### Has Faith In Remedy

Mrs. H. S. Carlson of Wakefield, Nehr., testifies to the relief she experienced from the use of Fruitoia and Traxo:

"I used Fruitoia and Traxo with very good results, having passed almost a cupful of gall-stones with the first bottle. My skin is clear now, and I have a good appetite. I have lots of faith in Fruitoia and Traxo."

Fruitoia is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural manner.

For the convenience of the public, arrangements have been made to supply Fruitoia and Traxo through representative druggists in Harrisburg they can be obtained at Gorgas, the druggist, P. R. R. Station.

### Y. M. H. A. Ladies' Auxiliary Plans Large Benefit Ball

## WHAT THE SHOPS ARE SHOWING

Even while the snow is on the ground, Spring millinery is tempting femininity, and the Astrich Store, Fourth and Market streets, is showing some delightfully pretty models with the "something different" in their creation that appeals to the well-dressed woman.

Comparative Qualities It has often been said that all things are comparative, in this world. That which is good for one is bad for another. The quality that makes one article desirable, makes another undesirable. For instance, while novelty and newness is just what one wants in a hat or a pair of shoes, stability and years of satisfactory service, on the other hand, are the qualities that make a furnace desirable.

The Vogue For Spats The vogue for spats seems to be increasing rather than diminishing and the well-dressed woman who likes to economize will find in this vogue an opportunity to have the equivalent of two pairs of shoes at the price of one.

For Rough, Wrinkled, Freckled, Pimpled Skin

As March winds, flying dust and dirt, are apt to injure any complexion, this information will be of special value right now. If you have any cutaneous blemish, don't use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's much easier to remove the disfigurement with ordinary mercurized wax. Applied nightly, the wax will gradually remove freckles, pimples, moth patches, sallowness, red or yellow blotches or any surface eruption. The affected cuticle is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for one ounce of mercurized wax and use this like you use cold cream. Remove in morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results.

Stomach Trouble Due to Acidity

Stomach troubles such as indigestion, wind and stomach-ache are simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation and to neutralize the acid, a teaspoonful of disaturated magnesia, probably the best and most effective corrector of acid stomach known should be taken in a quarter of a glass of water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation and neutralizes the acidity in a few moments. Disaturated magnesia can be obtained from any druggist. It enables the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.

## SERVICE

Household Coal 60c A Ton Increase

The coal miners have made a demand for 20 per cent. increase in wages.

An advance of 20 per cent. in wages will increase the cost of mining the domestic sizes of coal about 60 cents per ton.

The cost of producing all sizes of coal is the same. Sixty per cent of the coal mined is used for domestic purposes and 40 per cent for steam.

Any advance granted the miners will be added to the cost of mining domestic sizes. The steam sizes are sold in competition with Bituminous coal and no increase in price is anticipated on steam coal for this reason.

We are advising our customers to put in a supply of coal to last them, at least, until warm weather.

United Ice & Coal Co. Forster & Cowden Hummel & Hubbery 15th & Chestnut Third & Boas Also Steelton, Pa.
