UNCLE SAM DOES NOT LIKE CHUTE

Courthouse Mail Receiver Is Popular Anyway—Custodian Peters Boosted

Merely because the brand new glistening mail chute just installed in the courthouse isn't of the regulation type approved by Uncle Sam, the regular mail collectors can not remove the letters, papers, etc., from the chute; someone must empty the tube, and carry the mail across the corridor to the regular mail box which is visited by the mail carriers.

The little evidence of jealousy on Uncle Sam's part, however, hasn't detracted a bit from the invaluable service the new chute has already proven to the courthouse officials and department heads and clerks alike said enough nice things about Courthouse Custodian "Charley" Peters, who is responsible for the chute, to make that official real chute.

NOT SICK ENOUGH, PERHAPS

Many people who need a tonic neglect it because they are not sick enough to cause them any worse feeling than one of fatigue and discomfort.

They do not realize that the decline in their health is so gradual that they, themselves, do not realize how far from normal they are until the pale face, weak nerves, languidness and irritability attract the attention of friends.

Even then a tonic is the right remedy. Dr. Williams' Pink Pills build up the blood and send renewed health and strength to every part of the body. The appetite is improved, the digestion is toned up, there is new color in the cheeks and lips, you worry less, become good natured where before you were irritable and you find new joy in living.

This tonic treatment is useful in dyspepsia, rheumatism, anemia and nervous disorders. In many cases it is all the medical treatment that is required. As a tonic for growing girls Dr. Williams' Pink Pills meet every requirement of the most careful mother.

Free booklets on the blood, nerves and diet will be sent on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or they will be mailed on receipt of price 50 cents per box, six boxes \$2.50.

Suffered the Agony of a Dozen Deaths

Prominent Farmer in Canada Describes His Recovery and Escape From the Operating Table.

In a letter to friends at Saskatoon, Mr. F. Gifford, of the Ball Rock Farm, Maymont, Saskatchewan, Canada says: "Thanks to Fruitola and Traxo I am alive. I lay on my back for sixteen days, suffering the agonies of a dozen deaths. I began taking Fruitola and was relieved of a great many gallstones. My health is now fully restored."

Fruitola possesses properties that act directly upon the intestinal parts. It is a great system cleanser, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and quickly expels the accumulation to the great relief of the patient. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It serves to build up and strengthen the weakened, run-down system.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgas, the druggist, 16 North Third St., and P. R. R. Station.

Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Sentinal Remedies Company 503 Union Central Building, Cincinnati, Ohio.

BANDITS WHO ROBBED BANK IN CHICAGO ARE CONVICTED

Chicago, March 6.—The four bandits charged with robbing the Washington Park National Bank of \$15,000 recently, were found guilty. Deliberations of the jury were brief.

At 81 He's Mighty Fond of Young Great-grandson

H. S. REAMER
81 To-day and His Youngest Great Grandchild, Charles Lester Mutch.

If the weather's nice when H. S. Reamer, one of Marysville's best-known citizens, finishes the chores 'round the house this afternoon he'll probably celebrate his birthday by taking young Charles Lester Mutch for a stroll.

To-day, 'tis true, is Mr. Reamer's birthday and that is the chief reason why he is getting his picture in the paper. But there's another reason for it and if the photograph itself doesn't explain satisfactorily, the purpose is mentioned at the end of this story.

Mr. Reamer who received and is still receiving congratulations, is the proud father of seven children, twenty-five grandchildren and five great grandchildren. Now for the real reason for the picture:

Mr. Reamer is only eighty-one years old to-day. And the youth he is carrying in his arms is his youngest great-grandchild, Charles Lester Mutch.
