

Behind the PACKARD TWIN-SIX

stand seventeen years' leadership in the production of highest-grade motor cars, unequalled factory equipment and experimental facilities, and the most exacting standards of quality in the world.

No other combination could have produced it.

The supremacy of Packard engineering is the logical result of Packard experience plus Packard resources.

CO-OPERATION IS TO BE SOUGHT NOW

Governor Will Outline Hope of Reducing Industrial Acci- dents in State

Important co-operative work for reduction of accidents in some of the industries of the State, notably those which have had a large proportion of accidents the last three months, is expected to be inaugurated to-morrow at the conference at the Capitol. The meeting, which will be presided over by the Governor, will begin at 10 and in addition to Commissioner Jackson, Samuel Gompers, Van Manning and others will speak.

At noon the Governor will entertain those in attendance at luncheon at the Harrisburg Club. In the afternoon the New York Central railroad's big film on safety will be shown. The conference will be more for discussion than reading of papers.

Among those who have sent acceptance are the following:

August Ziesing, president American Bridge Company; S. M. Vaulain, vice-president, Baldwin Locomotive Works; W. F. Roberts, vice-president, Bethlehem Steel Company; J. W. Rawls, second vice-president, The J. G. Brill Company; J. C. Davies, Cambria Steel Company; H. D. Williams, president Carnegie Steel Company; Robert E. Jennings, president Carpenter Steel Company; W. G. Besler, president Central Railroad Company of New Jersey; C. C. Ramsey, president Crucible Steel Company of America; S. C. Sims, vice-president and general manager The Delaware and Hudson Company; W. H. Truesdale, president Delaware, Lackawanna and New York Western Railroad Company; Frank Disston, president Henry Disston and Sons; L. A. Way, superintendent Duquesne Steel Foundry Company; Herbert Lloyd, president and general manager Electric Storage Battery Company; Clay F. Lynch, general superintendent H. C. Frick Coke Company; D. E. Tracy, president Harrisburg Pipe and Foundry Company; R. S. Hubbard, president Harrison Bros. & Company, incorporated; W. A. Luce, assistant general manager of Ellsworth Collieries Company; S. D. Warriner, president Lehigh Coal and Navigation Company; F. M. Chase, vice-president and general manager Lehigh Valley Coal Company; C. F. Huber, president and general manager Lehigh and Wilkes-Barre Coal Company; W. B. Dickson, secretary and treasurer Midvale Steel and Ordnance Company; Newell C. Bradley, assistant superintendent Midvale Steel Company; William J. Morris, president Morris and Bailey Steel Company; W. F. Wilmoth, National Eiscuit Company; S. Vardner, treasurer New Jersey Zinc Company; Col. J. M. Schoonmaker, vice-president Pittsburgh and Lake Erie Railroad Company; W. A. May, president Pennsylvania Coal Company; W. H. Myers, vice-president Pennsylvania Railroad Company; W. J. Richards, president Philadelphia and Reading Coal and Iron Company; Agnew T. Dice, president Philadelphia and Reading Railway Company; W. K. Field, president Pittsburgh Coal Company; J. W. Dougherty, president Pittsburgh Crucible Steel Company; D. P. Bennett, vice-president and treasurer Pittsburgh Steel Company; L. S. Wright, assistant Pressed Steel Car Company; Joseph E. Keen, Jr., president Standard Cast Iron Pipe and Foundry Company; E. H. Gary, United States Steel Corporation; James H. Maurer, president of Pennsylvania Federation of Labor; John T. Dempsey, district president, District No. 1, United Mine Workers of America.

Meat Prices to Soar 4 to 5 Cents a Pound

Meat prices may be boosted from four to five cents per pound before the end of the week, according to the local retailers and butchers.

During the last week or ten days there has been a noticeable advance in practically all kinds of beef, veal, pork and so on, and these prices will continue to soar. Most all meat today cost three cents per pound more than a week or ten days ago.

The wholesalers, of course, according to the retail dealers, are back of the boost. And the former blames this on the European war. Eastern shippers have been accustomed to expect their choicest supplies from the West, but during the last few months the pick of the western cattle has been snapped up by agents for the European armies. Naturally the more or less inferior cattle are left. Added to this is the poor corn crop and the interference of the Argentine meat shipments.

Five Hundred Attend Bard Co.'s Formal Housewarming

More than five hundred people yesterday and last evening attended public "open house" at the new factory of Bard & Co., manufacturers of piano-player actions, 921-925 Hemlock street.

Under the supervision of Charles E. Bard, president of the company, the visitors were taken through the mill and shown how the action of a modern player-piano is made from start to finish. Explanation of the various pneumatic valve actions was made by the company's experts and one of the latest models was kept busy playing the merry tunes of the moment.

The Bard company was incorporated several months ago and already has built up a good business.

The New Labor Law

The new Workmen's Compensation Act is now in effect. If you are an employer of labor you should be familiar with every phase of this most important piece of legislation. We are prepared to supply this act in pamphlet form with side headings for easy reference. Single copies 25c with very special prices on larger quantities.
