

FIRST SHOWING OF THE NEW

Peerless Eight

At the Automobile Show

MORE painstaking attention, through a longer period of time has been given to the Peerless Eight than to

any other model produced in the Peerless Factories. In performance, it is equal to the sixty horse power \$6,000 "sixes" that were a regular feature of the Peerless line for many years. Reduction in weight to 3500 pounds has nearly doubled the mileage per gallon of gasoline, while the per mile cost of tire replacements has been cut to less than one-third. This new eight is a characteristic Peerless achievement in

ease of riding and in beauty, qualities that have always made Peerless motorcars notable among the few great makes which dominate the quality market in America.

ACADEMY HONOR ROLL IS NAMED

Work; Many Take First

Headmaster Brown announced the honor rolls for the past two months at the Harrisburg Academy yesterday afternoon at that institution. Once again the Romans took off high honors in scholastic work. In both the fourth and fifth months they captured the two coints for scholarship that are awarded the clubs; one for the least number of failures, and the other for the greatest number of honors. The fifth month results in figures were as follows: Upper school, six first honors and forty-nine second honors. In the Lower school, thirteen boys took first honors. This makes a total for the fifth month of eighty-two honors in the fifth month of eighty-two honors in the honors were as follows: Upper school, six first honors, while fourteen took second honors.
