New York, March 2.—Gains were largely cancelled before the end of the first hour, Washington advices regarding international conditions inducing fresh selling.

Alcohol yielded much of its advance and Petroleum, Marine pfd., Eric and Northern Pacific were lower. Metals were affected by cables stating that drastic steps had been taken to prevent speculation on those products abroad. There were various items of favorable import, including the review of Democratic business conditions by the Federal Reserve Board but there were ignored. Trading was wholly professional and diminished materially, but prices hardened again at midday. Bonds were firm.
