

THE GLOBE Spring Fashion Display

The New In Apparel For Men

This Is Springtime—Seeing Time—Buying Time

THE call of Spring reaches practical man—and suggests New Clothes. Other seasons of the year are beautiful, but the Springtime is accepted by all as a general "Dress Up" occasion—for nature and for humans.

FOR a score of years—for twenty Spring seasons—THE GLOBE has sounded the keynote of Men's and Boys' Dress in Harrisburg. And again we are ready—splendidly ready to serve the thousands who we have been serving in the past, as well as thousands of others whose new business we anticipate—men who will appreciate Better Clothes and Better Clothes Service.

ALMOST a year ago, we began to provide the great stocks now assembled. The result—advantages in price, advantages in fast-color aniline dyes, advantages in beauty and variety of styles—they stand out in a most convincing manner in our New Clothes for Spring, which we now cordially invite you to inspect.

ORCHARD WORK TO START NEXT MONTH

State's Demonstrators Will Take to the Farms to Show Men How to Spray

PUBLIC SERVICE LIST Highspire Water Cases Listed For Next Tuesday; News of the State Capitol

The State's orchard demonstrators will start about April 1 to show people how to prune and spray and otherwise treat their trees so that they will not be bothered with being made up by State Zoologist H. A. Surface.

Dangers of Fumes.—The bulletin of the State Department of Labor and Industry calls attention to the dangers attending gasoline and other fumes which contain the deadly fumes of carbon monoxide, which is one of the worst of all the gases.

Many Prints Issued.—The State Department of Fisheries has issued over a score of blueprints for filtration plants to prevent stream pollution this week.

Mr. Black Here.—Frank S. Black, of Somerset county, a member of the State Commission of Agriculture, was here yesterday discussing political matters.

Judges Leave City.—The Superior Court judges left for their homes last night. The court will sit next at Harrisburg, when Public Service appeals will be heard.

Commissioner Here.—Water Supply Commissioner Kelsey was here yesterday. He is prominent in Clinton county affairs.

Case Goes Over.—The quo warranto proceedings against the Lancaster and Berks Railway Company were continued yesterday by Deputy Attorney General Hargest, it being shown that the company had not been incorporated for two years and that no attack could be made upon it until the expiration of that time for failing to do any work.

Public Service List.—The Public Service Commission will meet here on Monday with the application of the Pennsylvania Railroad for permission to lay water pipe in the bed of the old canal at Millersburg; applications for the South Mountain Street Railway and several Lebanon county electric companies for listing. The Highspire Water Company rates are due to come up Tuesday.

Commissioner Here.—Commissioner Jackson spoke at Reading today at the Housing conference.

Philadelphia Suburban Rates.—The Public Service Commission will hear the Philadelphia Suburban Gas and Electric Company rates next Tuesday.

To Speak at University.—Governor Brumbaugh will speak at the University of Pittsburgh on Monday. He will return here Tuesday.

Fund Climbing.—The State Insurance Fund policies have reached high figures. It is believed that 10,500 will be touched in April.

Many Big Men Asked.—Incidents to attend the Industrial Accident Prevention Conference to be held at the Capitol next Thursday have been sent by Governor Brumbaugh to virtually all executives of great industrial plants in Pennsylvania as well as to leaders in the ranks of labor. The program which is being arranged will be limited in the number of speakers; the purpose being to develop general discussion plans for the reduction of industrial accidents that threaten to injure 300,000 workers in this State during the present year.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach liver, bowels.

Give "California Syrup of Figs" if cross, bilious or feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mother! Look at tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrup. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires a constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease is driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your Druggist 1 ounce of Epsom salt, 1/2 ounce of Glycerine, 1/2 ounce of Boric acid, 1/2 ounce of Sodium Bicarbonate, 1/2 ounce of Sodium Chloride, 1/2 ounce of Sodium Sulphate, 1/2 ounce of Sodium Phosphate, 1/2 ounce of Sodium Nitrate, 1/2 ounce of Sodium Acetate, 1/2 ounce of Sodium Citrate, 1/2 ounce of Sodium Tartrate, 1/2 ounce of Sodium Succinate, 1/2 ounce of Sodium Malate, 1/2 ounce of Sodium Fumarate, 1/2 ounce of Sodium Oxalate, 1/2 ounce of Sodium Lactate, 1/2 ounce of Sodium Gluconate, 1/2 ounce of Sodium Citrate, 1/2 ounce of Sodium Tartrate, 1/2 ounce of Sodium Succinate, 1/2 ounce of Sodium Malate, 1/2 ounce of Sodium Fumarate, 1/2 ounce of Sodium Oxalate, 1/2 ounce of Sodium Lactate, 1/2 ounce of Sodium Gluconate.

DANGEROUS VARICOSE VEINS CAN BE REDUCED

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two-ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that it dissolves and carries away and causes them to disappear. It can always be secured at all druggists.—Adv.

Catarrh Blood Disease

Drive It From Your System.

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been a common practice to treat Catarrh with salves, washes and sprays applied to these parts. This mode of treatment cannot give permanent relief, and is liable to aggravate the trouble. Catarrh cannot be trifled with. If allowed to run on it will disease the bronchial tubes, settle on the lungs and affect the stomach—indeed it is a very serious disease. Don't treat it locally. The one treatment that has proven effective in the treatment of Catarrh is S. S. S., the greatest blood purifier and blood tonic known. It relieves the cause of Catarrh by renewing the blood, removing its vigor, giving new life to the red blood corpuscles and stimulating the flow so that it has the vitality to throw off the poisons and germs from the system. It is literally a food bath. You quickly feel better. It catches the poisons, gathering in the throat stops the nose, kills the germ. S. S. S. is a natural blood tonic and has proven effective in the treatment of all blood affections, Eczema, tetter, rash, Scrofula. Get S. S. S. at your druggist's. If you need expert advice write the Swift Specific Co., Atlanta, Ga.—Advertisement.

On Saturday night the degree team of Po-Ko-Son Tribe, No. 321, Improved Order of Red Men, will hold a masquerade social in the hall, at Third and Cumberland streets. Prizes will be given for the best costume, and refreshments will be served to the members.

PIPE BIDS WILL BE TABULATED

Highway Department Will Let Contracts For Large Quantities in a Short Time

Bids were opened at the State Highway Department this morning for contract pipe to be used during the coming season. Seven bids were read and ordered scheduled. It was announced that the awards would be made after the checking and scheduling had been completed. Two bids were rejected because of the manner in which they were prepared. The bids read and accepted were as follows:

Philadelphia Metal and Construction Company, Philadelphia; Concrete Products Company, Philadelphia; Pennsylvania Metal Culvert Company, Warrenton, Galion Iron Works and Manufacturing Company, Galion, Ohio (from Harrisburg office); Wheeling Corrugating Company, Philadelphia; Concrete Products Company, Pittsburgh; and L. S. Celsco and Son, Hillmore, N. Y.

The bid of the Newport Culvert Company, of Newport, Ky., was rejected because of a change made by them in the form of the bid, and the bid of the Good Roads Machinery Company, of Kennett Square, was rejected because it was not on the regular blank furnished by the department for bidders.

PREPARING NAVY FOR QUICK ACTION

Plans Made to Strike Promptly If Emergency Arises; Mobilization System Approved

Special to the Telegraph. Washington, D. C., March 17.—Rear Admiral Benson, chief of naval operations, told the House naval affairs committee in minute detail of the preliminary work of preparing the navy for an emergency.

The naval militia, he said, is being brought constantly into closer touch with navy ideas; merchant vessels are under inspection to determine what private craft would be immediately available in case of war, and each naval bureau is informed exactly as to what it would have to do with these vessels. Repairs which would make them effective would last from a few days to several weeks, he added.

Admiral Benson sounded a warning against adopting the submarine ideas of the present war.

"We have learned something from the European war," he said, "but we should not be led astray by the conditions under which the submarine

Admiral Benson sounded a warning against adopting the submarine ideas of the present war.

"We have learned something from the European war," he said, "but we should not be led astray by the conditions under which the submarine

warfare abroad is being carried on."

Admiral Benson said he had listed 2,021 merchant ships, power boats and other auxiliary craft which might be pressed into service in the event of war. He recommended enlargement of the navy personnel by 12,000 next year and said he thought about 8,000 men could be raised in event of war from the naval reserve and naval militia and about 16,000 from the ranks of those who previously have served and have been honorably discharged.

COFFEE LIMITED Berlin, March 16, via London, March 17.—Much interest has been aroused in Berlin through the announcement of the first instance of a limitation in the purchase of coffee, which has been put in force in a town in Brandenburg, where roasted coffee may be bought only in half-pound lots and unroasted coffee may not be sold at retail. In Berlin coffee prices have been advanced for some time and it is believed the foregoing housewives have laid in considerable stocks in anticipation of a possible limitation order.
