ASTHMA

Simple Harmless Remedy Brings Quick Relief. Many cases of immediate relief and rapid recovery from Bronchial Asthma of long standing and other diseases of throat and lungs are being credited to a discovery made by Dr. Eugene Howard of Worcester, Mass. Dr. Howard's prescription, which is totally different from all usual methods of treatment for these afflictions, is called Oxidize and comes in the form of a tablet which the patient allows to dissolve slowly in the mouth. It is called Oxidize and enters every crevice of the irritated bronchial membranes, releases the spasm of the bronchial tubes, opens up the air passages and regulates the spasmodic lung action. These tablets, though pleasant to the taste, are so powerful and rapid in their action that many users who for years were obliged to sit up in bed gasping for breath and unable to sleep report that they now put a single Oxidize tablet in their mouth when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep. G. A. Gorgas Drug Company and many other local druggists who handle Oxidize tablets sell on the positive guarantee of money back if it does not give immediate relief.

FRATERNITIES STAND FOR ONE OF HIGHEST DUTIES--HOME PROTECTION--GOVERNOR TELLS ROYAL ARCANIAN

The third annual banquet of Harrisburg Council, Royal Arcanum, was held last evening in Chestnut Street hall. The banquet was a great success, more than a hundred and fifty members and their families and friends being present.

Governor Brumbaugh paid high tribute to the Royal Arcanum and other similar fraternal organizations, as standing for one of the highest duties of citizenship, the protection of the home. He spoke of the influence of these fraternal organizations, in extending the spirit of fraternity, as one of the most powerful forces in our democracy.

The Rev. F. T. McFaden's address was an enthusiastic, intelligent representation of the high aims of the Royal Arcanum and other similar fraternal organizations, and emphasized the fact that these orders exist because of the adies, and that if there were no women and children dependents there would be no such fraternal organizations with their vast contributions of funds for the relief of misery and distress.

The last address of the evening was made by L. R. Geisenberger, of Lancaster, who enlivened the occasion with a number of good stories, well told, and with concrete data as to the work of the order.

Regent F. T. McFaden, D. D., Richmond, Va.; Past Supreme Regent F. B. Wilkerson and wife, Steelton, Pa.; Grand Regent of Pennsylvania, R. Geisenberger and wife, Lancaster, Pa.; Chairman Committee on Laws, Jacob Weimer, Carlisle, Pa.; Edward S. Manning and wife, Newville, Pa.; C. H. Dunn, New York City, and Mr. and Mrs. Harold Hanson, New York City.

MAULFAIR WIDOW WINS THE AWARD

First Important Compensation Case in Harrisburg Is Decided Today

Compensation for the death of Noah Maulfair, fatally injured while making a delivery of merchandise after store hours, this city, was allowed to his widow, Mrs. Annie Maulfair, to-day in a formal decision by E. K. Saylor, referee in compensation for this district. The award was filed at the office of the State Compensation Bureau and will stand as a precedent for the whole State unless appealed to the board.

Maulfair was employed by S. A. Brunner, grocer at 1300 North Fifth street, Harrisburg, and on January 10, while delivering some butter after 8 p. m., in the central part of the city, was struck by a jitney and fatally injured. He was acting as a driver in furtherance of his employer's interests and the referee upheld that contention notwithstanding a determined legal battle at a hearing held here recently. Lawyers and employers all over the State were interested and the decision was eagerly awaited.

SEEKS MISSING BROTHER George P. Rider, of Colvin Station, Syracuse, ew York, has written to the local police department, asking them to aid in search for his brother, Charles Mortimer Rider last heard from while in this city.

JUDGE BRUMM HAS WIRE BALLOT BOX

Shows It to the Governor in the Course of Discussion of Election Laws

Judge Charles N. Brumm, of the Schuylkill county courts, who has been sitting in hearings of alleged election fraud cases in his county, came to the Capitol to-day to discuss ballot reform with Governor Brumbaugh and brought along a wire ballot box that looked like a bird cage and was guaranteed to allow daylight to shine on the ballots.

The judge has been investigating election conditions in his county and his visit here was to make some suggestions to the governor who has been seeking views of judges and others on election laws, especially relative to the count of votes and custody of ballots. The judge's ballot box was viewed with much interest on the Hill.

Auditor General Powell to-day showed to the Governor the State's record and voucher book for 1796 which has just been resurrected from some-archives in the basement of the Capitol where they had lain for years. The books are being sorted and put in better storage. One of the vouchers was for \$20 and was drawn merely to the order of "John."

Jonas A. Jury, of near Millersburg, was to-day appointed justice for Upper Paxton township, Dauphin county. Chairman W. D. B. Ainey, of the Public Service Commission, has accepted an invitation to address the telephone society of Harrisburg on March 29. He will talk of Japan and illustrate the talk from photographs taken by him.

Representative J. G. Dell, Huntingdon, to-day filed a petition to be candidate for Republican renomination, William H. Deppen, Sumbury, filed a petition to be candidate for Republican State committeeman from Northumberland county.

Sidney A. Hagerling was to-day appointed first lieutenant, battalion adjutant and quartermaster and assigned to the State Signal Troops in orders issued by National Guard headquarters.

The Highspire Water Company case, set for hearing by the Public Service Commission on Tuesday, has been postponed.

FOX MAKES PLEA FOR HARMONY

through a plea for party harmony throughout the nation. "At the last presidential election the Republican party went down to defeat and he because of unfortunate differences among its members. The years of Democratic administration, until the economic and industrial advantages came to this land because of the war among the nations, have demonstrated the misfortune which resulted to the country from those differences which occurred in the party.

NEWPORT THRIVES UNDER "DRY" REGIME

time on record drafted and endorsed to the Perry county court a resolution praying that Newport be kept in the "dry" column another year. "Not only the actual members of the council, but the secretary, treasurer and burgess also signed this paper, showing the desire of the borough fathers in the matter.

No doubt this significant move was made from the fact that the council thought it was for the town's best interests. From a monetary standpoint, at least, it seems that No-License Newport is a gainer. The revenue from licenses accruing to the borough amounted to \$225, whereas the actual members of the council, but the police force cost the borough \$600. Under the present temperance conditions the latter has been done away with. Since the town is dry the lockup is hardly ever used for prisoners, but funds are provided for unfortunate way-farers to spend a night in the hotel that formerly harbored the maudlin "drunks" every evening.

The consensus of opinion is that business has not dropped off. The trade of a certain element who need their "biters" may go to neighboring "damp" centers, but none of the businessmen seem to miss this sort of business, whereas those who remain are in position to buy more of life's staples. Most merchants feel further that it is a low basis on which to consider the license question, believing that even if they must use a little business on an account of closed bars, they realize that the present condition is for the good of the town, and with few exceptions are anxious that it remain so.

Longest Session of Liquor License Court Concluded at Last

With the hearing this morning of argument on the remonstrance against John F. Snyder, wholesale liquor dealer of Middletown, for re-licensing of his establishment, the Dauphin county courts concluded a two weeks' session of liquor license court.

Since February 18 both President Judge Kunkel and Additional Law Judge McCarrell have been sitting daily to hear testimony on remonstrances against the re-licensing of nearly a score of old privilege holders and the application for a new one. The battle that was fought out by the combined efforts of the city churches and the No-License and Law and Order Leagues of Dauphin county, based largely on the unseemable conditions that were discovered in many of the wineries of local hotels in the course of a sweeping investigation by representatives of the two leagues.

With the opening of court to-day, the judges heard the argument on the remonstrance against Samuel Fishman's request for a license at the Hotel Leaning at a new one. Snyder contended that the negro looked like a man of 25 or 26 years of age. The attorney for the objectors said he thought it only fair that the youth should be brought in so that the court could see and judge for itself as to the man's age.

While the court did not indicate when a decision could be expected on the legal circles that no opinion would likely be handed down before next week.

EIGHTH RALLY TO C. E. WORKERS

State Convention Gets Another Boost at First Baptist Church

The eighth rally of the series of Christian Endeavor meetings was held last evening in the First Baptist Church, this city. The program was full of interest and valuable information to endeavor workers.

H. S. Pressler, vice-president of the committee, presided. Music was sung by members of the Harrisburg Christian Endeavor Choral Union.

Rev. R. L. Meisenholder, chairman of Junior and Intermediate work for the State C. E. convention to be held in this city July 11-14, spoke on the progress of the committee work. The rally during convention week promises to be the best ever held at any convention of the kind.

The "booster song" entitled "Harrisburg, 1916" was sung and Charles S. Meek, chairman of ushers' committee, spoke on "Boosting the State of Pennsylvania." He said: "If any endeavor delegates attended the State convention at Wilkes-Barre four years ago, it cost them approximately \$4 or \$5, and at Uniontown, two years ago, \$18. It will only cost \$1.00 to attend the Harrisburg convention. That is economy. You will want to wear a badge and march with a host of endeavorers from the point of view. We also should have a conscience and be an expert Christian Endeavor. Our society and city needs expert Christians."

C. Dean, president Harrisburg C. E. Union, announced that the series of rallies was only a beginning of greater work for the State convention. The eight rallies were successful and much credit is due to the hustling vice-president, J. C. Crider, and Ross H. Derrick, of the uptown district; E. W. Stout, Steelton district; Lewis P. Markley, West Shore district; D. Shettle, West Shore, north district; Millard Hess and Charles S. Ulrich, Hill district.

Uncle Sam's Postal Employees Must Pay Work Tax to Vote

Federal employees in the postal or railway mail service who own no property and therefore pay no State or county tax, must pay an occupation tax in Harrisburg if they wish to register to vote, according to a decision to-day of Dauphin county's board of assessors.

The problem was put up to the board by Elmer E. Fouse, 18 South Nineteenth street in a letter calling attention to the recent decisions of the Erie and Perry county courts which held that the United States postal laws, employees in the mail service are exempt from payment of any occupation tax.

PALE SCHOOL CHILDREN

This is the time of the year that school children grow pale. Confined indoors, for many hours a day, studying at night, perhaps, deprived of much out-of-door exercise, their blood grows thin. Compare your child's complexion with what it was last summer. Probably you have not realized how thin the blood was getting because the change was so gradual.

HOW TO GET STRONG

A Simple Remedy. Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store. Here is proof from Dorchester, Mass. "I don't know what we would do without Vinol in our family. I was weak, nervous and run-down as the result of an operation, and Vinol restored my strength. Then Grandmother had a nervous breakdown, and Vinol built her up and restored her health and strength after everything else had failed. We have used Vinol for 13 years in our family, and would not be without it in the house." Myrtle L. Healy, Dorchester, Mass.

We believe in Vinol because we know it is a great strength creator—due to the extracted medicinal elements of fresh cod livers with oil, combined with peptonate of iron and beef peptonate, all dissolved in a pure medicinal wine, so we always return the purchase money if Vinol fails to benefit those who buy it. Hindoo Secret Banished It So It Never Returned After Electricity and Many Depilatories Had Failed

LET ME HELP YOU ABSOLUTELY FREE

Until nearly middle age I was sorely troubled by hideous Superfluous Hairs. My face was a sight with a heavy moustache on my lip and a tough beard on my chin. My arms were also heavily covered. Finally, my husband, an Officer in the British Army, secured from a Native Hindoo Soldier (whose life he saved) the closely guarded secret of the Hindoo Religion, which forbids Hindoo women to have even the slightest trace of the closely guarded secret of the Hindoo Religion. I used it and in a few days my hair-growths had entirely disappeared. To-day not a trace of it can be found.

I will send Free and without obligation to any one, full information and complete instructions so that you can completely and completely destroy all trace without having to resort to the dangerous electric needle.
