

THE RIGHT NOW

Winter is really here. You are constantly catching colds and there is not a home but hears the winter cough.

"We are trying to get something to relieve you of these troubles, which are almost inevitable at this time of the year. It can be safely said that nine-tenths of the people have a cold sometime during the winter. There is one remedy which will prevent colds and cough and relieve them with certainty when contracted. This remedy is Peruna. Taken with regularity during the winter months, it will entirely prevent colds, coughs, la grippe, bronchitis or pneumonia.

You cannot afford to run these dangers. It will mean a hardship to you if you are laid up for the winter. Why not insure yourselves against these troubles by securing a bottle of Peruna and commencing regular treatment? It will mean that winter will not be as dangerous to you as if you had not fully protected yourself by the use of Peruna.

Have you tried Peruna Tablets? They are fine for those who prefer them to the liquid.

REAL ESTATE

TODAY'S REALTY TRANSFERS Among today's realty transfers were two properties in Reed township which were bought by the Northern Central Railroad from Edwin N. McCarty. The considerations were \$1,950 and \$2,500. Other transfers recorded included: D. E. Tracy to J. H. Patton, 1326 North Third street; C. L. Long to Richard J. 2625 Susquehanna, St. Victoria A. Albright to C. H. Lytle, Penbrook, Pa.

CHURCHES PLAN CHANGES

Two rumors which were discussed in reality circles to-day, but which could not be confirmed, death with the probable improvement in the weather. The Messiah Lutheran and the Tabernacle Baptist churches. The report that the Messiah Lutheran was once more considering the purchase of the Tabernacle Baptist Church could not be confirmed.

Nor could the story be verified to the effect that the sale of 507 North Sixth street by S. G. Goto to Luther Minter was negotiated with a view to establishing a paragon for Messiah Lutheran Church.

ARREST SWINDLER

H. M. Gibson, Newark, N. Y., was arrested last night by Officer Wiesman after he had been identified as a middle business man in the city by using the old "change game."

Here's New Vigor For Overworked Stomachs

Hundreds of the best druggists who have been in the drug business long enough to have their own opinion of the best way of selling medicines, say the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest they ever heard of. The Mi-o-na people don't believe that a medicine ought to be paid for unless it does the user some good. And so Mi-o-na is always sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with your druggist, and if after you have used the box of Mi-o-na, you decide that it has done you no good, all you have to do is to tell him so and he will return your money. Hundreds of people can tell how they have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change of color will be seen after the first few doses of Mi-o-na and its continued use will soon give the power to eat most anything and to time and not suffer distress at all.

Mi-o-na is sold under a positive guarantee to refund the money if it does not stop all stomach distress. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attendant evils. Use Mi-o-na and see how much more there is in life. Get it from H. C. Kennedy or any leading druggist in this vicinity.—Advertisement.

SENATE RATIFIES HAITI PROTECTORATE

Existing Protectorate Confirmed; U. S. May Intervene to Preserve Order

Washington, Feb. 29.—The Senate yesterday afternoon, without division or amendment and after comparatively little discussion, ratified the convention establishing a United States financial and police protectorate over the Republic of Haiti. The treaty also has been approved by the Haitian Congress and its terms virtually are in operation under the eye of a strong marine expedition.

P. O. Appropriation Bill Is Passed in the House

Washington, Feb. 29.—Over bitter and persistent opposition the House last night passed the annual Post Office appropriation bill with its provisions for substituting a space basis for the present weight system of paying railroads for carrying mails and providing any increase in the existing limit of fifty per cent. for parcel post packages. The measure carries appropriations aggregating \$221,000,000 to operate the postal system during the coming year. The proposal to have the rates fixed by the Interstate Commerce Commission was defeated.

Governor and White to Attend Towanda Meeting

At the meeting to be held at Towanda March 1-3, Governor Brumbaugh and Chairman H. V. White, of the State Agricultural Commission, will outline to the farmers of Northern Pennsylvania the attitude of the present administration toward the upbuilding of agriculture within the Commonwealth.

This is the sixth annual meeting which has been held in Towanda under the joint auspices of the Towanda Board of Trade and the farmers of Bradford county. The agricultural department of the Lehigh Valley Railroad company will cooperate with the administration toward the upbuilding of agriculture within the Commonwealth.

At the evening meeting Congressman McFadden will speak on rural credits. D. K. Sloan, manager of the farm bureau; F. R. Stevens, agriculturist of the Lehigh Valley Railroad, and representatives of State College will also participate during the two days following.

Admiral Asserts Big Navy Should Be Rushed

Washington, Feb. 29.—New construction for the navy should be hurried this year only by the country's facilities to build, Rear Admiral Austin M. Knight, president of the Navy War College, told the House Naval Committee yesterday.

Admiral Knight said that battle cruisers and scouting craft were the things needed vitally to make the present fleet of dreadnaughts effective. The facilities of the country could be strained immediately, he said, to provide at least six battle cruisers and eight scouts. Nine battle cruisers would be better, he thought, but with six and 25,000 additional tons the navy would be in efficient shape within two or three years, within the limits of its numbers.

As a part of the 1917 program, the admiral urged that Culebra Island, off the eastern end of Porto Rico, and the farthest outpost on the road from Europe to the Caribbean, should be made an impregnable fortress, where the fleet might be based. Guam, in the Pacific, he thought, should be similarly equipped, and each base should have a huge floating dry dock.

Maurer Is on Socialist Ticket For President

Chicago, Ill., Feb. 29.—A referendum vote to nominate candidates for President and Vice-President of the United States on the Socialist ticket will begin to-morrow. It was announced to-day by Walter Lammont, national secretary of the party, here.

TO GET MARKETING DATA

The State Commission of Agriculture to-day named M. E. Bushong and M. T. Phillips members of the commission to begin to-morrow its work of gathering data relative to improvement of marketing conditions in the State. The commission is planning to bring about closer relationship between farmers and the centers of distribution. Plans were also discussed for changes in the orchard and other demonstration work of the department which may be undertaken this Spring.

STEEL SMASHES ALL RECORDS

(Continued From First Page)

country reveal strong efforts to improve and extend existing plants with the prophecy that the productive capacity of the United States will have been increased by 1917 at the rate of four million tons annually. Apart from the direct effects of the European war the industry has been given a tremendous impetus by the orders placed of equipment for the land and water transportation companies which are almost swamped by an unprecedented volume of traffic.

It is estimated that since January 1, contracts for railroad equipment and for steamships calling for 900,000 tons of steel at a cost of \$126,000,000 for construction have been let. The orders booked by the car shops alone are valued at \$48,500,000 and locomotive builders have accepted contracts involving a total of \$19,500,000.

DIAZ KNOWN TO HAVE LEFT U. S.

Sailed From Florida Feb. 18 to Start New Revolution in Mexico

By Associated Press

Washington, D. C., Feb. 29.—The murder of Grover C. Varr, an American, at Otiropa, west of Durango, was reported to-day to the State Department. No other details were given.

Torreon, Coahuila, Mexico, Feb. 29.—An American hotelkeeper named Harris has been hanged by bandits at Sombrete in the State of Coahuila, Mexico, reported to-day. Harris had lived in Sombrete for forty years.

Bandits are reported to have looted the ranch of John Kramer, an American, at Otiropa, west of Durango City. Kramer with his American employes are said to have saved their lives by hiding.

Washington, D. C., Feb. 29.—Reports to-day to the Department of Justice said General Felix Diaz, who hopes to start a new revolution in Mexico, left the United States on February 18 on a ship bound from Tampa, Fla., to Tierra, in the state of Vera Cruz, Mexico.

Agents of the bureau were busy to-day watching the thread of the reported Diaz plot in various sections with a view to checking any effort to send him arms or ammunition. All centers of Mexican activity are being watched. Whether Diaz is in Mexico was still unknown to-day at the State Department.

The new traffic regulations and the rules for the traffic squad will become effective to-morrow morning. The eighteen men picked for traffic duty by Captain of Police Joseph P. Thompson have been drilled thoroughly and given complete instructions.

GENTLE RUBBING HELPS VARICOSE VEINS

Rubbing the swollen veins nightly for about two minutes with a gentle upward and penetrating stroke, the blood, and is mighty good advice, says an authority. The rubbing, which should always be toward the heart, because of blood in the veins flows that way, apply Emerald Oil (full strength) with brush or hand.

Try this simple home treatment for a few days and improvement will be noticed, then continue until veins are reduced to normal. It is very convenient and penetrating and can be obtained at any modern drug store. It is so powerful that it also reduces Gottrich's Wens. All druggists have Emerald Oil in the original bottle and will be glad to supply you.—Advertisement.

If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET AND REDUCE YOUR WEIGHT WITH OIL OF KOREIN

Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs is hindered thereby. The action becomes weak, work is an effort and the beauty of the figure is destroyed. Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

city is willing to receive them before they formally petition to be annexed. The section includes that district extending from Twenty-third and Market streets all the way out to Penbrook and from the borough line northward to Herr street. With this section as a part of Harrisburg, the admission of Penbrook would be but another step. The people of Pleasantview, Mr. Bowman explained, and eager to take advantage of the better lighting, water, street paving and other improvements which they can obtain at no greater taxation than they pay at present.

Other Problems to Come Up "Hardscrabble," the jitney regulations as framed up by the Jitney chauffeurs and the city treasury audit specifications—all problems that were to have been taken up yesterday—will be discussed at the informal conference.

Council to-day met only long enough to adjourn as Commissioners Lynch and Gorgas were both out of the city.

Meals Opposes Action What action council will eventually take on the proposed annexation resolution providing for the vacating of the properties May 1, is problematical although it is generally understood that the measure will be adopted by the council.

MAN AND WOMAN GIVE UP SKIN TO SAVE MRS. ROWE Mrs. Barbara Rowe, of Liverpool, underwent the second of a series of skin grafting operations at the Harrisburg Hospital this morning. Physicians removed small portions of skin from the bodies of two volunteers and grafted the cuticle to the scalp of Mrs. Rowe. Ralph Dare, 1822 North Second street, Harrisburg, has agreed to keep her name secret sacrificed skin in an effort to save the woman's life.
