FOUST'S DIVISION SMASHES RECORDS

More Analyses, More Prosecutions and More Revenue Than Ever Known Before

More work was done by Pennsylvania's dairy and food division in the way of inspection of food products, analyses and prosecutions during 1915 than in any previous year in the history of the division and the revenue passing through the division offices for the State Treasury likewise broke records.

The summary shows a notable decrease in the number of prosecutions resulting from sampling. More samples were brought, but the chemical work demonstrated that the law was being observed. More oleo licenses were issued but the number of violations detected was smaller than for a long time, a condition due, say the officials, to the rigorous manner in which the inspection has been carried on.

The receipts of the division for the past year were \$279,955.40 against \$225,910.78 in 1914, the revenue being deposited with the State Treasurer for the use of the Commonwealth. It was \$193,154.04 in excess of the expenditures.

LINCOLN AND PROHIBITION We are not left to conjecture as to what Lincoln would do in the war on alcohol. Major J. B. Merwin, who was commissioned by his old friend Lincoln as temperance evangelist to the Federal army, recently made this statement: 'On the afternoon of the day in which Lincoln was assassinated he said to me as his trusted messenger: Merwin, we have cleaned up with the help of the people, a colossal job. Slavery is abolished. After reconstruction, the next great question will be the overthrow and abolition of the liquor traffic; and you know, Merwin, my head, my heart and my hand will go into that work. In 1842, less than a quarter of a century ago, I predicted that, under the influence of God's spirit, the time would come when there would be neither a slave nor a drunkard in the land. I have lived to see, thank God, one of those prophecies fulfilled. I hope to see the other realized.'—The Christian Herald.

'Rockefeller's Pastor' Resigns From Church to Work For Preparedness

The Rev. Dr. Charles A. Eaton, pastor of the Madison Avenue Baptist Church, has resigned to take up the cause of preparedness of which he has long been a staunch adherent. He said he plans to write and lecture on the subject. At present the newspapers are preaching better than the preachers, he said. Dr. Eaton added that he was thoroughly in accord with President Wilson's preparedness program. In his letter of resignation read from the pulpit, he says: 'If my life is spared, it is my purpose after a brief rest to devote myself by voice and pen to the great work of spiritual and social reconstruction which is made necessary and must follow the present world war, and in which our country must play a large part. In common with the rest of the world, America is entering upon a new age. I feel it my duty so far as I may be able to help in the forming of public and in the interpretation of the vast and complicated problems which confront us.'

LIGHT COMPANIES PROTESTS ENDED

Public Service Commission Makes Decisions in Regard to Two Controversies

The Public Service Commission has dismissed objections to the approval of the contract between the Eastern Pennsylvania Light, Heat and Power Company and the borough of Centerville for electric lighting for ten years, which had been filed by the Schuylkill Light, Heat and Power company. The latter company contended that no notice had been given to it, but in an opinion by Commissioner Pennypacker it is stated that while no notice of letting of the contract was given in Centerville, it was because no paper is published in that town, but that it was advertised elsewhere as required of the commission.

Young people need clear complexions. If you find yourself 'left out' because of a poor skin, and want a clear, fresh complexion, use Resinol Soap.

Resinol Soap

at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water. It does not often take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the perfectly pure soap is cleansing it. In severe or stubborn cases, Resinol Soap should be aided by a little Resinol Ointment. All druggists sell them. For samples free, write to Dept. 22-P, Resinol, Baltimore, Md.
