AT ALL STAGES OF LIFE

The Woman's Medicine. Good for All Ages. Mrs. Harold Smith's Experience.

Clarksburg, W. Va.—"I am writing to tell you the good your medicine has always done me and I hope my letter may be the means of helping some other suffering woman. When I was 16 years old I caught cold and had suppression for two months. I got so weak I could scarcely drag myself up the stairs. I went to two doctors, then my mother got a bottle of Lydia E. Pinkham's Vegetable Compound and I took it. I never had any more trouble and got strong fast. Then I took it again before my little girl was born and it helped me a good deal and I give the Compound the credit for it. Then this spring I felt very badly again, but I took the Compound and have been well all summer. I cannot be grateful enough for your medicine." — Mrs. HAROLD M. SMITH, 470 Water Street, Clarksburg, W. Va.

For forty years it has been making women strong and well, and curing backache, nervousness, uterine and ovarian inflammation, weakness, displacements, irregularity and periodic pains. If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

CUNNINGHAM SAYS BONDS MUST COME

Urges Support For the Proposed Fifty Million Bond Issue For the Roads Highway Commissioner Robert J. Cunningham last night called the attention of the people of the State to the fact that before very long they will again have the chance to vote for the \$50,000,000 bond issue, which was rejected in 1913 and which many people have since regretted because they realize what it meant.

Mr. Cunningham spoke last night before the Altoona Chamber of Commerce and urged that the organization and its friends make ready to work for the support of a proposed \$50,000,000 bond issue for highway improvement which likely will be submitted to the people again in 1917. He favored using \$5,000,000 a year to build the main trunk lines between county seats before constructing lateral roads.

The Commissioner stated that the greatest need in road building in Pennsylvania was a definite system whereby stretches of good road will be continuous. As it is now, the cost of maintenance is very expensive. "People are no longer satisfied with good roads," he declared, "but want better and still better roads, that can be traveled all the year around. Good roads are an important factor in the event of war, and, with preparedness being advocated, we ought to elect men to the Legislature who will be liberal in appropriations to the highways of the State."

Commissioner Cunningham inspected the only toll road remaining in Blair county, from Duncannon to Leamersville, and said that it probably would be purchased by the State this year.

ENTERTAINED MITE SOCIETY Enola, Pa., Feb. 11.—Mrs. John Kauffman, of Enola, entertained the Ladies' Mite Society of St. Matthew's Reformed Church at her home on Wednesday afternoon.

IF YOU WORRY, READ THIS

Worry never brought any good to anybody. But, you say, "I don't worry because I want to, I worry because I can't help it." Or, "I worry because I have so much to worry about."

We all have our troubles and worry, of course, makes matters worse. The patient generally recognizes this fact without being influenced in any way by it.

The doctor who could meet this nervous condition and cure it would be the most popular medical man alive. But he can not do it because the form of nervous exhaustion known as neurasthenia, of which worry is a characteristic symptom, must be cured by the patient himself. That is why you should write today for the book "Diseases of the Nervous System" and read the chapter on "Neurasthenia."

So many people have read it and written back, "This hits my case exactly, I am giving the treatment a trial and being benefited," that the Dr. Williams Medicine Co., Schenectady, N. Y. has had a lot of these books printed and will send you a copy free on request. Ask for a diet book also if your stomach is off.
