Health for

—Here is More Proof.

Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been

Woman's Most Reliable Medicine

To women who are suffering from some form of

woman's special ills, and have a constant fear of breaking

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it le't me with very poor health. I could not walk across the floor without having to sit/down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. Mayme Asbach, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's

Vegetable Compound to ailing women because it has done so for me."—Mrs. A. L. McCasland, 509 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

down, the three following letters ought to bring hope:-

Mary would tell his wife of this man's existence? Jane recalled how he had warned her not to let Mary talk freely to her. Why not?

CHAPTER IJ.

(Copyright, 1916, Star Co.)

As Mary fung her warning at her employer he recoiled, then recoverage and the proper her cooled, then recoverage and the proper her cooled the proper had been and the prop

THIS SKIRT MADE WITH BOX PLAITS Not More Than Two Weeks to

Pretty Effect Made With Tucks on Blouse to Wear

8779 (With Basting Line and Added Seam Allowance) Tucked Blouse, 34 to 40 bust. 8755 Box Plaited Skirt, 24 to 30 waist.

8755 Box Plaited Skirt, 24 to 30 waist.

No matter how many entire gowns one has, there is always need of a pretty blouse to be worn with the separate skirt, whether that skirt forms a part of a tailored suit ordoes not. The blouseshown here is a new and smart one that appropriately can be made of the cotton voile that is so much liked, from crêpe de chine, Georgette crêpe or soft finished taffeta or indeed any similar material. The skirt is an exceptionally good one. It is made in six gores and each gore forms a box-plait, consequently while it flares prettily and gracefully, it also gives long lines to the, figure. In the picture, the skirt is made of brown serge and the bodice is of crêpe de chine in a lighter shade of the same color and the blouse of a thinner material but harmonizing in color with the skirt,

color and the blouse of a thinner material but harmonizing in color with the skirt, makes a feature of the season.

For the medium size will be needed, 4½ yds. of material 27 in. wide, 3 yds. 36, 2½ yds. 44 for the blouse; for the skirt will be needed, 6¾ yds. of material 36 in. wide, 4 yds. 44, 3½ yds. 54 or 5¼ yds. 36 in. wide if there is no up and down.

The blouse pattern No. 8779 is cut in sizes from 34 to 40 in. bust measure and the skirt pattern No. 8755 is cut in sizes from 24 to 36 in. waist measure. They will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents for each.

OUR DAILY RECEIPT

OUR DAILY RECEIPT

Orange-Date Cake
One-quarter cupful butter.
One cupful sugar.
Two eggs.
One-quarter teaspoonful soda.
Grated rind of one-half orange.
One-half cupful orange-luce.
One and one-half cupful pastry flour.
Two teaspoonfuls baking powder.
One cupful stoned and quartered lates.

One cuspon his somed and quartered dates.

Usually when the family has tired of plain sliced oranges, they will welcome an orange dessert, and, whereas it seems a great deal of work to prepare 'made desserts' for suppe it really does not take any more immake desserts' for suppe it really does not take any more immaken to plain-slice oranges and the companying cake to make the two in one and make an 'orange-date cake'.' In the part of the suppersonment of the companying cake to make any oranger and stire in the part of the supperson of the suppe

OF INTEREST TO THE WOMEN DEFENSE MEASURE WILL BE PUSHED

Whip Bill Into Shape

Washington, D. C., Feb. 14. — Real progress is expected to be made in Congress this week on national defense legislation. The Military Affairs Committees of the Senate and House have closed their public hearings and will get down to work on drafting a bill. Just when the bill will be introduced is uncertain though both Sena-tor Chamberlain and Chairman Hay

of the two committees confidently believe that with the almost unanimous
sentiment for adequate defense not
more than ten days or two weeks at
the most will be required to whip the
proposed legislation into shape.

The bills, once Introduced, are expected to pass both branches in record
time. Prior to the resignation of Secretary of War Lindley M. Garrison,
when there existed much uncertainty
as to what preparedness legislation
would be enacted, the antipreparedness element in Congress led by
friends of William J. Bryan threatened to erect barriers that would have
caused trouble to the administration.

Break in Camp of Antis

Following Mr. Garrison's retirement
there has been a break in the antipreparedness camp and members of
the type of Warren Worth Bailey, of
Johnstown, Pa., have not been nearly
so active. Mr. Balley and his associates say they have not given up
the fight, but are waiting the appearance of Mr. Bryan on the stump
to espouse their cause. Mr. Bryan is
scheduled to begin this week a series
of speeches in opposition to President
Wilson on the defense issue.

Saturday saw the first real break in
the antidefense forces, which is confined to the Democratic party. Representative Quinn, of Mississippi,
changed his mind, and in a House
speech announced his conversion to
the cause of preparedness. Prevously
he had been strong for the Bryan
peace-at-any-price propaganda.

Despite the changed attitude of
many Democratis there still is a lack
of leadership in the House. Representative Kitchin, of North Carolina,
the recognized leader of the majorfty,
continues to hold aloof and refused to
move his support to the President's
program, if a program exists. Just
now the leadership is distributed
among three or four Democrats, each
one attempting to bring order out of
chaos, but none making much headway.

No Democratic Leadership
The President and his advisers ap-

chaos, but none making much headway.

No Democratic Leadership

The President and his advisers appreciate the lack of leadership and realize that the only generalship displayed to date has come from Representative Mann, leader of the Republican minority. Speaker Clark the past week left the presiding officer's chair long enough to make a speech in an effort to rally the disorganized Democrats, but got nowhere.

Speaker Clark issued a statement to-day characterizing as nonsense talk of ousting Representative Kitchin from the House majority leadership because of his opposition to the preparedness program and other administration plans. He said he expected to leave the Speaker's chair whenever he felt it necessary to oppose or support any measure, but would do so without any intent to supplant Representative Kitchin or any other committee chairman or leader.

IMPORTANT NOTICE

Careful investigation made by the Laundrymen's National Association of America, both among the selling agents of dyestuffs and the manufacturers of wash goods, shows that there is a shortage of permanent dyestuffs almost amounting to a famine, and that industries depending upon fast colors are in many cases closed down.

That the better quality of shirtings now being worn, are perhaps in most cases, fast colors, but that this condition cannot possibly continue for any great length of time.

That the wash goods in which the colors are most questionable at the present time are: Red Tablecloths and Napkins and Towels with Red Borders; Blacks in Cotton Ginghams which are apt to wash lighter and in some cases "crock" when the damp goods are folded. Black Stockings will probably "bleed" and turn lighter. Light Goods with Blue, Red or Black Trimmings are apt to cause trouble.

Some makers of wash goods are already notifying their patrons that they cannot guarantee the permanency of colors.

Inder these circumstances, and for the further reasons that there is no known method whereby fugitive colors can be washed so that they will not run and no way of knowing whether colors will run or not, except by washing, we beg to notify our patrons that while we use every care in the handling of colored goods, we cannot be responsible when these goods fade, as some of them surely

In view of the situation we strongly urge our customers to use as much white goods as possible until such time as the permanent dyes will again be available.
