Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulator, it's great. It's a perroot of the old-fashioned may-apple plant, does not salivate. As a liver stimulator, it's great. It's a per-fect substitute for ordinary calo-mel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating — and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (po-dophyllin, iney call it) daily. Combined with four other stand-ard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Sentanel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it. These tablets are small, easy to take and are really wonderfal lit-tie performers. They quickly clean out the poi-sons that are causing you head-ache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue. They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write men-tioning this advertisement. The Sentanel Remedies Co., 802 Madi-son Ave., Covington, Ky.

you will need an extra supply of coal to tide you over ill warm weather. The supply is plentiful now — but! April 1 is the time when the present agreement between operators and miners expires. If they fail to come to an understanding there may be a tie-up at the mines resulting in a shortage of coal. Why not let Kelley fill your bins now and be on the safe side?
