

WHAT CAUSES COLDS?

This question is asked every day. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

If cross, bilious, sick, feverish, or full of cold, take no chances.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

STENOYPISTS ORGANIZE

Stenotypists of Harrisburg and vicinity met at the School of Commerce, 15 South Market Square, last evening, and organized a local chapter of the National Association of Stenotypists.

President, Russell B. Stambaugh, Harrisburg; vice-president, Chas. H. Shultz, Middletown; secretary, Frances Sutton, Lemoyne; corresponding secretary, Pearl Geisinger, Harrisburg; treasurer, William E. Kuring, Middletown; executive committee, Harold W. Wister, Harrisburg; Eva L. Nye, Palmyra; Ollie Leone Kramer, New Cumberland; and Esther Reed, Harrisburg.

SCHOOL OF COMMERCE SOCIAL

The first of a series of educational meetings was held recently at the School of Commerce, 15 South Market Square. An address was made by Flavel L. Wright, general agent for the Northwestern Life Insurance Company. Others who participated were:

Miss Mildred Etter, piano solo; Leo J. McCormick, recitations; Misses Esther Wasson and Almeda Swartz, piano duo; David Burns, extemporaneous speech; Heister Culp, "A Little Excitement."

To Keep Your Skin Free From Hairs

If you are willing to spend a few minutes' time in your room using a delicate paste, you can easily banish any ugly, hairy growth without discoloration, or injury. The paste is made by mixing some water with a little powdered delatone. This is then spread over the hairy surface and after about 2 minutes rubbed off and the skin washed.

What Causes Tuberculosis?

In the opinion of many medical authorities, tuberculosis is aided, if not actually caused, by a loss of lime from the system. Where there is a deficiency, the lungs are apt to become "medicinally," says Dr. J. W. Carhart, of San Antonio, in the May, 1913, issue of "Medical Progress."

To supply these salts often is difficult, since in some forms they are not easily assimilable. An alternative, however, calcium (lime) is so combined with other valuable ingredients as to be assimilated by the average person and this, in part, is due to its purity. "We make no boastful claims, but many cases of tuberculosis apparently have yielded to it," writes Dr. Carhart.

This Happy Wife

Wishes to tell you FREE HOW SHE STOPPED Her Husband's Drinking Write to Her and Learn How She Did It For over 20 years James Anderson of 123 Oak Ave., Hilltown, N. Y., was a very hard drinker.

His case seemed a hopeless one. He was a married man and his wife in their own little home, gave him a very good time. She tried this remedy on her brother and several neighbors. It was successful in every case. None of them were drunkards who had touched liquor and she had done it.

She now wishes everyone who has drunkness in their homes to try this simple remedy for the feeble sure that it will do as much for others as it has for her. It can be given secretly if desired, and without cost. She will gladly and willingly tell you what it is. All you have to do is write her a letter asking her how she cured her husband of drinking and she will reply by return mail in a sealed envelope. She will send you a little card and will send you a letter which will help you to get your name and full address plainly.

Write to: Mrs. Margaret Anderson at the address given above, asking her to send you a little card and will send you a letter which will help you to get your name and full address plainly.

PRECEDENT CASE COMES UP SOON

Maulfair Appeal Will Have a State-Wide Bearing

Officials at Capitol GOVERNOR TO SPEAK Leaves Tomorrow For Scranton; News Found About the State Capitol

The Maulfair compensation case appeal which is now before the State Workmen's Commission is being argued within a fortnight as there is State-wide interest in the decision owing to the effect, Senator E. E. Beideman, who is in charge of the appeal, is preparing the papers and the idea is to have the hearing next week on the following week. The case will set a precedent.

In all probability the Board will sit in Scranton and Wilkes-Barre to hear argument in some respects. They are to be taken soon by attorneys and will be important for the coal regions. To-morrow the Compensation Board will meet in Philadelphia for several conferences. It will be here the following week.

Interest in Conference. — State-wide interest is being taken in the conference called by the Governor for March 23 to discuss ways and means for reduction of accidents in industries. The experts of the Department of Labor and Industry have classified the accidents for January and February by type, to show areas where some steps must be taken to bring about improvement in conditions. Some of the biggest men in the State are expected to come for the meeting. Next to the coming conference of borough officials in April, which has also been called by the Governor, this meeting will be of great importance.

No Judge Yet. — Governor Drumbaugh has not yet selected the judge to succeed Judge Ralston in Philadelphia. The name of John Monaghan, the public service commissioner is being suggested by many men.

One Cent Payment. — The smallest payment of State tax made in many months was received. At the State Treasury to-day. It amounted to one cent and was a balance due on some bank stock tax by savings bank. The procedure in the case of this one cent was the same as though a million dollars had been paid. The State frequently receives tax as low as ten cents or twenty-five, but this is the first one cent payment in a long time.

After "Bleachers" — Orders have been issued by the State Department of Agriculture for the prosecution of any persons or firms engaging in the process of "bleaching" flour or selling flour so treated in this State. Investigations of reports that plants are engaged in "bleaching" flour.

Bounties Fall Off. — Payment of bounties for scalps of noxious animals or birds approved for February February has been held until next January when \$12,000 was approved. This is attributed to the killing of many fur-bearing animals and to the weather conditions prevailing during the winter.

The State's Bank. — A bulletin issued by the State Department of Agriculture shows relative rank of Pennsylvania in various crops. The Keystone State stands sixth in production of wheat, eighth for corn, fourth for oats, twentieth for corn and sixth for potatoes. It ranks sixteenth for the number of horses and mules.

Honor for Crichton. — Thomas A. Crichton, cashier of the State Treasury, February which made hunting difficult, has been elected president of the Tioga Bar Association.

Returned After Illness. — Judge J. F. Whitworth, corporation clerk of the State, returned to his duties at the Capitol after an illness from grip.

Discussed Cases. — Horace W. Davis, deputy attorney general, was at Pittsburgh yesterday in conference with District Attorney Hume regarding the bucket shop cases in Western Pennsylvania. Mr. Davis will represent the State at the hearings.

Board of Accounts Meets. — The State Board of Accounts spent considerable time yesterday on various claims and the famous Harmony case was up for a time.

Visiting Oil City. — F. Herbert Snow, chief engineer of the Public Safety Commission, is in City looking into the grade crossing bridge problems. He was invited to inspect by the mayor of the city.

Bought Altoona Bonds. — The State Insurance Fund has just bought \$50,000 of bonds from the State Fund permanent investment. Over \$100,000 has been invested.

RAILROAD RUMBLE

WORK ON SIGNALS, MOVING SLOWLY

Freight Tie-Up BOOSTS EXPRESS

Both the Adams and American Express companies report an unusual rush of business to and from Harrisburg, as a result of the freight congestion on the Pennsylvania railroad, and Pennsylvania and Reading Railway. Numerous large shipments are being made by express because more prompt delivery is assured, than by freight.

CAR SHORTAGE IS RAILROAD REPORT

First Since November; Canada Is Also Badly in Need of Equipment

For the first time since November 1, 1913, the American Railway Association reports a net shortage of freight cars on the lines in the United States and Canada. The net shortage on March 1 was 20,551 as compared with surplus of 21,485 on February 1, 1916. The net shortage of 20,551 on March 1 last compare with a net surplus of 22,747 cars on March 1, 1915, which clearly shows the great change in traffic conditions as compared with a year ago.

On March 1 there was a net shortage of 29,273 of boxcars as compared with a net shortage of 9,416 on February 1, and there was also a net shortage of 5,831 coal cars on March 1, as compared with a net surplus of 595, on February 1.

Trouble in West. — The principal boxcar trouble in the west of Chicago and particularly in the northwest, West of Chicago the box car shortage increased 7,000 cars during March. It is because of this growing scarcity of boxcars in the west where they are needed to handle the grain, that the American Railway Association recently adopted a rule that eastern carriers must return to western lines 20 per cent more cars than they receive from the western roads.

Discipline Bulletins Tell of Many Rule Infractions

Discipline bulletins posted at DE office and signed by N. W. Smith, superintendent of the Middle Division of the Pennsylvania Railroad gives some interesting information. There were 52 employes censured for infractions of rules. One leaver was dismissed because he was off duty without leave. Two suspensions were made because of booze habits, and one was given two weeks for fighting on duty.

Railroad Notes

Harry Rice, a machinist helper in the local shops of the P. R. R. who was on the sick list, is in Pittsburgh.

E. O. Hesson, brakeman on the Baltimore division of the Pennsylvania Railroad, is ill at his home near York.

Harry H. Smith, flagman on the Philadelphia and Reading Railway, broke two of his ribs on Monday when he fell from his train. He is at his home in Reading.

A. T. Dice, general manager and vice president of the Philadelphia and Reading Railway Company, is spoken of as a probable successor to the late president, Theodore Voorhees.

Former G. O. P. Leader Found Dead in Barn Rochester, N. Y., March 15.—Fredrick C. Stevens, former state senator, was found dead in his barn at his home in Attica last night. Apoplexy is assigned as the cause of his death. He was 64 years old.

SENATOR SHIVELY DIES Washington, D. C., March 15.—Benjamin F. Shively, senior senator from Ohio, died yesterday at a prominent hospital here. He had been ill many months from a complication of diseases and for more than a year had been unable to perform actively his official duties. He was 68 years old.

A GIRL'S COMPLEXION Very few girls get through their teens without eruptions or pimples showing on their faces. These may be due to indigestion resulting from improper diet. If so they will quickly disappear when the proper diet is adhered to. If they are accompanied by pallor and listlessness you must look to the condition of the blood.

Because these eruptions on the faces of school girls are so common they seldom receive the attention from parents that they require. When they indicate thin blood or anemia there is a ready remedy in Dr. Williams' Pink Pills. These pills, free from harmful drugs, are purely vegetable and are a safe, sure way to build up the blood at a time when the demand on it is greatest. As the blood is made rich and red, fickle appetites become normal, lassitude gives way to vigor, the cheeks and lips show the glow of health and the whole system is toned up. The nervous system is invigorated and with proper attention to diet many dangers are averted.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y. The pamphlet, "Building Up the Blood," is free on request.
