FALL OF ERZERUM WILL INFLUENCE CONFLICT

[Continued From First Page.]

Unofficial advices from Petrograd say the Turkish army is fleeing westward from Erzerum through a difficult mountain region.

Sond, on the Black Sea coast to the north, giving possession to the Turkish gateway from Asia into Europe, while the Turkish forces throughout Armenia will be put in Jeopardy, it is argued, and the pressure on the British in Mesopotamia will be relieved.

Operations on a large scale by the Russians will not be possible for the forces of Grand Duke Nicholas, it is declared.

According to the official account the
British Mesopotamian forces have
been heavy sufferers in the recent
fighting. The British losses in the
battle at Battha, west of Korna, aggregated 2,000, it is stated.
Fighting on the western front has
lessened in intensity, probably because of the prevailing bad weather,
and similar conditions prevail in
Russia.

EDUCATIONAL CLINIC AT REGENT

An educational clinic with motion pictures and lantern slides will be given to-morrow morning at 9 o'clock in the Regent theater by E. E. Bach, superintendent of schools at Ellsworth, Pa., and sociological expert for the Ellsworth Collieries company. Plans to have Mr. Bach speak were made by the vocational division of the State Department of Public Instruction. The arrangements were completed by Mfllard B. King, director of industrial education.

Above Is shown an evening cooking class, composed entirely of girls employed in the homes of residents at Elsworth. Mr. Bach's plan combines the industrial and school life, and deals largely with the social life of the town. It is similar to the one which has made the Gary, Ind., school system so famous.

School authorities of the city, and representatives from the State Departments of Public Instruction, Labor and Industry, Health and Mines, will be present at the clinic.

TODAY'S BEAUTY TALK

You can make a delightful shampoo with very little effort and for a very trifling cost if you get from your druggist a package of canthrox and dissolve a teaspoonful in a cup of hot water. Your shampoo is now ready. Just pour a little at a time on the scalp and rub briskly. This creates an abundance of thick, white lather that thoroughly dissolves and removes all dandruff, excess oil and dirt. After rinsing, the hair dries quickly, with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that make arranging it a pleasure.
