RAILROAD RUMBLES

CAUSE OF FIRES IS CARELESSNESS

ASKS PUBLIC TO HELP RAILROADS

Pennsy's Total Losses on All Lines; Sparks From Engines Big Factor

New Haven President Urges More Reasonable Treatment in the Future

Carelessness among the employees was responsible for eighteen fires sustained by the Pennsylvania Railroad Company during 1915...

Washington, Feb. 9.--"The Malady of the Railroads" and means for its cure were discussed yesterday before the Chamber of Commerce of the United States by Howard Elliott...

The Pennsy during 1915 suffered 1,028 fires and a total loss of \$275,750.96.

"The country should turn from its punitive policy because errors of the past have been eliminated, and there is ample protection against a recurrence of them in the future...

The report calls attention to the fires caused through absolute carelessness, ten fires resulting due to lighted cigarettes and cigars.

"First. The public thoroughly realizes that the railways are no different from any other kind of business in their ability to increase expenses and at the same time reduce or not advance the price of the article they have to sell.

Locomotive sparks caused 629 of the total fires, over 600 cars being partially destroyed.

"Second. The public realizes that extreme and conflicting regulations is hurting them.

Sparks Big Factor

Fourth. Instead of passing additional laws an account is taken of those now in existence, to be followed by classification, amendment and repeal some of them.

The biggest losses of the year were sustained in cars being totally or partially destroyed by fire.

"Sixth. The nation has a right to expect of every man that he give the maximum of personal and mental effort in whatever position he occupies.

The company property in Altoona was but slightly damaged due to fire in 1915.

"Seventh. Men of commerce give more attention to these important questions and use their influence with lawmakers and executives in an effort to bring about a more reasonable treatment of all business, including that of the railways."

A Great Message for EVERY RAILROAD MAN SUNDAY AT Derry St. Bible Class.

WIDING RANGE IN LIVESTOCK PRICES

Horses in State Run From \$92 to \$142; Mules, \$100 to \$154; Cows, \$39 to \$72

PURE BREEDS HIGHEST Big Gain in Number of Horses Despite Rapid Increase of Rural Autos

Wide ranges in prices for horses, mules and milch cows on the farms of Pennsylvania, with the counties where pure bred stock has been introduced standing out prominently in the averages, are shown by figures made public to-day by the State Department of Agriculture.

The average price of horses range from \$92 in Green county to \$142 in Northampton and \$141 in Schuylkill.

Mules are highest in Philadelphia at \$154 and lowest in Greene at \$100. Some of the higher averages are found in Northampton, Delaware, Lehigh, Lancaster, Carbon, Montour, Schuylkill and Westmoreland.

The figures show that despite the rapid increase in the number of automobiles in the rural districts, forty-four counties of the State show an increase in farm horses over the figures of last year at this time.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health--

Frankfort, Ky.--"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever. I did all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice--it will be confidential.
