MORTGAGE TO BE BURNED BY MOOSE

This will be a memorable day in the history of Harrisburg Lodge No. 107, Loyal Order of Moose. It is "mortgage burning day." The lodge to-night will become sole owner of its home at Third and Boas streets. During a short business session the legal proceedings will be looked after. Special exercises will follow, at which the deed for the property will be turned over to the trustees. Later the Moose will celebrate at a banquet to be held in Chestnut street hall. Prominent Moose from all over Pennsylvania will be present, also Grand Lodge officers of the order.

REAL ESTATE

BIDS FOR NORTH FIFTH STREET PROPERTY WERE INSUFFICIENT

Because the bids offered for the purchase of No. 2036 North Fifth street were all too low the sale which had been scheduled for yesterday afternoon was postponed indefinitely. The property is a part of the estate of Annie E. Epders and was offered at auction by Colonel F. M. Ott, attorney for the estate, in the settling up of the dead woman's affairs.

TODAY'S TRANSFERS

Formal transfer of the property of the Berryhill Nursery to the Berryhill Nursery Company was among the transactions recorded to-day. The property was transferred by O. P. Beckley and consideration given is \$1. The Berryhill property is in Lower Paxton township near Paxtonia. Other transfers were: I. Mayers to W. H. Peters, trustee, 127-19 North Cameron, \$1; William S. Harris to H. A. Hipp, Susquehanna township, \$1; R. H. Thomas et al. to George A. Zeller, Hummelstown, \$1; H. W. Myers to E. Detweiler, Middletown, \$400; John Mumma's heirs to David Mumma, West Hanover, \$2,000.

PROVISIONALLY ACCEPT NOTE

shall be immune from attack under previous assurances. Secretary Lansing explained fully to the ambassador the position of the United States in the light of the new developments and is understood to have told him that while Germany's position is recognized as well founded, the United States must insist that Germany conform all her practices to international law, inasmuch as the entente allies have declined to make any changes.

New Note Asked
 The Lusitania agreement will be kept by Secretary Lansing and later will be published, with the assurance which the United States hopes to receive from Germany covering the points brought up by the new submarine campaign. The new assurances, if they are given, would be embodied in a separate note. Meanwhile, it was said, the United States would make efforts to have the entente allies agree not to put guns of any kind on passenger carrying liners and in turn would expect assurances from Germany for their safety.

It was understood the principal objection of the United States to accepting the Lusitania agreement as governing the future was that it merely referred to the assurances previously given that unresisting liners would not be sunk without warning, but it did not actually embody or reiterate them. Ambassador von Bernstorff when he returned to his embassy sent a long dispatch to his government setting forth fully the position of the United States as Secretary Lansing had outlined it to him.

KOTUR TO GIVE LIE TO STAR WITNESS ?

another chance. First Degree For Kotur "So confident are we of Kotur's innocence," said the former recorder to-day, "that we intend to carry the appeal to the Supreme court if necessary."

Kotur was convicted of murder in the first degree after an hour's deliberation by the jury last evening. Should Kotur's appeals be granted another trial prove fruitless he will be the first murderer from Dauphin county to be executed in the electric chair.

Kotur, who up until the rendering of the jury's verdict had retained a stolid indifferent attitude, flushed angrily at the jury's announcement. To the astonishment of the courtroom which had been under the impression that he could neither talk nor understand English, the Bosnian sneered at the jurors:

"The Jurors' Thanks
 "Thank you—thank-a-you, so mooch!" he cried as he was led from the courtroom.
 Novokovic's testimony, which will be attacked by the defense in its appeal for a new trial, was to the effect that he had seen Kotur strike Backie to the floor of 725 South Third street and then grind his heel upon Backie's upturned, helpless face.
 The last thing he saw, as he climbed to bed that night Novokovic declared, was the prone Backie with the furious Kotur standing over him with a knife,

Money Couldn't Buy It

The relief he personally experienced moved Mr. W. F. Briggs, Konawa, Okla., to write to the Pinus laboratories a letter of appreciation in which he says:
 "Fruitala and Traxo helped me so much I am advising all who suffer with gall-stones to try them. Money wouldn't buy what this medicine has done for me."
 Fruitala is an intestinal lubricant that softens the congested masses, disintegrates the hardened particles that cause so much suffering and expels the accumulated waste to the intense relief of the patient. Following a dose of Fruitala, Traxo should be taken three or four times a day to restore the system that has been weakened by constant suffering. It is a splendid tonic, acting on the liver and stomach most beneficially.
 Fruitala and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgan, the druggist, 16 North Third Street; F. R. R. Station.

P. R. R. WILL START SOON TO PUT ALL WIRES IN PIPES

Means Removal of Nearly 500 Telegraph and Telephone Poles

In line with its policy to keep pace with improvements in Harrisburg, the Pennsylvania Railroad Company, to-day authorized an expenditure of \$75,000, to place telegraph and telephone wires underground. This will mean the removal of between 300 and 500 poles located between the Pennsylvania passenger station and Division street. Along with this improvement will come the consolidation of the general telephone exchange at the Pennsylvania station with the Rely street facilities. Work on placing the wires underground will start as soon as the weather permits.
 Poles to be removed carry from 20 to 40 wires. They are on the south side of the railroad between Market and State streets; on Poplar street between State and North streets; on Seventh street between North and Maclay streets, and along the railroad between Maclay street to Division street. Blueprints are now being made for the placing of conduits and cables.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition be careful what you wash it with.
 Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain milkified coconut oil (which is pure and entirely greaseless) is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.
 Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves it fine and silky, bright, fluffy and easy to manage.
 You can get milkified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
