DETROIT THANKS DR. BRUMBAUGH

Board of Commerce Sends Formal Expression of Appreciation of His Address

Governor Martin G. Brumbaugh has received a letter formally tendering him the thanks of the Detroit Board of Commerce for his address before that body on his visit in the Michigan city. The Governor spoke before the chamber on the day following the addresses before the Pennsylvanians in Detroit and the National Educational convention.

Walter C. Cole, secretary of the ways and means committee of the Chamber, writing to the Governor says: "In behalf of the officers and directors of this organization I wish to thank you for your courtesy in addressing the members of the Detroit Board of Commerce. We have heard only words of the highest praise of your very interesting address and the very able manner in which you handled your subject and sincerely hope that we will have the pleasure of having you as our guest at some future date."

Following Up Measles.—State Health officials are following with close interest the numerous reports of outbreaks of measles and grip and the unusual after effects of these two diseases which are constantly being heard of. The measles outbreaks have been notably severe in several cities of the State and it is believed the total for the month of February will run very high. Reports of ear troubles following grip are numerous.

The Financial Reports.—Considerable stir has been created over the Hill by the request of the new State Economy and Efficiency Commission in calling on each department for a statement of its expenditures and the close of each month showing how much was spent for salaries, traveling and other expenses and the authority therefor. It is believed that studies of conditions in the State government will be considerably advanced by this information and the amounts expended for traveling and contingent expenses more rapidly ascertained.

The Engineers' Report.—Assurance has been given to members of the State Engineers' Commission by Governor Brumbaugh that he will seriously consider the report just filed with him recommending State licensing of engineers and technical men engaged on any public work. The report contains the results of nearly three years' study, the suggestions of men prominent in engineering and business in the State and hearings held by the commission, being considered at the Capitol the most complete work of the kind ever made by a State commission.

Capitol Hill Notes

Twenty indicted.—State Game commission officials to-day stated that 20 justices of the peace throughout the State were awaiting trial on the same charge as those on which Justice Hayes Schenck, of Howard township, Center county, was convicted at Bellefonte. It is alleged that these men have been forging probates on claims for bounties. Thousands of dollars are alleged to have been lost to the State by their practices.

New Bank.—The Citizens' State Bank of Salisbury, Somerset county, was chartered with \$25,000 capital to-day by S. J. Rinsler, W. M. Knecht, John M. Wright, George G. Engle, John P. Miller, Daniel D. Otto, James Harding, F. F. Petry, Elk Lick; John A. Knecht, West Salisbury.

Named Justice.—Robert G. McKee was appointed justice for McCandless township, Allegheny county, to-day.

Complain on Meter.—An interesting information complaint has been filed with the Public Service Commission by R. T. Yowmans, of Williamsport, who declares that the Williamsport Gas Company, has refused to install a quarter meter.

Contracts Let.—State Highway Commissioner Cunningham to-day awarded the contracts for the remaining five road machines to be added to the State equipment. Three machines are to be furnished by the Gallion Iron Works, Gallion, Ohio, and two by the J. B. Company, of Indianapolis. This makes the equipment of road machines 200, 100 having been bought this year.

Pope Again Raises His Voice For Peace

Rome, March 6.—Pope Benedict again has raised his voice for peace. In a special letter, written for the Lenten season, the pontiff says he cannot sit silent, indifferent to the terrible conflict which is rending Europe.

He recalls all that he has done to induce the contending nations to lay down their arms, virtually throwing himself between the belligerents and conjuring them, in the name of the Almighty, to desist in their plan of mutual destruction.

NEWS OF STEELTON

MAY ASK MONEY FOR PLAYGROUNDS

Sentiment Favors Inclusion of Item in Big Loan For This Work
Whether or not to submit the question of a big municipal improvement loan to the voters of Steelton at the primaries in May will be decided by the borough council at its meeting this evening.

The proposition to float a loan of \$50,000 to the voters for street paving as introduced into council by E. C. Henderson, chairman of the Highway committee, at last month's meeting. A. J. Sellers, of the town property committee, backed the plan of floating a loan for motorizing the fire department.

To-day it was intimated in municipal circles that the loan will be made to include at least \$10,000 for playground and park extension. If this item is included, it was intimated, the board will also consider the proposed loan and work for it at the polls.

For several years back sentiment favoring the establishment of playgrounds and park extension has been growing in the borough and the Municipal League at this evening's meeting will ask council to appoint a superintendent of parks and playgrounds to get the park and playground movement into definite form. It was also intimated this morning that the league wishes.

Prominent members of the league this morning expressed the belief that this would be a good opportunity to crystallize the playgrounds sentiment by submitting a loan to the voters. It is probable that the league representatives will ask council's consent to this plan at the meeting to-night.

The ordinance granting the Pennsylvania railroad the right to cross Franklin, Conestoga and Trewick streets in the borough was proposed new freight spur into steel works, will likely come up for final action to-night. The measure is on third reading and has been held up for some time to permit the Highway committee to obtain several concessions from the railroad.

The Ladies' Aid of St. John's Lutheran Church will meet to-morrow evening in the home of Raymond Sultzberger, North Front street.

The Rev. G. N. Lauffer is delivering a series of interesting addresses on Luther's catechism in St. John's Lutheran Church Wednesday evenings at 7:45.

PRE-LENTEN EVENTS
Opening this evening with a big ball in the German Quartet Club hall, Front and Washington streets, and continuing until Ash Wednesday the pre-Lenten season in the borough will be featured with a number of social events. To-night's affair includes a musical program by the singers of the German club and addresses by prominent Germans of Harrisburg and Steelton.

To-morrow evening dances will be held in Croatian and in Kreiner halls by various societies of the foreign colony.

MIDDLETOWN

To Turn Rewalt Building Into Modern Apartment

It was learned on good authority to-day that owing to the great scarcity of houses in the borough at the present time, the rooms in the Rewalt building in Union street, formerly occupied by the now defunct Middletown Athletic Club will be turned into modern apartments.

Estimates have been asked from different contractors on the cost of converting the now idle rooms into two separate apartments and it is likely that actual work will be started in the near future.

Never before in the history of the borough has the housing question been so acute and the real estate agents say that if fifty more dwellings were available at the present time they could easily be rented.

IDENTIFY BODY
The body of Harry Wood was claimed by relatives on Saturday and the funeral services were held yesterday morning at Good's meeting house. Burial was made in the cemetery adjoining the church. The Revs. Brinser and Landis officiated.
