OLD LANDMARKS PASS AT CARLISLE

Historic Roadhouse Becomes Laundry and Famous Old Tree Is Cut Down

Carlisle, Pa., Feb. 21.—In addition to the Boston residence which is to be replaced by a bank building, last week saw the passing of two other old landmarks of this section. An old tree which stood on West High street at the point where Washington reviewed his army as he marched west to quell the Whisky Insurrection was cut down and an old stone building noted as a road house in the last century changed hands and will become a laundry.

Around the old tree cluster many interesting incidents. It stood on West High street and was one of a number that shaded the door yard of the Denny homestead, where Denny Hall, one of the handsomest buildings of Dickinson College, is now located. The tree measured three feet in diameter and was about a century and a half old.

C. B. and M. L. Strayer, formerly of York, purchased a property on North West street. An old stone house on the site is over a century old and in the early part of the nineteenth century was a noted road house and attracted travelers from various parts of this section.

Tells Her Experience To Benefit Others

Mrs. Dunlap Sends a Letter Addressed to the Readers of the Paper

A sense of duty to others who might suffer as she had impelled Mrs. R. C. Dunlap, of Dekalb, Mo., to send the following signed statement to the St. Joseph, Mo., News Press:

"The readers of the News-Press, especially those suffering from gallstones, stomach trouble and appendicitis, will find in Fruitoles and Traxo a permanent cure. After suffering for three years the most excruciating pain from gallstones I found this wonderful remedy and am now in perfect health and have been for almost four years. Never have any symptoms of the old trouble. I had been told by three doctors that nothing but an operation would save me. I know several who have undergone an operation but still have gallstones. This medicine is an oil which softens the stones and cures the liver. It can be bought at any drug store."

49 Prohibition Bills Occupying Congress

Washington, Feb. 21.—The votes of Pennsylvania's two members in the House Judiciary Committee, when the question of shelving the proposal to submit the national prohibition amendment to the various States for ratification is acted on by the committee, may decide the controversy. Representative George S. Graham, of Philadelphia, believes that in such legislation the entire House and its committee should decide the question. He will vote for its favorable report. Harry S. Steels, of Easton, a Democrat, is opposed to reporting the resolution. Prohibition agents charge that Mr. Steels is allied with the brewing interests in his home city.

In the Sixty-fourth Congress up to the present, 18 bills and joint resolutions have been introduced in the Senate and 31 in the House, all of which bear directly on the liquor question.

THEY REFUSE TO EAT

At periods in most children's lives they fail to relish their meals and refuse to eat even the delicacies prepared to tempt their appetites. They lack ambition, and growth seems impeded, which causes anxiety and worry.

To compel them to eat is a grave mistake, because nutrition is impaired. Healthful exercise in fresh air and sunshine is important, but equally important is a spoonful of Scott's Emulsion three times a day to feed the tissues and furnish food-energy to improve their blood, aid nutrition and sharpen their appetites.

The highly concentrated medicinal-food in Scott's Emulsion supplies the very elements children need to build up their strength. They relish Scott's—it is free from alcohol.

CAUSED BY THIN BLOOD

Many people think they have kidney trouble because they have backache but more backache is caused by overstrained and undernourished muscles than by anything else. In such cases the blood needs building up.

Many rheumatic people suffer pains that could be avoided by building up the blood. When rheumatism is associated with thin blood the rheumatism cannot be cured to stay cured until the blood is built up.

Dr. Williams' Pink Pills build up the blood and sufferers from backache would do well to try this treatment before giving way to worry over a fancied organic disease. Rest and the tonic treatment with Dr. Williams' Pink Pills will correct most forms of backache, even rheumatic.

For people who work too hard or dance too much and sleep too little, better habits and a course of treatment with Dr. Williams' Pink Pills are all that is needed to drive away the pains and aches that are warnings of a coming breakdown.

Two books, "Building Up the Blood" and "Nervous Disorders," will be sent free, if you are interested, by the Dr. Williams' Medicine Co., Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store or by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50.

Coal Miners Will Make 20 Demands

upon the coal mining companies. The stake this year is for 20 per cent. increase in wages, an eight-hour day and 18 other demands.

An eight-hour day and 20 per cent. advance in wages will increase the cost of coal about 60c per ton. And the 18 other demands will further add to mining expenses.

What you should be interested in is the 20 per cent. increase in wages and an eight-hour day.

In the event of a strike you will want a supply of coal on hand. Don't wait until the last minute, for just as soon as definite information is published every one will want to buy at one time—and it will be impossible to fill all orders.
