TWO HOLIDAYS AT

Departments Observe Washington's Birthday During Part of Today

Capitol Hill is observing Washington's birthday on two days of this week, some branches of the State government being closed to-day with the plan of being open to-morrow and others adhering to the calendar. This is the first time such an arrangement has been known and is due to the fact that some departments desired to avoid a

some departments desired to avoid a break in the work by closing on Tuesday. Hence they are closed to-day and the officials and attaches living

day. Hence, they are closed to day and the officials and attaches living out of town will come to Harrisburg to the formation of the State of the Last is clearing to the Company, which was in the building and have a big calendar for afternoon hearings.

One of the effects of the two-day observance has been to make the elevatormen in the Capitol work. They have to accommodate the people in the building and as there was no general agreement on the holliday they do not-get any day off.

Little Smailpox Lately.—The mall pox situation in the State is clearing to the distant the winter will have a very small record of what used to be a general thing. The cases that have appeared in the Isat month, while prospects are that the winter will have a very small the state in the last six months have all been detected very early and the steps taken to prevent further infection were so energetic that there was no general thing. WATERY BLISTERS ITCHED AND BURNED

Terribly on Ankles and Arms. Very Badly Inflamed and Swollen. Could Not Wear Shoes.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had poison ivy on my ankles and arms which started with little watery blisters and it itched and burned terribly. Matter formed in the little blisters, and they would spread in a big patch like a boil. I scratched so that the blood would come, and it would be followed by terrible paining. The parts which were affected were very badly infamed and swollen and my foot was so bad that I could not wear my shoes.

not wear my shoes.
"I got a sample of Cuticura Soap and Ointment. I bought more and I only needed one cake of Cuticura Soap together with the John E. Smith, Center, Pa., Oct. 19, 1915

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

tion of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a dalsy by opening the sludes of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire ailmentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large valume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, billous spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

To Overcome Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 25c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of pimples, black heads, rash, eczema, tetter and similar skin disease will be removed.

For clearing the skin and making it vigorously healthy, zemo is an exceptional remedy. It is not greasy, sticky or watery and it does not stain. When others fail it is the one dependable treatment for all skin troubles.

Zemo, Cleveland.
