

Students of Whole World Object of Present Day of Prayer

John R. Mott, on Behalf of World's Student Christian Federation, Issues Call to Churches

By THE RELIGIOUS RAMBLER

Sunday, February 27, is observed as a universal Day of Prayer for students. This is one of the world-wide activities of organized Christianity...

ena of the war. One of John R. Mott's books for students has been circulated in the trenches of Germany to the extent of forty-three thousand copies.

Soldiers of Civilization

The sobered thought of humanity is more inclined to-day to heed all calls to prayer than it was five years ago. It sees the effect of the present cataclysm upon civilization.

Religious rivals in educational centers are reported from all parts of the land. Special campaigns have been conducted in the big Eastern universities, as well as in the small Western colleges.

Campaigning in Colleges

A concentration of effort in behalf of the Christianization of the college life of America is under way at the present time. The effect that both the churches and the Young Men's Christian Associations are united in observing this as a Day of Prayer is merely symptomatic.

The whole country is covered with a net work of special efforts for higher institutions of learning. Most of the leading denominations now have a department of student work. They employ a staff of "Student Pastors" experts who give themselves wholly to the spiritual care of the students in the great universities.

Delegations of the strongest ministers in certain denominations have been sent for weeks at a time to do work in the colleges. The aim is to keep the students in vital touch with Christianity and with church work.

A Y. M. C. A. Army

While less known to the public than the great city Y. M. C. A.'s, the college work of the Association is of unmeasured significance. There are student Y. M. C. A.'s in seven hundred and seventy institutions, and a proportionately large number of Y. M. C. A.'s in women's colleges and co-educational institutions.

A veritable military staff of general secretaries direct the Y. M. C. A. work in the colleges of the land. It has been said that the leaders of these men, like A. J. Elliot, F. P. Turner and John R. Mott, have a better grasp of the basic moral and religious phases of present-day education in America than do the famous college presidents themselves.

DROPSY TREATED FREE

By Dr. Miles, the Great Specialist, Who Sends a \$3.75 Trial Treatment Free.

Many Report Cured After Others Failed

At first no disease is apparently more harmless than dropsy; a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally there is great shortness of breath, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and a lingering and wretched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 30 years. His liberal offer of a \$3.75 Treatment free to all sufferers, is certainly worthy of serious consideration. You may never again have such an opportunity.

The Grand Dropsy Treatment consists of four dropsy remedies in one, also Tonic Tablets and Pura-Laxa for removing the water. This treatment is specially prepared for each patient and is much more successful than that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous.

DANGEROUS VARICOSE

VEINS CAN BE REDUCED

If you or any relative or friend is worried because of varicose veins, or hunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two-ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that it dissolves goitres and wens and causes them to disappear. It can always be secured at all druggists.—Advertisement.

AT THE MINES

From sources of information available it looks as if April 1 will come without a new agreement between operators and miners. Whether this will precipitate a strike is a difficult question to answer. Perhaps an automatic cessation of work until an agreement is reached. In any event the cost of any concessions will have to be paid by the consumer.

Scarcity of labor owing to the war and shortage of cars to transport coal to the market have made the situation bad enough, let alone threats of a strike. Buy coal now while there is plenty of it available. Thousands of tons now stored in our yards.

STATE WORK HAS TO BE CURTAILED

Announcement of curtailment of one branch of State work because of the hundreds of thousands of dollars spent because of the foot and mouth disease, has just been made by the Department of Agriculture. For a number of years through the State livestock sanitary board it has carried out a Spring vaccination against anthrax and blackleg and State Veterinarian C. J. Marshall has notified all the veterinarians of the State and all stock owners upon whose premises either anthrax or blackleg has existed in recent years, that the vaccination cannot be carried on by the State agents this year. The department, however, will supply the materials for vaccination to qualified veterinarians.

Vaccination is strongly urged by the State livestock sanitary board, and stock owners who desire protection are urged to get into touch with a qualified veterinarian who in turn must notify the State livestock board of the names and addresses of owners of stock wishing protection and the number of cattle to be vaccinated. Veterinarians receiving supplies must submit reports of all work and the results obtained. The vaccinations carried on by the State in former years have saved the stock owners thousands of dollars. Were it not for the vaccinations, particularly those against anthrax, it would be impossible to use many good pastures in this State that are permanently infected.

AS WE GROW OLDER

our minds are quite as active as in former years but our strength does not respond when we need it most; perhaps the kidneys are weak, the liver torpid, rheumatic pains or stiffened joints beset us, and we cannot easily throw off the colds that winter brings. What we need is the rich cod liver oil in Scott's Emulsion to renew the blood and carry strength to every organ of the body, while its glycerine soothes the respiratory tract, and its hypophosphites strengthen the excitable nerves. Scott's Emulsion is a scientific oil-food, of unusual benefit to those past fifty years—particularly during the colder seasons, it imparts warmth and creates strength. One bottle will prove its worth. No alcohol or harmful drugs. Scott & Bowne, Bloomfield, N.J. 15-36

MILKMAN'S CHARIOT COMES TO GRIEF ON SECOND ST.

A bit of deserted wreckage at Second and Harris streets at an early hour yesterday gave evidence of the fact that a milkman had somehow come to grief. Lying on its side on the west side of the street, absolutely forsaken, and with one wheel off and the spokes shattered, horseless shafts, perforated floor where a milk can had apparently done damage, was a milkman's chariot which bore the name of the Pennsylvania Milk Products Company. This company this morning disclaimed any knowledge of an accident.

WESTMINSTER CHURCH PLANS TO REMOVE \$12,000 DEBT

Plans were started at a meeting of the congregation of the Westminster Presbyterian church, Rely and Green streets, to liquidate the indebtedness of the church within the next three years. The present debt is about \$12,000. The campaign will be started early in March. According to the Rev. E. E. Curtis, pastor, it is planned to burn the last bond on or before March 1, 1919.

INCOME RETURNS MUST BE IN

Collector Davis of the Ninth Internal Revenue District of Pennsylvania to-day called attention to the fact that Wednesday, March 1, is the day upon which income tax returns are required by law to be in his hands. Failure to make returns within the prescribed time makes the delinquent party subject to a penalty of from \$1,000 to \$10,000.

TO ELECT A TRUSTEE At a meeting of the creditors of Morris E. Smiley to be held March 3 in the offices of Federal Referee John T. Olmsted a trustee in bankruptcy will be selected.

LAYMEN'S BOOSTER LUNCHEON Pastors and committees at work on the Laymen's Missionary Convention to be held in Grace Methodist Episcopal Church on March 12-14 will lunch and confer together this evening at 6.15 o'clock in the First Baptist Church. Laymen from Reading will speak of the good of the convention in that city.

Waynesboro Trade League Protests on Freight Service on Cumberland Valley R. R.

Waynesboro, Pa., Feb. 25.—Pursuant to a resolution on the Trade-Union Waynesboro League, at a recent meeting, directing the secretary to communicate the very unsatisfactory freight service here by the Cumberland Valley railroad to the Chamber of Commerce of Philadelphia, and to advise that body that by reason of these conditions the local trade was being rapidly diverted from Philadelphia to Baltimore, secretary I. G. Baird forwarded to the Philadelphia organization a letter covering all the details of the matter.

"HOME BAKE" FOR BIBLE CLASS

Dauphin, Pa., Feb. 25.—A "Home Bake" will be held by Mrs. Blanche Robinson, at her home in Erie street, to-morrow afternoon and evening, beginning at 2 o'clock. Ice cream, cake, coffee, sandwiches and salads will also be for sale and the proceeds will be for the benefit of the Bible class of the Presbyterian Sunday school, which is taught by Charles Shaffer.

MINSTREL SHOW POSTPONED

The annual minstrel show given by members of St. Mary's Church was postponed from Wednesday to Tuesday evening, February 29, on account of the death of Bishop Shanahan.

MARRIAGE ANNOUNCEMENT

Dauphin, Pa., Feb. 25.—Announcement has been made of the marriage of Raymond Bowman, son of Mr. and Mrs. Henry Bowman, of Speeceville, to Miss Alice Bertram, of Williamsport, at Sunbury, on Friday, February 18.

CLEANSE THE KIDNEYS AND ENJOY LIVING

Backaches, Headaches, Lumbago and Rheumatic Pains Disappear Before New Remedy.—A Great Success.

Did you ever stop to consider that ninety per cent. of the diseases that human flesh is heir to are preventable? Do you realize that most of the painful and comfort destroying diseases such as lumbago, rheumatism, pains, backaches, headaches, etc., may be caused by acid crystals in the kidneys? Eminent medical authorities agree that the kidneys must always be kept clean in order to maintain life and health. The best advice for this is to drink plenty of good water, eat lots of fresh vegetables and always keep the filtering walls of the kidneys free from clogging impurities. You cannot force water through rubber, neither can the kidneys strain the poisonous impurities from the blood if they are coated with waterproof acid crystals.

Solvax. Solvax aims to dissolve the clogging matter on the kidney membranes, passing it out of the body in the urine. Then the pure, healthy blood can pump through the body washing all poisonous waste before it. You'll be surprised how quick the uncomfortable pains and aches vanish; how the eyes brighten, the back straightens up and life once more looks sweet and rosy.

A new discovery for keeping the kidneys free from uric acid is meeting with remarkable success. It is called

Try Solvax to-day. You are cheating yourself out of your full enjoyment of life if you don't help your kidneys do their work properly. H. C. Kennedy or any other reliable druggist have Solvax. It is inexpensive, harmless and very easy to take. Always sold on a guarantee of satisfactory results or money cheerfully refunded. Just give your kidneys a chance and see the difference.—Advertisement.
