

Smoked Cigarettes For 22 Years

Habit Was Ruining Him, But He Conquered It in Three Days, Easily.

The portrait below is that of Mr. P. J. Livingston, a well-known citizen of Livingston, Montana, who knew that his life was being ruined through the pernicious habit of smoking and yet could not find anything to stop it until he read the remarkable book that can now be obtained free.

Plans for stocking over a dozen of the finest fresh water lakes of Pennsylvania with game and food fish have been voted by the superintendents of the State's fish hatcheries and commissioners.

That he could never quit was the fear of George Ambush, Pearl street, Philadelphia, who was a slave of tobacco for many years, until he got the book, he learned how the habit could be conquered in three days. Now he writes that he is free from the craving and is in much improved health.

A valuable, interesting book on how to overcome the tobacco habit (in any form) has been written by Edw. J. Woods, 2211, Station 92, New York, N. Y., and he will send it free to anyone who writes asking for it, as he is very anxious that all the victims of the craving for tobacco, snuff, cigars, or cigarettes may save themselves easily, cheaply, gently, and without any loss of heart, kidneys and stomach improved, nerves tranquilized, memory improved, and gained and numerous other benefits often reported.

Everybody in Mangum, Okla., is talking about the big change in Al Reeves; he put on 35 lbs. in healthy flesh, smoking getting rid of tobacco habit through the information gained in the free book which you may also obtain.

STEELTON AND NEARBY TOWNS

COUNCIL MAKES MALEHORN FIRE CHIEF BY SIX TO FOUR VOTE

F. E. WICKERSHAM, Re-elected Borough Solicitor.

CHIEF MALEHORN

Council's Session, Last Evening, in Paragraphs

Appoint O. E. B. Malehorn fire chief, vice J. E. Shupp. Appoint C. F. Kramer and Thomas Brosey assistants. Pass eleven extension ordinance reading. Repeal obsolete ordinances. Pass license ordinance first reading.

Accept bond of Markwood D. Myers, borough treasurer. Permit Bell Telephone Company to sell several poles in borough. Order extension of sewer in River alley. Create offices of assistant borough secretary and assistant treasurer. Withhold action on Paxtang Hook and Ladder improvements. Order repairs to West Side Hose house. Raise salary of highway commissioner \$5 monthly. Increase pay of patrolmen again.

Appoint F. B. Wickersham borough solicitor. Pay bills amounting to \$1,870.60. Order telephone installed in chief of police's home. Order telephone installed in highway commissioner's home. Order grading of Park street.

By a vote of 6 to 4 Steelton's council last evening appointed O. E. B. Malehorn chief of the borough's volunteer fire department, to succeed John E. Shupp who has held the office for eight years.

Charles F. Kramer, of the Citizen company, was appointed first assistant and Thomas Brosey, also of the Citizen company, was named second assistant.

Not in years perhaps has the rivalry for any office been so strong as for this year's contest for chief of the fire department. For weeks past the request for this office has eclipsed in interest all other municipal questions.

The battle begins. At first there were three candidates for the chieftaincy but a few days ago Mr. Kramer withdrew in favor of Mr. Malehorn.

The appointment of a fire chief came up near the end of the evening meeting and the tension under which the councilmen were working was evident throughout the earlier part of the session by the snappy discussions as contrasted to the usual verbose reports of the various committee chairmen at other meetings.

When President Reynolds called for nominations for the chief there were a few moments' pause. The Shupp backers were the first to make a move. Mr. Nelly in a few brief words placed the name of Chief Shupp before the council. "We all know of Shupp by his record as a fireman and as a chief for two terms. I would give him no stronger recommendation than his record."

The opposition. Mr. Nelly was scarcely in his seat when Mr. Henderson rose. "I would recommend to the consideration of you gentlemen the name of Charles F. Kramer, a businessman and a taxpayer—a fireman who has attended practically all the fires in recent years—the name of O. E. B. Malehorn."

The name was evident when Mr. Henderson sat down. Practically every councilman fidgeted in his seat and toyed with the books or pencils in front of him. Without a word the ballots were passed. Without hesitation each councilman wrote a name.

Borough Secretary C. P. Feldt and Assistant Secretary Charles R. Holton collected the slips and read a corner of the room. In a second the vote was announced. It was Malehorn 6, Shupp 4.

The chair declares Mr. Malehorn elected," said President Reynolds. The name of Jesse Rhoads, was then placed before council by Mr. Shupp. "We all know of the competence. The name of Mr. Kramer was put before council by Mr. Reisch. The vote was Rhoads 4, Kramer 6. Mr. Shelley then nominated Thomas Brosey for second assistant and Mr. Reisch nominated Harry Martzen. Mr. Reisch nominated Thomas Decker. The vote was Brosey 5, Martzen 4 and Decker 1.

Mr. Malehorn, the new chief is a painter by trade, and is a member of the firm of Malehorn Brothers. He has been prominently identified with the borough's fire activities. He is a member of the fire department and has been president of the Hygienic Hose company for seven years.

More Money for Mr. Meshey. Other matters acted upon by council included the granting of a \$5 monthly increase in salary to Jacob B. Meshey, highway commissioner, and the installation of a borough phone in his home. He recently received an automobile to inspect the streets. Such a purchase was suggested and formally moved by Mr. Shelley, but before it could be acted upon Mr. McEntee made a motion to adjourn, which was passed.

The pay for overtime to the borough patrolmen was increased from 18 to 21 cents an hour and a telephone was ordered installed in Chief of Police Longaker's home.

Merchants on Job. The license measure backed by the Merchants' Association was introduced by Mr. Shelley and passed first reading. It provides license regulations for all hucksters and itinerant dealers.

Following a debate in which Mr. Shelley opposed and Messrs. Henderson, Nelly and McEntee favored the ordinance calling for the grading of Park street, the borough's formal entrance into Luther R. Kelker park, the measure was passed finally and the highway committee instructed to have the work done at a cost not to exceed 30 cents a cubic yard. The ordinance transferring land for the formal entrance to Kelker park and adopting Warren H. Wanning's sketch of the "Bright and Brightbill tract" was also passed finally.

No Lockup Keeper. Upon the advice of Borough Solicitor F. B. Wickersham the ordinance abolishing the office of lockup keeper was held under advisement.

Burgess Fred Wigfield read his annual report in which a number of recommendations concerning the police department were made.

A bid amounting to \$1,848, with an alternate bid of \$1,598 was for the repair of the Paxtang Hook and Ladder Hose house was referred back to the town property committee. It was too high.

The appointment of Newton McCamey as driver for the Citizen Fire company was approved.

Chief John E. Shupp in his annual report said that there were 25 fires and three false alarms during the year. The total loss was \$7,663. Chief Shupp strongly urged the motorization of the department and made a number of other suggestions for the betterment of the service.

Much other routine business was transacted.

At yesterday's meeting of the Ministerial Association of Steelton and vicinity plans were completed for a series of Sunday afternoon meetings for next Sunday afternoon at 2:30 o'clock they will meet in the First Methodist church, Fourth and Pine streets, February 27. St. John's Lutheran church; March 5, Centenary United Brethren church; March 12, Harrisburg Laymen's Missionary Movement; March 19, Main Street Church of God; March 26, First Reformed church; April 2, St. Mark's Lutheran church; April 9, First Presbyterian church; April 16, Grace United Evangelical church. A series similar to the proposed one was held last year at this time.

MISS CRITCHLEY ENTERTAINS. Miss Mildred Critchley entertained the Senior Christian Endeavor Society of St. John's Lutheran church at her home, 31 South Fourth street, last evening.

PAST REGENTS' BANQUET. The past regents of Steelton Council, Royal Arcanum, will hold their annual banquet in the Bessemer house this evening. There will be fifteen past officers present with their ladies as guests.

STEELTON PERSONALS. Miss Minnie Ulmer, Steelton, Miss Mary Flowers, Middletown, and Miss Mary Grove, of Harrisburg, are visiting friends in Reading.

Mrs. Roy Wright and son, Evan, of Woodbury, N. J., are guests of Mr. and Mrs. E. B. Wright, York street. Frank McGrady, of York Haven, was the guest of friends here yesterday.

Miss Sue Moser, Palmyra, is the weekend guest of Miss Esther Suddan, Locust street. Mrs. Harry Rhoads, Third street, was the guest yesterday of friends in Palmyra. Mrs. Elizabeth Rhoads has returned from a three months' visit to Los Angeles, Cal. Mrs. William F. Bannan will leave to-day for Minersville to be the guest of her brother, Thomas Reed. Mr. and Mrs. W. F. Messinger, Swatara street, will entertain Monday evening for their daughter, Miss Dorothy Messinger. Mr. and Mrs. John Husic, 152 Frederick street, entertained at 500 last evening. Mr. and Mrs. Gaffney, of Sparrow's Point, is visiting his home in the borough. Miss Jean Potts, who is the guest of Mr. and Mrs. Morris Toffee, will leave to-day for her home in Baltimore. Gilbert Weaver, York, spent yesterday at his home in the borough.

PA. STEEL SALE

Either Donner or Schwab Will Gain Control This Week, Is Rumor

Philadelphia, Feb. 15.—Indications are that the Pennsylvania Steel Company will be sold before the end of this week. Whether control will pass to Charles M. Schwab, president of the Bethlehem Steel Corporation, or to William H. Donner, president of Cambria Steel and chairman of the Pennsylvania Steel board, is a question not yet answered.

It is generally believed that if Donner part with the 23 per cent interest which he holds it will be for a high price. Schwab has offered the railroads, which together hold another 23 per cent, of the stock, \$100 for the preferred and \$40 for the common, agreeing to make payment in 5 per cent bonds. There was a report yesterday that he had later offered to pay for the stock in one-year notes.

If Donner sold his holdings to Schwab, he would probably demand cash, and for this reason many persons believe that the Cambria board will not sell, but, on the other hand, will endeavor to obtain the railroads' shares. If Schwab obtained Pennsylvania Steel it would add to his valuable unit to the Bethlehem Steel Corporation, as the Pennsylvania has excellent shipbuilding facilities at its Sparrows Point, Md., plant.

Under the auspices of the Willing Workers' Club of the Central Baptist Church, a musical will be given in the church this evening at 7:45 o'clock. The program:

Piano solo, Miss Virginia Eckenrodt; vocal solo, Miss Pearl Beidel; piano duet, Misses Ethel and Esther Keim; vocal solo, Mrs. John Bethel; reading, Mrs. Edward Hershey; vocal solo, William Zimmerman; piano solo, Misses Dora Shank and Esther Keim; reading, Mrs. John Bethel; piano solo, Miss Ruth Wade; vocal solo, Miss Ruth Weber; reading, Miss Catherine Shillinger; vocal solo, Miss Ethyl Wade; duet, Misses Dora Shank and Esther Keim; reading, Mrs. John Bethel.

A silver offering will be lifted at the door.

W. C. T. U. to Meet.—The Steelton Women's Christian Temperance Union will meet in an ash heap behind the caretaker's home a quantity of the deadly drug that killed Marian Lambert. A short distance away from the tin can had contained the drug. The acid, in lump form, apparently had been dumped from the can into the ashes, then mixed with the ashes and the can found by the caretaker. The drug had been kept in unlocked, according to Mr. Dady.

This is the most important link in the chain of events which have apparently some one has been attempting to conceal evidence. It means other arrests may follow.

Prussian Acid Killed Her. Dr. E. B. LeCount, pathologist on the staff of Coroner Hoffman, conducted the principal examination of the dead girl's organs.

"The poison was prussic acid," said Dr. LeCount. "The crystals of the poison were dissolved. The exact nature of the liquid in which they were dissolved could not be ascertained. It might have been water or it might have been sulphuric acid."

"The crystals of poison found on the girl's hand and in her hair after she died, I took her into the laboratory and found that the liquid had evaporated. It probably was not water, because in such an event the girl's face would not have been burned."

The formal accusation of Orpet as responsible for the girl's death and a stern demand that justice be not tempered by his aid were made by Frank Lambert, her father. Her mother is in a critical condition as a result of her death. At the same time, Orpet's father pronounced him innocent of any crime and said he would aid him with every cent at his command.

Detective H. B. Beardsley discovered the sale of the bottle in Madison street, making the rounds of the drug stores. He entered the Tiedmann Pharmacy and questioned Charles W. Hassinger, a clerk. For a time Hassinger denied the sale of Orpet, but he reluctantly admitted the case.

"I sold him a bottle," he finally admitted. "I sold it to him the morning he went away."

"Who was in it?" demanded Beardsley.

"It was empty, honest it was," protested Hassinger. "It was a two-ounce bottle."

It was Tuesday evening Orpet left Madison for his trip to meet the Lambert girl. After he had given up this information Hassinger decided to speak further.

"It wasn't the first time he had been here," he stated. "I helped him out once before. That was last August."

When Orpet came into the store last Friday he asked me what I was going home during the examination vacations. I told him that I was. He seemed disappointed. "I wanted you to do a favor," he said, but he left the store without telling me what he wanted me to do. Now I think that he wanted me to mail the letter Wednesday which he gave to Otto Peterson, another student."

In the Chemistry building of Orpet studied, Dr. R. L. Schnell, the storekeeper, said he had found a small crystal form was kept in great quantities.

From the statements of Marian Lambert's school friends it became known that she had followed an attempt to deceive Orpet into a keener sense of responsibility for her welfare. For two weeks, they declared, Marian Lambert knew the world never knew of her clandestine affair with Orpet. At the same time she
