THE DODO

The Dodo in life was a very foolish bird and in death it has had a varied experience. Indeed, for quite two centuries the world believed that the Dodo had never really existed, that he was a myth, pure and simple, and it required the most active efforts of scientific men to restore the belief that the Dodo ever was.

The 1902 Coal Strike

lasted for six months. During the time of the strike in some sections of the country it was impossible to get coal at any price. Here in Harrisburg consumers were lucky to get their supplies in 500-lb. lots and then it was not always possible to send the kind desired. Every indication points to a more serious coal strike this year than in 1902. Many foreigners have gone home to fight and many more have been drawn to the steel mills by the lure of high wages. We are seriously advising our customers to lay in an ample supply of coal this month while good quality coal can be secured. No one can tell what prices will be after April 1, 1916.

"Well, I Should Say 'Gets-It' DOES Work"

"Look a' There, If You Don't Think It's Just Wonderful For Corns!" "Bless my stars, look at it! Land of the living! Why, just look at it! That corn came right off—just like peeling bananas. Put your finger on my toe, right there—don't be afraid—that's it—feel how smooth the skin is? Well, that's where the corn was. Well, that beats all!" That's the way "Gets-It" works on all corns, every corn, every time. It's the new, simple way of curing corns. You'll say goodbye to all foolish contraptions like sanding, hanging, sticky tape, plaster, toe-eating, knives, and gravers, diggers such as knives, razors and files. "Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair. For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 ozs. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp.—Advertisement.
