

Indigestion May Be Due to Constipation

Neglect of Important Function May Seriously Impair The Health

There are many people who believe they suffer from indigestion when their discomfort really is due to a constipated condition.

Bloat, with its attendant mental depression, sick-headache, the belching of sour stomach gases, etc., are frequently due to inaction of the bowels. Relieve the congestion and the trouble usually disappears. The use of cathartics and purgatives should be avoided, however; these shock the system unnecessarily and, at best, their effect is but temporary. A mild laxative is far preferable.

The compound of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores for fifty cents a bottle, is highly recommended. Mr. Benj. Bassin, 360 Madison St. Gary, Ind., thinks Dr. Caldwell's Syrup Pepsin a wonderful medicine; for four years he had a severe case of indigestion and constipation before trying Dr. Caldwell's Syrup Pepsin, which he is glad to recommend to all who suffer with stomach and bowel trouble.

A bottle of Dr. Caldwell's Syrup Pepsin should be in every home for use when occasion arises. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

TRIBUTE FOR PUBLIC WORKS BOARD SERVICE

Commissioner Gross and his sentiment was endorsed by the Council and Commissioners Bowman and Lynch. Mr. Gorgas was one of the original members of the board.

Flowers for the Board

In accepting the resignations of the board, Council, on motion of Mr. Lynch, passed a resolution which "records the thanks of the citizens of Harrisburg to the members for their unselfish and voluntary devotion to their duties, whereby they have faithfully expended upward of \$1,250,000 during the past twelve years, embracing the existence of the board and their predecessors in office, in perfecting the sanitation of the city and beautifying its landscape."

"It is as little as we can do," said Mr. Gorgas, "to thus express our appreciation of the faithful service of these gentlemen on behalf of the citizens of Harrisburg. In all their handling of these vast sums not once has the finger of scorn been directed toward them as to the manner in which they handled the funds entrusted to them or to the way in which the affairs left to their charge were managed. And this, I believe, is a high commendation for what flowers we may; not to wait to place them on their graves."

Report Dates Back to 1902

Although the report covers the entire history of the public improvements of Harrisburg, dating back to the organization of the first board on January 21, 1902, it is concise.

Reference is made to the personnel of the first board, which was composed of Dr. Spencer Gilbert, Mr. Gorgas and A. Carson Stamm. The former served until 1906. Mr. Stamm, who resigned in 1905, was re-elected in 1906 and served until October 14, 1907. On July 29, 1908, William Jennings, A. C. Stamm and D. E. Tracy were elected.

Mr. Tracy served until March 5, 1914, and on January 14, 1908, J. Thompson became a member, succeeding Mr. Stamm. The last board consisted of Messrs. Thompson, Tracy and J. William Bowman, the latter having been elected November 29, 1912, to succeed Mr. Jennings. On March 5, 1914, Mr. Tracy resigned, which left Messrs. Thompson and Bowman as its members. Mr. Bowman was elected to the board in 1913 and completed the term of J. W. Lynch, superintendent of streets and public improvements.

Spent More Than Million and Quarter

Through the past twelve years a total of \$1,234,184.26 was expended on the various improvements of the city.

Tribute to the co-operation of Mr. Lynch is paid to the board in referring to the construction of the river front wall across the gap at Market street.

"Because of certain complications," says the report, "for a time it looked as if the gap at Market street would remain, leaving the work in an incomplete condition, but through the interest taken by William H. Lynch, superintendent of streets and public improvements, money was provided, Council and this work finished. Otherwise the usefulness and beauty of this great wall would have been greatly marred."

The Recommendations

The board also recommends the closing as early as possible of the gap in the Paxton creek improvement invert left open after the lowering of the big water mains at State street, the completion of the river dam, and the construction of a concrete invert for Astoria run, in the upper end of the city, similar to the one provided for Paxton creek. The board extends its thanks to Council and other officials, the newspapers and the city engineering staff for their services.

Among the recommendations referred to were the following:

The Expenditures

Construction of the filter plant, \$224,229.67; improvement of sewage pipes, including dam in Wildwood park, Paxton creek interceptor, \$365,024.23; dam in Susquehanna, \$82,757.44; Mulberry street viaduct, \$286,848.47, with additional \$25,000 for western approach; Misch run and Eighteenth street sewers, \$55,000; Paxton creek improvement, \$110,120.09; river front wall, \$323,841.53.

In conclusion, the board points out how these improvements have made Harrisburg a more modern, sanitary and beautiful city.

An ordinance authorizing the paving of Twenty-second street from Market to Chestnut; Bellevue road, Twenty-first to Pentwater; Twenty-third, Market to Chestnut; Hillside road, Bellevue to Chestnut; Twenty-second, Chestnut to Bellevue road; Holly, Eighteenth to Norwood, with the same type of light traffic paving as had been put down on other streets in Bellevue Park, was introduced by Mr. Lynch.

Conference To-morrow

Council postponed action on the Gorgas ordinance authorizing the transfer of interest funds for the liquidation of the city bonds. A conference on the subject will be held to-morrow afternoon between the City Commissioners and the Sinking Fund Commissioners. These measures were passed finally.

Permitting Pennsylvania Railroad to build an additional track across the Herr street subway; striking ten feet from Holly street; changing widths of Hillside road and Holly street.

A letter from William A. Wieseman, asking Council to consider his claim for damages in the widening of the Second street subway, was referred to the City Solicitor.

NEWS OF STEELTON

PREPARE PLANS FOR THE CHURCH FIREMEN WILL HOLD MEMORIAL

St. Mary's Parish to Have Handsome New Edifice in Near Future

Plans are now being completed and bids will be asked in a few weeks for the erection of the new church edifice for the congregation of St. Mary's Croatian Catholic Church, South Second street.

The Rev. Father Anthony Zuvich, pastor of the parish, and chairman of the building committee, is in touch with A. A. Reiter, Sixth and Court streets, Reading, the architect, who will have specifications completed in a short time.

The new edifice will be built on the foundations erected about ten years ago in South Second street, adjoining the present church. It will cost about \$25,000 in addition to the cost of the foundations, and will be a thoroughly modern and up-to-date structure.

Since Father Zuvich has been rector of St. Mary's the parish has greatly increased its membership and extensive improvements have been made to the buildings and a new school has been started. It is the rapid growth of this institution which has made it necessary to build the new church.

Arrangements have been about completed for the first annual memorial service of the Steelton Volunteer Fire department to be held in the high school auditorium Sunday afternoon at 3.30 o'clock.

Among the principal speakers will be Frank E. Wickersham, assistant district attorney of Dauphin county; Dr. G. W. Berntheisel, of Columbia; Burgess Fred Wigfield, ex-Chief John E. Shupp. The uniformed firemen will march to the auditorium in a body. Admission will be by ticket only and these may be obtained from any fireman.

Chairman Shupp and the committee in charge have been working hard to make the service one of the most impressive of the kind ever held in the borough. An interesting program has been prepared. It follows: Selection by organ, Frank Armstrong, director; prayer by the Rev. J. M. Shoop, pastor Grace U. E. Church; vocal duet, "Whispering Song," Mrs. C. H. Megare and Miss Carrie Lawrence, accompanied by Miss Florence Finger; roll call of the dead, Joseph Bricker; solo, "Keep, O My Spirit," Miss Martha Armstrong, accompanied by Harry Trawitz; song, "America," audience; benediction by the Rev. G. W. Lanfer, pastor St. John's Lutheran Church; orchestra.

Steelton Snapshots

To Commence Activities.—The Steelton Canoe Club will meet at the home of Earle Lloyd, 29 South Fourth street, on Friday evening to plan the summer's activities.

Announce Birth.—Mr. and Mrs. Silvanus Roden, 231 North Harrisburg street, announce the birth of a daughter, Mary Ann, Saturday, March 12, 1916.

Colonel Hutchison Back.—Colonel Joseph B. Hutchison, chief of the Pennsylvania Steel Company police, has returned from the Fountain Hotel, Ashland, where he underwent an operation.

MIDDLETOWN

Burgess Recommends Motor Fire Apparatus

The Middletown Borough Council met last evening. The election of Maurice Cain, of the Rescue Hose company, as chief, was confirmed. His assistants will be P. M. Black, of the Union Hose Company, and William Koons, of the Liberty Engine Company.

The executive board of the Cumberland Valley Volunteer Firemen's Association obtained permission to take charge of all concessions and privileges during the big convention to be held in Middletown July 4 and 5, subject to the approval of Burgess Thomas W. Jordan. The board also agreed to furnish any extra police that may be required.

Burgess Jordan declared that the borough was urgently in need of better fire protection and urged Council to purchase each of the three fire companies an auto truck. An ordinance granting permission to the York Haven Power Company to run a line to the plant of the Middletown Car Company was passed on second reading.

No action was taken on the ordinance made by the Park Commission that the borough purchase four acres of ground adjacent to the borough park. Burgess acted as solicitor. John R. Geyer and Councilman Samuel Kruppa were chosen to represent the borough at the convention of boroughs to be held in Harrisburg.

TO MAKE PLAYGROUNDS

At the regular meeting of the Middletown School Board last evening, it was decided that the baccalaureate sermon to the members of the graduating class be taken on Monday, May 21, in the Methodist Church, at which the grammar school commencement take place on Friday, May 19, in the Methodist church.

The school board asked and obtained permission to use the rear of the yard at the High School as a municipal playground during the summer months.

MIDDLETOWN NOTES

The Sophomore class of the Middletown High School will hold a class dance in the Rescue hosehouse Friday night.

The Middletown Auto Club will meet Thursday evening at the office of A. H. Luckenbill.

Mr. and Mrs. John W. Henry, of Rehrton, who were married a week ago, were tendered a kitchen shower by a number of friends last evening.

Mr. and Mrs. Richard Schaeffer, of Wagon street, have returned from a visit to Mechanicsburg.

H. Doutrich returned home yesterday from a business trip to New York City.

The Squara Gun Club of Town and the Highspire Gun Club will hold a shoot on Saturday afternoon on the local grounds. A large number of sportsmen are expected to be present.

FRANTZ FUNERAL

Funeral services for Edward S. Frantz, who died Friday evening, were held this afternoon at 2 o'clock at the Frantz home, 163 Main street. The Rev. William B. Smith, pastor of St. Mark's Lutheran church, officiated and burial was made at Hummelstown.

ENROLL NOW

Precinct assessors will sit at their regular places to-day and to-morrow to enroll all voters for the primaries in May. Every voter must enroll if he wishes to vote at that time. The assessors sit from 10 in the morning to 6 o'clock in the evening.

Assures Navy Program Favorable to President

Washington, March 14.—President Wilson's program of naval expansion is favorable to the navy bill, Mr. Padgett told the President that the hearings probably would be ended in two weeks.

Representative Padgett assured the President that a working majority of his committee favored substantial strengthening of the navy and that he expected no trouble in getting through the House a naval program to meet with the approval of the administration. Thomas A. Edison, with other experts, will urge the necessity of a great laboratory here, for working out naval problems.

Captain W. S. Sims, of the battleship Nevada, told the committee today of the need of immediate construction of eight or nine battle cruisers.

He also told of the danger of attack on an American fleet by an enemy's swift-moving torpedo boat destroyer.

He also told of the prime necessity of a policy of promotion by selection for the grades of lieutenant, lieutenant commander, commander and captain, so as to put younger men in command of ships.

This Is the Birthday Anniversary of—

GEORGE B. TILLOTSON
719 North Sixth street. He is manager of the L. C. Smith and Brothers Typewriter Company, with headquarters at 211 Locust street. He is one of Harrisburg's hustling young businessmen, and just now a busy man telling about the "Silent Smith," because of his wide acquaintance, he stood business aside at intervals today, to receive congratulations.

Will Open National G. O. P. Headquarters in Chicago

Chicago, Ill., March 14.—Republican national headquarters for 1916 will be opened at a downtown hotel here next Sunday, it was announced today. James E. Reynolds, secretary of the national committee, will occupy the headquarters suite on that day and business will begin in preparation for the June convention.

Chairman Charles D. Hillis will be in Chicago Monday, when the subcommittee of the national committee is to meet. The question of the temporary chairmanship of the convention is said to be the major question for decision by the subcommittee.

GERMANY READY TO MAKE AMENDS

[Continued From First Page.]

cause American Consul Osborne at Havre reported that the ship was torpedoed without warning, this report was based on statements of American survivors. Officials are inclined to entertain the possibility that the ship might have been struck by a mine, but the case is being investigated further.

Philadelphians On Board

To-day the State Department received another report from Consul Osborne which made no mention of

the cause of the sinking, merely saying the vessel was unarmed, carried a cargo of grain and no passengers. Of the crew of 17 members only three perished. He also reported the names of three of the seven Americans aboard the ship as John Hartman, Philadelphia, and John Van Galen and Henry Monahan, addresses not given. Hartman is in a hospital with a fractured hip. The other three are enroute to New York aboard the steamer Takandrier, due to arrive here April 1.

London, March 14.—A Reuter dispatch from Christiania, says it is reported there that the Norwegian government has asked Germany whether a German submarine torpedoed the Norwegian bark Silius which, with seven Americans on board, was sunk last week off the French coast. If the Silius was thus torpedoed the dispatch says, an explanation of the conditions under which the attack was made is requested.

Will Sidetrack Bills in Favor of Army Measure

Washington, March 14.—In keeping with the President's desire to have all preparedness measures rushed through Congress, the house rules committee to-day appointed a subcommittee to confer with Speaker Clark on side-tracking all other bills after the passage of the free sugar repeal in favor of the army bill. An agreement was expected before night. If the plan carries, the army bill may be before the House by Friday.

The immigration bill now is slated to come up for discussion before the army bill and any attempt to postpone consideration of the former is expected to encounter objection from Chairman Burnett, of the Immigration committee, and other friends of the bill.

Besides appointing the subcommittee, the rules committee drew a rule to provide 24 hours' debate, and night sessions on the army bill.

CLEAN SCALP MEANS HEALTHY HAIR

"Cleanliness of the scalp is a custodian of the hair's longevity," says Dr. C. Henri Leonard, M. A., M. D., the well known authority, and probably every medical writer will agree with him that cleanliness of the hair and scalp will soon do away with the necessity of having to use hair restorers to maintain the beautiful natural gloss and fullness so admired in luxuriant hair.

Women's hair especially seems to be affected by dirt and oil. Here is a suggestion well worth trying to show how you may not only keep your hair beautiful, but also ward off any danger of its becoming scanty or losing lustre. Into the palm of the hand pour a little Parisian Sage; wet the hair roots thoroughly with it and rub vigorously into the scalp until a soft tingling sensation comes stealing over the head. Try this regularly for a few days and you will surely be pleasantly surprised at the results.

The genuine Parisian Sage may be secured at H. C. Kennedy or at any first class drug store. It is inexpensive and very pleasant to use. Parisian Sage is absolutely guaranteed to contain no harmful chemicals and the above named store will supply you with an absolute guarantee of satisfaction or money back.

WEDNESDAY SPECIALS THAT MEAN SAVINGS

To reduce Special Stocks we have marked for Wednesday several lots of goods at prices much less than wholesale cost. If you read these items very carefully and note extreme low prices for Dependable Merchandise, it will pay you to take advantage of this SPECIAL WEDNESDAY SALE.
