WATCH COUNTY ASSESSMENTS

State Taking Care That Valuations Are Not Let Slip Down

Probably that an effort will be made in the next Legislature to secure the repeal of the act providing that all of the tax on personal property should go to counties instead of to the State retaining one-fourth as in years gone by has caused State officials to keep in close touch with the manner of assessment in the counties and a compilation of the valuations as returned by the counties for 1915 is being made at the Capitol.

Under the State administration of the tax the values went away above the billion dollar mark, Pennsylvania returning more personal property for taxation than any other State and last year when the 1914 figures were made up it was shown that some counties had slipped back, although there had been no marked loss of wealth.

1,000 Injured Every Day.—More than a thousand workmen in one branch of industry or another in Pennsylvania are injured every day, according to reports received at the bureau of statistics and information at the Department of Labor and Industry.

Cumberland Gets Fish.—Distribution of young trout which has been successfully carried on by the State Fisheries department in a number of the southwestern counties of the State the last two weeks in spite of the weather, will be started next week in Lackawanna and Luzerne counties.

School Fund Grows.—The State's permanent school fund will go over \$200,000 in its permanent investments in a short time as it now has \$184,000 invested in bonds and nearly \$20,000 in cash to its credit in the State Treasury.

Find Many Employment.—The Bureau of Employment of the Department of Labor and Industry found 363 unemployed workers during January. At the Philadelphia offices 267 positions were filled by 233 men and 29 women.

Complaint From Easton.—Complaint was filed with the Public Service Commission this morning by the Pennsylvania Utilities Company, whose offices are located in Easton, Pa., against the Lehigh Navigation Electric Company and the Kramer Hosiery Company, of Nazareth, Pa., on the ground that the Lehigh company has been supplying light, heat and power within the borough of Nazareth without a certificate from the Public Service Commission and without lawful municipal consent.

Auto Receipts Break Records.—The receipts of the automobile division of the State Highway Department up to and including February 9 for 1916 are \$2,709. The total receipts for the year 1914 were \$1,846,550. It is expected that the receipts from the registration and licensing of motor vehicles in Pennsylvania for 1916 will exceed \$2,400,000.

Fight Compensation.—A dispatch from Mahanoy City says: "The Lehigh Valley Railroad Company will be the first corporation in the State to test in court the compensation act. The company has refused to accept its decision in the case of William Riddle, who was killed by his own train in the Delano yards January 5, leaving a wife and three children. The railroad company has refused to accept the claim, and it puts up the defense that it is subject to interstate and not state regulations."

Has Relatives Here.—Robert A. Pitts, just appointed chief of the Philadelphia elevator bureau, is a brother-in-law of H. C. Motherwell, supervising State elevator inspector. Mr. Pitts is a Republican leader of Philadelphia and also one of Philadelphia's best known architects and builders.

N. G. P. Changes.—Major William A. Raub, of the Thirtieth Infantry, National Guard, of Pennsylvania, Scranton, was today appointed lieutenant-colonel. Colonel James H. Bigler, of the Eighteenth Infantry, Pittsburgh, was today placed on the retired list of the National Guard at his own request.

Boy at Alter Home.—Word was received at the Capitol today that a boy had arrived at the home of road commissioner George E. Alter. The Speaker's family consisted of two girls. Friends of the noted Pittsburgher wired him their congratulations.

MILLS BOOKING 1917 BUSINESS

Rush of Orders Unparalleled in History of Steel Trade, Declares Iron Age

Unprecedented demand for iron and steel products, declared the Iron Age in its weekly steel review today, has caused such a rush of orders upon the steel manufacturers that many of them have already booked business for delivery in the first quarter of 1917, and that practically every mill has all the orders it can handle during 1916.

Says that journal: "The heavy business in finished steel put on the books of the leading steel companies in the past two weeks has resulted in a situation unparalleled in the history of the trade. It now appears that the largest producers are sold up for 1916 on heavier products, particularly shapes and plates, and that they have little left for the fourth quarter in lighter products."

"Considerable sales of plates and shapes have been made for the first quarter of 1917, more especially to shipyards, and in some cases 2,250,000 lbs. in some cases 2,250,000 lbs. Pittsburgh, has been paid on these contracts."

"Shell steel was a factor in this late buying—how large is not yet clear. French requirements in large rounds were covered to an extent estimated as high as 250,000 tons. One of these contracts, it is reported, was for upward of 100,000 tons."

"Railroad needs are coming out in the rush of buyers in other lines to cover for the last half of the year. In the past week Steel Corporation did not get anywhere but the low finances will cause similar bills to appear next time in the opinion of the fiscal officers. Hence the care which is being taken to watch up the valuations and not let them slip down."

275. Much of the present transportation breakdown is due to shortage of motive power."

Firemen Circulate Papers Boosting Present Fire Chief; Kramer Withdraws

With petitions urging the retention of John E. Shupp and the reported withdrawal of Charles Kramer, interest in the appointment of Steelton's fire chief to be made at the next meeting of Council, now surpasses any other municipal question in the borough.

Three men have been candidates for the place. They are John E. Shupp, O. E. B. Malehorn, president of the Hygienic Hose Company, and Charles Kramer, of the Citizen Company. The latter, according to report this morning, has withdrawn from the candidacy contest and will be a candidate for assistant chief. Mr. Kramer could not be reached to verify the report this morning.

Petitions in favor of Shupp, the present chief, were started in every firehouse in the borough last evening. By noon to-day it was declared by a friend of Shupp's that 600 firemen had signed the papers. The petitions, it is understood, will be handed to Council Monday.

Kramer, who is said to have withdrawn, is foreman of the Citizen Company and is considered one of the borough's most active firemen. Shupp has made a good chief, the firemen say, and Malehorn is also popular. As president of the Hygienic Company he is well known among the firemen.

This Is the Birthday Anniversary of...

THE REV. JAMES STOKES

This is the seventy-fifth birthday anniversary of the Rev. James Stokes, of 641 Briggs street, formerly a slave, a Civil War veteran and a retired pastor of the A. M. E. Zion church. The Rev. Mr. Stokes was born in Warren county, Kentucky, February 10, 1841, and was a slave for a number of years. He escaped and on June 10, 1862, joined the Ninth Regiment, Pennsylvania Cavalry at Bowling Green, Kentucky. He cooked for the regiment for two years, and when they re-enlisted, he came to Harrisburg and was enlisted in Company 4, Forty-fifth Regiment of United States Colored Infantry, July 18, 1864, and served sixteen months. He was mustered out at Brownsville, Texas, in November, 1865, then returning to this city. The soldier preacher has resided here ever since. For more than twenty-five years he was a minister in the A. M. E. Zion church, and was instrumental in the erection of the churches of this denomination at Mechanicsburg and Newville. For ten years he had charge of a local express, but retired some time ago because of his advanced age. He is residing with his daughter at 641 Briggs street.

Halt Federal Probe of Brewers' Activities While Legality Is Inquired Into

Pittsburgh, Feb. 10.—After hearing one witness in the proposed probing of expenditures of brewery interests in political campaign work the federal grand jury was adjourned until Thursday next.

Meanwhile Judges Charles P. Orr and W. H. S. Thomson, of the United States Court, will hear argument and pass upon a motion made in behalf of the brewers to quash the entire proceedings upon the score that there is no warrant in law for the contemplated investigation.

The inquiry was started by United States District Attorney E. Lowry Humes, who, with other federal officials, is said to have been investigating the financial expenditures of brewers in Pennsylvania and other States for political purposes for the last two years.

Mr. Humes has been actively identified with the Palmer-McCormick leadership of the State Democracy and it is known that friends of McCormick, who ran for Governor on a local option platform and who was defeated for that office by Martin G. Brumbaugh, the Republican nominee, have been eager to show that money was spent in large sums by brewers of Pennsylvania in the interest of the Republican ticket.

Mr. Patton Disposes of Holdings in Local Company

Some errors inadvertently crept into a reference in the Telegraph a few days ago, to the present personnel of the management of the Harrisburg Pipe and Pipe Bending Company. It was stated that certain changes of the officials were contemplated with the retirement of J. Henry Patton, who disposed of his interest in the company last month. As a matter of fact Mr. Patton has not been manager of the company since December, 1912, when W. T. Hildrup, Jr., became general manager and also secretary and treasurer. Mr. Patton was succeeded as president by David E. Tracy in May, 1914, and there has been no change in the officials since that date, but last December the holdings of Mr. Patton in the stock of the company were taken over by Messrs. Tracy and Hildrup, two members of the original trio in the founding of the plant, and E. C. Frey was at the same time elected assistant treasurer of the company. Mr. Starkey has held the office of general superintendent since May, 1914, the only actual change in the company

being the retirement of Mr. Patton through the sale of his holdings to his associate partners.

At the present time the officers are: D. E. Tracy, president; Z. W. Gower, vice-president; W. T. Hildrup, Jr., general manager, secretary and treasurer; W. P. Starkey, general superintendent, and E. C. Frey, assistant treasurer. These five officials also constitute the board of directors.
