

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUERRING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice,—it will be confidential.

Tender Teeth—the first sign of Pyorrhea

When you brush your teeth, does it feel as though you were brushing against the quick? Do the gums sometimes bleed? This is because pyorrhea has caused the gums to pull away from your teeth, leaving the unenamelled surfaces unprotected.

Your dentist will tell you, if you ask him, that you have gum recession; and that gum recession is caused by pyorrhea.

Unchecked, pyorrhea will warp and shrink and deform the gums. It will break down the bony structure into which the teeth are set—and you will eventually lose them. To save your teeth you will have to begin to fight this dread disease at once.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco your druggist today; or send 4c in stamps or coin for sample tube and folder. Address: The Sentanel Remedies Company 503 Union Central Building, Cincinnati, Ohio.
