

ROTE IN LINE-UP AGAINST HAZLETON---BENNY KAUFF NOT WITH NEW YORK GIANTS

KAUFF REFUSES TO TAKE ORDERS

Is Not With Giants; Must Report Before April 12 to Keep in Game

Special to the Telegraph New York, March 4.—New York was a clearing house for three major league clubs yesterday when representatives of the New York Giants, Boston Braves and Philadelphia Nationals gathered here and embarked on journeys to their respective training camps in the warmer regions of this country.

Notwithstanding the many reports to the contrary, "Bennie" Kauff elected not to pay attention to the orders to report for spring training, and therefore was not on hand to travel with the Giants, who left this morning. This oversight automatically costs Kauff \$100, a fine stipulated in each contract to cover this offense.

Should Kauff continue to ignore the offers and orders of the Giants until after the opening of the season, April 1, he, according to the National League constitution, must be placed upon the ineligible list. This means that Kauff will be "blacklisted" as far as organized baseball is concerned. He is considered part and parcel of the New York baseball club and as such it will be impossible for him to dicker with any other organization under the national agreement.

This does not worry Kauff to any degree, according to his own statement. At his hotel he said that he had received orders to start for Marlinton, but that he ignored these orders because he did not recognize the right of the Giants to issue any such commands.

ROTE WILL PLAY WITH LOCAL FIVE

Returns From Tyronne This Morning; Hazleton Assures Regular Line-up

Harry Rote, whose absence was felt in the game last Saturday night, when he played with Central High at Lancaster, will be with the Independents in their game against Hazleton tonight. Rote went with the Central boys to Tyronne last night, but while the rest of the team will go to State College, he will return to Harrisburg this morning.

Hazleton will bring the line-up to Harrisburg which they are using in the Pennsylvania State League games. In Herman and McKelvy they have a pair of forwards which will keep the local guards on their feet. The two teams will line up as follows:

MORE SETTLERS WANTED

ers have their own ideas as to how the situation should be handled. Many of them do not believe that the arid lands still open to entry can support a farmer. Six hundred and forty acres of such land will only run about forty or fifty cattle, and that is not enough for a family to live on, even in this day of high beef prices.

The National Wool Growers Association recommends that the Interior Department classify all the land left open into two classes—that suitable for agriculture, and that suitable for grazing. The former should be parcelled out in whatever size units are necessary to support homesteaders, and the latter withdrawn from entry entirely, to be leased for grazing purposes.

On the other hand, the States with public land in them have a strong sentiment in favor of homesteading as much land as possible. If 640 acres will not support a family, they say, then give them 1280. The western States want homes, they want taxable property developed, and new citizens to throw their interests in with those of the section. All the legislation in favor of the grazing homestead has originated with Western Senators and Representatives. The present 640 acre bill was introduced last year by the late Mr. Ferguson of New Mexico, and this year by Mr. Taylor of Colorado—both States with immense tracts of public land.

Tech Freshmen to Play Williamstown High Tossers

Tech High Freshmen will line up tonight in the school gymnasium against the Williamstown High School five. WELLY'S CORNER

None of the local teams figured in scholastic league games last night, but Central gained in the Central Pennsylvania race through Reading's victory over York. There are three more games on the local schedule. Central plays Reading, Steelton and Tech, all at home. Three victories will bring the first championship to this city. The score last night was: Reading 32, York 23.

Steelton left the cellar position in the Central Pennsylvania Scholastic league last night, taking a game from Lebanon; score, 24 to 19. It was an easy victory and one that must not be overlooked by the Central quintet. The next game in Harrisburg between Coach Gaffney's five and the local tossers promises some excitement.

An interesting game on tonight's schedule is expected in the meeting of the Hassett girls and Temple University co-eds, of Philadelphia. The local girls have been winning many laurels this season, but in tonight's opponents have a team recognized as champions of the East. Victors in tonight's contest will have a strong claim on this season's championship for girls.

Jack Dunn and his International team will have a home at Baltimore. Yesterday a deal was closed giving the Federal grounds over to the Baltimore representatives. In closing the deal the backers of the defunct Baltimore Feds gave notice that they would fight for part of the money coming from the sale of players to the major leagues.

George T. Adee, president of the United States National Lawn Tennis Association, has invited thirty-four of the foremost women stars to vote on a date for the annual championship. There is a desire to change the time from June 7 to September.

A number of women paid 25 cents each yesterday to see Jess Willard train. They occupied seats in the gallery with 1,600 men who also paid admission. Willard and his manager are not losing opportunity to make some extra change.

According to members of the Baseball Players' Fraternity, the attention of the national commission will be called to the involved status of the contract held by James H. Johnston, of the Oakland club. The fraternity upholds this claim and will fight.

The Greystocks of the Eastern Basketball League won last night from Reading; score, 28 to 22. This victory clinches pennant honors this year for the Philadelphiaans. Reading gave the Greys a hard chase.

Princeton tossers put a crimp in Yale's pennant chances last night, winning the game by a score of 24 to 19. The Tigers are now tie with Penn for first place. Princeton's passing was a big factor.

NO ADVANCEMENT OF STATE FUNDS

Attorney General Brown Decides Against Proposed System

The opinion given to Auditor General Powell yesterday by Attorney General Brown, in which he decides against the proposed system of advancement of funds to departments of the State government from appropriations, has attracted much attention at the Capitol.

The Attorney General says in his conclusion: "The act of June 2, 1915, contemplating a payment by the State Treasurer, out of the State Treasury, by way of advancement against a specific appropriation, and it cannot be held that money has been paid out of the State Treasury and is at the same time paid out of an appropriation and has not been paid out at all. Except for the act of June 2, 1915, there would be no warrant in law for any such advancement. That act requires that the advancement shall be paid out of the appropriation made to a department, bureau, etc. If there is more than one appropriation to such department, board or bureau, the advancement will have to be made out of and charged against a particular and specific appropriation or item of appropriation and the fund so advanced cannot be used for any other purpose than the particular purpose set forth in the items of appropriation.

You are therefore advised that the proposed method of drawing a general advancement, keeping account of it in the nature of an advancement account, and charging it against specific items of appropriation only when the vouchers are returned, is not in conformity with law, and could not legally be put in force."
