of Hyomei penetrates deep down into every fold and crevice of the membranous linings of your nose, throat and lungs where no liquid spray could possibly get and absolutely kills and drives out of your system every germ it finds there, heals the inflamed swollen tissues and after the very first trial you notice a wonderful improvement. A few weeks' use and every catarrhal germ is killed and driven out of your system.

Druggists everywhere think so well of Hyomei that they agree to give you a guarantee with every complete inhaler set you purchase that if it does not satisfy you they will gladly return every cent you paid for it, but if using for the first time be sure to ask for the complete Hyomei Pocket Inhaler outfit as the smaller package does not contain the inhaler. H. C. Kennedy, the inventor, is a pleasure to see and hear. Truly, this is a melancholy description of the poor girl's apparent plight.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull aching head, sallow complexion, acid stomach, or who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.—Advertisement.

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gently yet positive. There is never any pain or cramping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists.

PLAYS AND PLAYERS

James K. Hackett and Viola Allen are co-stars in the sumptuous production of the revived Shakespearean roles before, but not extensively, and it has always been his desire to keep the immortal playright before the public. Several years ago, when he was playing in "A Grain of Dust," and acting for the movies, he was even then planning a big surprise, the springing of which has evidently just taken place.

Ruth St. Denis has returned to vaudeville. She has always been a drawing card for the two-day form of amusement. Wonder if she and Ted Shawn, the "beautiful" man, can't agree or whether the full evening performance idea doesn't satisfy her.

Poor Rose Stahl! says a New York newspaper, criticising the production "Moonlight Mary," in which Miss Stahl has a part. Poor Rose! She is rapidly becoming the Johnrow of her sex, wandering from pillar to post and being pitifully to be given a regular part in at least a half-regular show. It is always a pleasure to see and hear her. Truly, this is a melancholy description of the poor girl's apparent plight.

George Bronson-Howard, the distinguished playwright, author of "Snobs" and a number of other plays, has gone to California to write exclusively for the Jesse L. Lasky Feature Play Company.

LOCAL THEATERS

Tonight—Harry Lauder
 A new song by Harry Lauder has become something of an epoch and when it is announced that he will sing at least six new ones during his visit to this city at the Orpheum this evening, it is readily understood that there is something worth going to hear.

Mr. Lauder, on this occasion, will be making his eighth annual tour of America, the longest he has made. The company will include the Al Golem troupe of sixteen dancers, acrobats and comedians, who have never appeared in this country before; Mlle. Lucille and her talking Cockatoo; Selwyn Driver and his humorous and novel piano specialty; Dave Generao and Isabelle Jason in a series of dances, and Albert Donnelly, the silent humorist, in shadowgraphic art.

TO "ROOF OF AMERICA" (GLACIER NATIONAL PARK) WITH LYMAN H. HOWE

The date for the return engagement of Howe's Travel Festival at the Orpheum is Friday and Saturday, with daily matinees. An entirely new program will be presented, which includes trips to the Swiss Alps, Madeira, France, Holland and Italy. Also trips "abroad at home" to Glacier National Park and through a great American industry representative of our era in product, magnitude, organization and inventive skill—the Willys-Overland automobile plant in Toledo, Ohio. Also there will be some revelations of nature's secrets such as curiosities of crystallization, some acrobatic "stunts" by little-known insects, and the movements of feet-footed animals reproduced so slowly as to seem weird and uncanny.

Coming Soon
 This morning a little bird whispered in our ear that there were a few prizes in store for us if we would be patient and allow the Lyman H. Howe's Travel Festival and the "Birth of a Nation" to have their run at the Orpheum Theater. After that is over, and by the way, how are you advised to get seats early for the Griffith spectacle, the management will bring to Harrisburg several productions which have been much talked about. "Potash and Pearl-mutter," with their reputed immortal line of wit and wisdom, will be here in a few weeks. And after that "Page-

ant," with the distinguished George Arliss, a play which Chicago critics describe as "better than Diarrhea."

Did Mary Page murder the man she hated? "She did," says the district attorney, and the jury Third Episode is almost convinced that he is right. "I was delicious; I don't remember! Perhaps I did!" says Mary Page. "No! It can't be true!" cries Philip Langdon, her sweetheart, as he leaps into a battle for her life. Before the case goes to the jury four persons, including Langdon himself, are under suspicion. An astonishing series of detective tricks lead up to the denouement and all is so mysterious that the interest never lags a second. Every episode is a complete picture in itself. To-day the third episode is shown; also, a specially picked program, including a four-part Vitaphone feature entitled "The Making Over of Graftney Manning." It is the story of the rejuvenation of a man.

To-day will present local moving picture lovers with their last opportunity to see the splendid Colonial Shows Griffith Fine Arts play, "Really Funny" "The Missing Link," "Triangle Play" with Robert Harron and Norma Talmadge, as well as the Keystone comedy, "Because He Loved Her," with Sam Bernard. Triangle audiences who have wondered how Mack Sennett can get so much material into thirty minutes of a hilarious Keystone, are given much cause for speculation. Sennett first shows a restaurant in a kitchen where the favored patron sits; he wrecks a taxi-cab in a chase through the streets, stone police force and two ambulances, and makes Bernard drive a motorcycle through a brick house and a lunch wagon. Sam Bernard has one of the funniest roles he has appeared in in moving pictures.

The Kokomo Girls at the Majestic are not only unusual in an athletic sense, but they are just as unusual as bright. "Baby Helen Leaves" "The Schoolmaster" Arrives pleasing a d clever tainers. These pretty girls gave Harrisburg a good shiver yesterday morning by merely having their pictures shown in which they were seen at eximistic frolic on the Island Park playgrounds. They are just as attractive as vaudeville entertainers and their last engagement at the Majestic to-day will probably witness large audiences. On the same splendid offering Baby Helen, vaudeville's most celebrated little girl comedienne, is singing some original songs in her own cute little way.

"The Schoolmaster" is the title of a school frolic with song that will occupy the covered position of the Majestic bill for the last half of the week. Pretty girls, funny comedians and a school teacher, who is a very clever comedy character, will provide the tuneful laughter. Another well-known vaudeville team of the new bill
